HERE'S A FAST NEW WAY

TO EARN 51/1% INTEREST ON IDLE CHECKING **ACCOUNT DOLLARS**

Sometime during the month you have excess dollars in your checking account doing absolutely nothing for you. By making a phone call to our Tele-Transfer Department, you can transfer those excess funds from your bank checking account into an Ann Arbor Federal Savings regular passbook savings account which will pay you an annual interest rate of 54% every day they are on deposit.

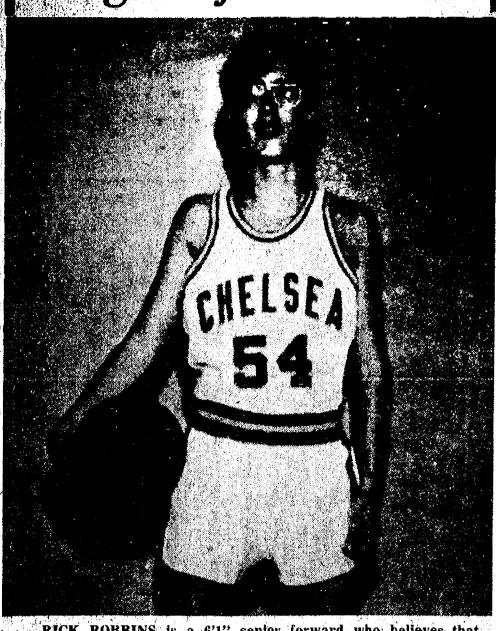

When you need funds to pay your current bills or to write other checks, simply call our Tele Transfer Department and we will transfer enough funds back into your checking account to cover the checks. AND there is no service charge whatsoever. The only stipulation is that each transfer in or out of your AAFS Tele-Transfer Account be for \$100 or more.

A Tele-Transfer Account may be opened with a minimum deposit of \$1000. They are available to all corporations, partnerships and sole proprietorships as well as churches, fraternal groups, associations and individuals. Stop in at any AAFS office and ask an officer about Tale-Transfer. The sooner you do the sooner you will be earning interest on those excess funds.

RICK ROBBINS is a 6'1" senior forward who believes that Chelsea's cagers will finish the season "at 18-2, and we'll win three or four tournament games. If anyone wants odds, they can call me Robbins, who played junior varsity basketball as a sophomore, also ran cross country for Chelsea this past fall. A member of the National Honor Society who was named to Who's Who of American High School Students, Robbins describes his future after high school graduation as "hazy." Coach Balistrere says of Robbins, "Rick had done a fine job for us this year with his good moral support, team attitude, and good hustle. He's a fine young man to work with." The son of Daniel and Barbara Robbins, he has one sister, Gayle, in the Navy, and two brothers, Mike, 13, and Scott, four.

TODAY'S THOUGHT

By LOUIS BURGHARDT

The legend of Lincoln carries on through the years. His words have been quoted more than any other man on the American scene. His were words of wisdom. His wisdom and in fact his basic strength most surely emanated from a spiritual source. He had unwavering, unashamed belief in God; a steadfast faith and profound love of God.

Remember his words when he left Springfield? "Without the assistance of that Divine Being, I can not succeed. With that assistance, I can not fail ... " And in his inaugural address "Intelligence, patriotism, Christianity, and a firm reliance on Him who has never forsaken this favored land are still competent to adjust in the best way all our present difficulty." Is not his thought applicable and sorely needed today for all of us, for leaders and followers alike? . . . BURGHARDT FUNERAL HOME, 214 East Middle St., Chelsea, Mich. Phone

"What can you get for making a great deal with The Dodge Boys? A check for \$300 from Dodge."

Joe Garagiola

Listen to ol' Joe G. I'm gonna tell you how to make the deal of a lifetime on the "Dodge of the Week." Right now, during the Car Clearance Carnival at the Dodge Boys.

Here's how:

Here's how:
Every week from now till February 16, the Dodge
Boys will pick one gorgeous Dodge as "Dodge of the
Week." Could be a Monaco. A Dart. A Coronet. Even a
pickup or van. Now you hustle down and make the
Dodge Boys give you their deal on that Dodge. Then,
find out how you collect your check from Dodge for at
least \$200. But there's more. Trade in the right car on
the "Dodge of the Week," and you get a \$100 trade-in

Visiting Lady Judge Observes Roof Damaged Procedurse in 14th Eistrict Court A portion of the roof of Bei

Monday and Tuesday of this week the traveling 14th District Court had a pair, of judges on hand: one the experienced, Judge Henry Arkison, presiding judge for the 14th District, and the other, a relative novice, Judge Patricia Costello, newly-elected to her post in the 1st District Court in Monroe.

Judge Costello was a participant in a program designed for new members of the judiciary, in which new judges observe procedures and cases in an experienced judge's courtroom. According to the Center for the Administration of Justice at Wayne State University, the program is designed to "provide the guest with a broader and keener understanding of the judicial process and of the matters with which he will be immediately concerned.

Suggested topics of education for judges include both the civil and criminal realm, ranging from mechanics of court appeals and procedures, motion prac-fices, pre-trial conferences, small claims practices, 15-day mental commitments, and default judgments to search and arrest warrant practices, arraignments on warrants, conducting prelimi-nary examinations, probation supervision and violations, appeals procedure, and courtroom

In other words, the observing experience is expected to supply the new judge with an accurate idea of the roles of the judge, the type of things generally omitted from legal literature how a judge becomes a judge once elected to the post.

Judge Costello observed Chelsea's court in session Monday afternoon, and travelled with Judge Arkison and his staff to Saline Tuesday. The 1st District Court where she presides, she notes, is not a traveling court. The courthouse in Monroe in fact, houses three district courts.

In addition to her visit to Chelsea, Judge Costello says, her training program has involved observing the district court in Ann Arbor, and particiin which new judges presided over cases that utilized actors

as defendents.

"At the end of the month, we'll go to Detroit to see the tapes," she said. "A psychologist will also be present with us, to discuss our reactions and responses to the cases, which should be interesting." A proshould be interesting." A program in criminal and civil procedures is also planned for

March, she added.

Judge Costello, who has already begun presiding at the 1st District Court in Monroe, reports that "I've learned so much more than I expected to

from this. Judges sharing their experience with us will be, I'm sure, extremely helpful."

A graduate of DePaul University in Chicago, Judge Costello was employed in the trust department of an Illinois law firm following her admission to firm following her admission to the Illinois bar. She retired from practice after her marriage to devote her time to her husband, also an attorney, and their six children. Following her husband's death in 1966, she reviewed for a year and was admitted to the bar in Michigan, joining her husband's former firm, Weipert, Costello, and Lavoy of Monroe. She was elected judge in the November election.

A portion of the roof of Beach Middle school was torn off by wind early last Thursday afternoon, but has since been repaired, according to Principal Alan Conklin.

Conklin said that apparently the wind caught and peeled away one layer of the roof, above the gymarea. A small amount of plaster fell into the gym, but otherwise the interior of the building was not effected.

Because of uncertainty about the nature of the damage, the gym was closed for further use for the rest of the day. Workmen arrived the same day and repaired the
