

Owner of These Eyes, Carl Weckbach of First National Bank

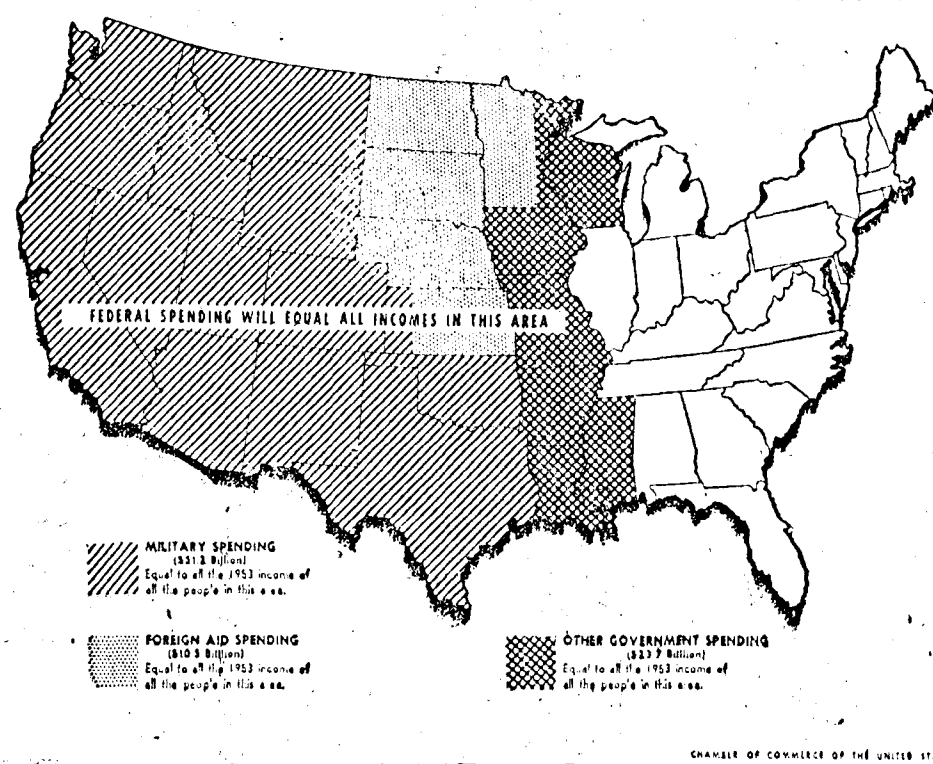

The mystery eyes of last week belonged to Carl Weckbach, who came to the First National Bank Jan. 1, 1946 as vice-president and a member of the board of directors.

Carl has some recognition as a specialist in European soils, due to his efforts in digging foxholes from Anzio into Germany.

He came here from Crete after 1 1/2 years in the army, European center of operations.

He has been adjutant of the American Legion post here for 2 years, and secretary of the Cosmopolitan club one year, and is a member of the VFW and Co-ops.

THE 1953 FEDERAL BUDGET OF \$85.4 BILLION IS GREATER THAN ALL THE INCOMES OF ALL THE PEOPLE WEST OF THE MISSISSIPPI

THIS STARTLING PICTURE is the result of study by the National Chamber's Government Economy Program, based on figures from the U.S. Department of Commerce. Incomes of all people include all data that goes to individuals as wages, salaries, interest, rent, and dividends. Since latest Commerce Department figures available for the map were for 1950, the Chamber estimated total 1953 incomes at 15 per cent higher than those for 1950. Total 1953 spending under the President's budget would equal the incomes of all persons west of the Mississippi plus 90 per cent of the incomes in Wisconsin and all the incomes in Mississippi.

City Dads Vote For Oil Streets Lights, Sprayer

Fifty Block Oil Streets Approved; More Can Come in

(Continued from page 1) Ord will also have new street lights in the business district.

A month after members of the board of public works had appeared before the council and stated they did not see how the city could afford new street lights, they changed their minds, and gave the green light to the improvement.

Councilmen instructed Allen to go ahead with planning and specifications for the lights, and it is probable that bids for the lights will be called for at the next meeting of the council.

At present, plans call for 52 mercury vapor lights, 4 to a block, to be mounted on 30 foot wood poles with an overhead wire system.

The present lighting system is on 10 foot cast iron poles, with a partial underground and overhead wiring system. The lights will cost about \$11,000 for material, according to Allen, which includes \$2,000 for a service truck with an aerial ladder. The latter is a piece of equipment that the city light department has been wanting for many years, and will have much other use besides serving the new street lights. City employees will

do all the work of installation of the lighting system.

After representatives of the Ord Cosmopolitan club, and E. E. Dirksen, a representative for Todd Shipbuilding appeared before the council in regard to spraying for flies, mosquitoes and other insects, the council appointed a committee of three to investigate the use of the Todd "Fogging Machine" in other towns in Nebraska and the middle west.

The machine, the council learned, is an adaption of the smoke and fog sprayers Todd made for the U. S. Navy during the war and was extensively used.

The fogging machine will cost around \$1,700 and Cosmopolitans told the council that they would chip in more than \$200 of the purchase price. The Ord Chamber of Commerce had already set aside \$500 for this purpose.

The council committee, Edw. Gnaster, Howard Huff and George Hastings, has power to act, and if they find the machine to be suitable, will purchase it in the name of the city.

Four Ord Families Return After Vacations in Cuba and Deep South

Cuba, New Orleans, Florida and other deep south points seemed to be a mecca for Ord tourists this winter, and no less than four families have returned or are on their way home from vacations spent in the balmy climes.

Mr. and Mrs. Albert Jones returned to Ord Wednesday, Mr. and Mrs. Wm. Sack, Thursday, and Mr. and Mrs. Lester Norton, Friday. Mr. and Mrs. E. C. Leggett are expected home this Wednesday, all from extensive trips to the Dixie area.

The Sacks and Jones made their trip together, but traveled in separate cars.

They first visited in New Orleans where they took a conducted tour which lasted during an afternoon and evening. From there they went to Miami and remained there for eight days which included a two day conducted tour of Cuba. They flew to Havana and the time spent was filled with interesting and beautiful things. One of the most noticeable, Mrs. Sack says, was the friendly attitude of the people, also the equality of the races.

shown. The negroes seem to be of a different class in Cuba and are well thought of and hold high places.

Among the beautiful buildings visited were the capitol building, also the cathedral, which Mrs. Sack says is the most beautiful in service was going on, and the church was filled with candles, the most that the party had ever seen at one time.

Morro Castle was visited and the guides told the historical story of the castle while it was being visited. It is said that a greater respect can be shown the Cuban people when the history of their sufferings and their hardships and bravery is known. Much of their early history centers about the castle.

All of the stores and public buildings close completely from 12 o'clock in the afternoon when all people are expected to enjoy a siesta.

After the visit to Cuba, the party spent a few days in Miami and among other things visited the Edison estate in Ft. Meyers. They found everything very simple here but well kept and beautiful.

On the way to Miami they visited the beautiful Silver Springs and the Cypress Gardens. Here the coloring was exquisite with many show places.

Later they visited in Sarasota for four days and went to a circus and saw the home of the Ringling Brothers. They spent much time on the Lido Beach which was the most beautiful beach all of them had ever seen. They spent two days in St. Petersburg.

They came home by the way of Georgia and Arkansas. In Auburn, Nebr., they visited with Mrs. William Ham. From Auburn, Mr. and Mrs. Jones came home, but Mr. and Mrs. Sack went to Omaha where they spent two days at a lumbermans convention. Here they saw their sons, Harold and Lloyd, all members of the family being greatly surprised.

Mr. and Mrs. Lester Norton spent almost a month in Florida. They went down the west coast of Florida to St. Petersburg, and returned up the east coast from Miami, where Mrs. Norton has a brother and whom they visited. They also visited friends in St. Pierce, Fla.

In all their travels, Mrs. Norton says, they visited 12 states in 24 days. Relatives in Green Forest, Ark., and Eldorado Springs, Mo., were visited during the time they spent away from home.

Mrs. Edna Whitford, 55, Is Buried at Mitchell, Nebr.

Family Lived in Ord For Many Years; Her Husband Died in 1950

Mrs. Edna Whitford, 55, died Saturday morning in a Scottsbluff hospital after an illness of several months. She was the widow of Oliver M. Whitford, who she married July 3, 1912 at Loup City. They spent most of their married life in or near Ord. Mr. Whitford died Aug. 1, 1950.

Funeral services were held Wednesday, Feb. 27, at 2 p. m. at the Fisher Mortuary in Mitchell, Rev. Carl M. McConnell officiating. Burial was in the Mitchell cemetery. Pallbearers were Walter and Willard Conner and Dave Dobberstine of Ord and O. C. Stinger, Robert Preston and Emery Lewy of Mitchell.

Mrs. Whitford was born Edna E. Pfister, daughter of Henry and Sophia Pfister, at Elm Creek, Nebr., May 22, 1896. She is survived by nine children: Kathryn and Jerry of the family home; Mrs. Frank Bingham of Scottsbluff; Mrs. Dale Sherman of Mitchell; Mrs. Howard Lent of Seattle, Wash.; Bill and Vida, Oregon; Melvin of Ord; Lyle of Scottsbluff and Bob, stationed at Camp Stone-man, Calif.

One son, Clifford, died Feb. 14, 1932. Also surviving are two sisters, Mrs. John Brown of Arcadia and Mrs. Clara Crouse of Earl-ham, Ia., one brother, Andy Pfister of Broken Bow and seven grandchildren.

Attending were Mr. and Mrs. Melvin Whitford, Walter and Willard Conner, and Dave Dobberstine, and Mrs. Elton Walker from Ord; Mr. and Mrs. John Brown and Caroline, Mrs. Clyde Gogan and Mrs. Arnold Tuning from Arcadia; Andy Pfister, Lloyd Pfister, Mrs. Ina Brink of Broken Bow and Betty Dunbar of Colorado Springs, Colo.

Mrs. Harry Wolfe Sells Used Clothing: Deals in Memories

Mrs. Harry Wolfe, who runs the used clothing store located across L street south of the post office, is literally dealing in memories. It is fun to browse around her shop and see the many, many items she has for sale, some of which come from Oregon, Washington, California and other states, as well as many places in Nebraska.

Mrs. Wolfe's first business venture was in her own home. When goods accumulated she held a rummage sale. This worked out very well so she decided to have a regular shop. She opened for business first in the building now occupied by the Wozab Agency. She was unable to continue the work and took a rest for a year, then opened again in her present location.

In her crowded, little room can be found all manner of clothes in about every shade and design under the sun. Most of them came to her because they were too big, or too little, some because the owners were tired of them and had no room for storage. The dresses must be of a certain length and all garments must be cleaned and ready for sale. Quite a few items have never been worn.

After the clothing has been on hand for some time, the owners are requested to come and get them, as Mrs. Wolfe has little room to spare. Dresses size 16 to 18 sell readily, but the sizes 12 to 14 are usually left over. Just now she is showing a large assortment of spring coats. She also has many clothes for children and a fine assortment of good suits for men.

One shelf is filled with tiny baby shoes. Mrs. Wolfe and her assistant, Mrs. John Lemmon, keep busy renovating and pressing to keep the articles saleable. Many customers come from a distance. She will soon begin to pack away her winter goods and will get out those for the warm months. On her wall is a beautiful assortment of fancy work from people of many different states.

Other likes include curtains, needed when one is moving from one place to another. She has a fine assortment of flowering plants which go out to grace the windows of many homes. In fact, Mrs. Wolfe has articles in her shop to please the tastes of nearly everybody. It is suggested that you step in some day and look around and you will be surprised, as the reporter was at the items to be found there.

### Ord Cooperative Creamery Has One New York Customer 20 Years

Twenty years is a long time, but one Ord firm had carried on trade with a firm in New York City for that length of time. Once each week the Ord Cooperative Creamery ships 20 boxes containing 64 boxes of especially made butter to New York. This butter is for the Jewish trade and the Quiz reporter chanced to call on the day this butter was being made.

Adolph Sevenker, who learned his trade through apprenticeship under Swede Carlson, is the Ord buttermaker, and his assistant is Emil Penas. He has now been making butter for 11 years and head buttermaker 6 1/2 years.

The revolving churn used has a capacity of 900 gallons of cream and can produce 1,200 pounds of butter. Cans of cream are taken from the roller equipped runways and poured into a receiving tank which is equipped with a screen. There is a means of removing impurities that might contaminate the cream. These days the cream is well taken care of and the danger of impurities is reduced to a minimum.

When the cans are emptied they are immediately sterilized with steam and allowed to air. The cream test is taken before each can is emptied. This keeps the cream busy. Before the cream is put into the huge cylinder, it is made smooth and even in the big vats by a set of turning coils. Then it is pasteurized at 155 degrees of heat. It is also neutralized with soda and is practically sweet.

The cream is churned forty minutes at a heat of 80 degrees. The whole process takes about 3 hours. The three vats in the creamery hold a total of 1,500 gallons of cream. All vats are equipped with coils for heating and neutralizing

the cream. In the summer all vats are filled and the buttermaker is really busy.

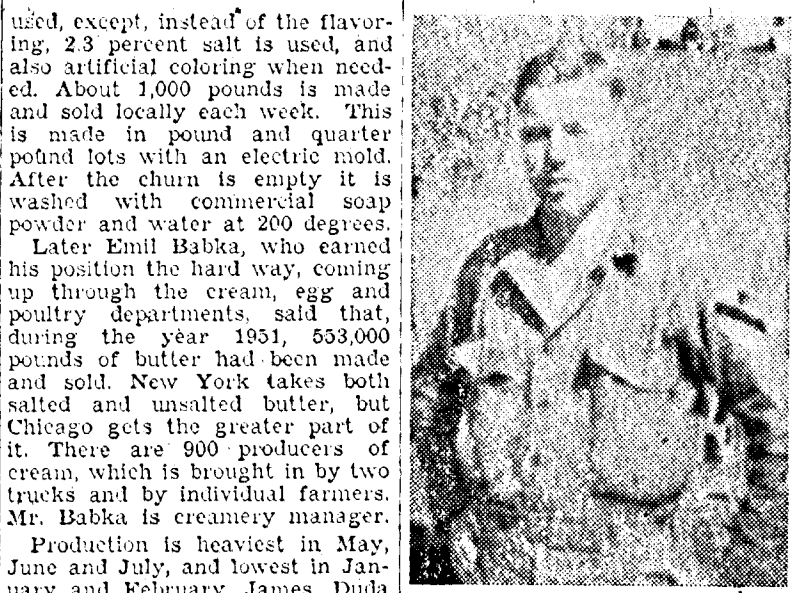

Mr. Sevenker told of the rigid inspection that the butter is subjected to. All containers are kept bright and shining at all times, for there is no telling when a state inspector may drop in. But the main reason for this is that Sevenker and Penas are proud of their work and keep everything in perfect condition as possible. He said that on days when there is not enough cream to churn they spend their time in cleaning and polishing vats and pipes.

Churn and vats are kept sweet with chlorine. The same method is used today as it was in the days of the old dasher churn, except that the new machinery can handle much greater quantities of cream. The buttermaker tells by the sound just when the butter "has come" and stops it at just about the right time.

When made, the butter has to be washed, and at just the right temperature. The buttermilk is drained off and enough water run in to make a certain level in the churn. Then the churn is started again and run until the butter is washed. The butter, clean and shining in the churn, is neither colored nor salted, as it is for the Jewish trade.

Flavoring is then worked into the butter, after which it is made into packages ready to be sent away. Before this was done, Mr. Sevenker washed his hands and arms as carefully as a doctor before an operation. The containers in which the butter was put were made to weigh out just 64 pounds of butter each. The boxes next were sealed and marked with the name "Pride of Plains Butter."

The salted butter is sent to Chicago. The same process is

Leo R. Gillham With 1st Cavalry Division

Assigned to 99th Field Artillery under command of the 1st Cavalry Division, Pvt. Leo R. Gillham has spent six months in front line service in Korea and three months with his unit on an island north of Japan.

While in combat Leo was with a liaison team doing telephone communication, radio and motor relay work. Where the fighting units were in one place long enough ground lines were laid and contact was kept by telephone. However, when the troops were on the move radio was used or communications by motor vehicle.

In his present location Leo finds life very boring. The terrain is uninteresting, weather very cold and is located relatively only a few miles off the coast of Russia.

### Mighty Mo Here

"Mighty Mo," a two-and-a-half months old Black Silver Fox buck, arrived in Ord from Cincinnati, Ohio, on Thursday, Feb. 21, to make his home at the Nash Rabbitry. He will be joined sometime within the next month by a pair of junior does of the same breed, for the Nashes plan to add Black Silver Fox Rabbits to their herd.

The breed is comparable in size to the other meat breeds raised in and around Ord, but "Mighty Mo" promises to be a giant of his kind. Whereas he might have been expected to weigh between four and five pounds at his age, he tips the scales at a neat eight pounds.

The Silver Fox rabbit is truly an American breed, originated and developed in Ohio during the 1920's. It is recognized both for meat and fur production, and is an established favorite among rabbit fanciers who breed show stock. The breed includes two colors, black and blue. The blacks are a lustrous jet with silver hairs evenly scattered over the body.

### Funeral Services For Mrs. Wetzel Held on Monday

Pioneer Woman Drove Covered Wagon to Indiana

Funeral services were held Monday afternoon from the North Loup Methodist church for Mrs. Maggie M. Wetzel, 76, who passed away at Ord Saturday morning, March 1, 1952, after a long illness.

Rev. Francis D. Saunders conducted the services from the North Loup Methodist church at 2 o'clock.

Mrs. Francis Saunders sang "The Old Rugged Cross," "God Understands" and "The Lord's Prayer," accompanied by Mrs. Harlan Brennick, who also played the processional and recessional.

Burialbearers were George Eberhart, Bates Copeland, Joe Veleba, William Cook, Charles Otto, all of North Loup and Walter Whipple of Ord. Burial was in the North Loup cemetery with Ashley's mortuary of Scotia in charge.

Out of town relatives and friends attending the funeral rites were Mr. and Mrs. J. W. Schaffner, Boone, Ia., Mr. and Mrs. Elbert Priest, Ia., Mr. and Mrs. Lavern Schaffner, Cedar Rapids, Ia., Mr. and Mrs. Alva Barnhart, Sargent, and Mrs. R. Gibson, Berwyn, and friends from the Scotia and Cotesfield area.

Maggie M. Wetzel, daughter of David and Elizabeth Creachbaum Barnhart, was born in McClain county, Ill., on June 27, 1875 and died Saturday morning, March 1, 1952 at Ord, Nebr.

At an early age she came to Nebraska with her parents and eight brothers. They settled on a farm near North Loup that was the family home for many years. On June 14, 1892 she was united in marriage with August P. Wetzel and to this union four children were born, three of whom survive.

In 1894, she left North Loup with her husband and one child in a covered wagon for Mount Vernon, Ind., the trip taking 58 days. Mrs. Wetzel drove four horses tandem style, nearly the whole distance, her husband walked, other than when crossing the Mississippi river.

Two months after arriving at their destination their second child was born, and before their return to Nebraska in 1900 they were the parents of three children. They settled on their own farm south of North Loup where their fourth child was born, and have lived in the North Loup community until a year ago when Mrs. Wetzel's health failed and she was moved to a nursing home in Ord. Mr. and Mrs. Wetzel celebrated their 50th wedding anniversary in 1942 at which time all of their children were present.

Mrs. Wetzel was well known having been associated with her husband in the hardware business at North Loup and later raising and selling vegetables and strawberries throughout the country. There was never a task too large or too small to be undertaken.

She was preceded in death by her parents, husband, two years ago this March; one son, Dewey; one great grandson; two step sisters, and three step brothers. Survivors are one son, Floyd of Ord; two daughters, Mrs. Bessie Schaffner, Boone, Ia. and Mrs. Neva Gebhardt, Scotia; two step sisters, Mrs. Dollie Mitchell, Denver, Colo., Mrs. Tillie Barnhart, Hinton Junction, Okla., 12 grandchildren, 13 great grandchildren and several nieces and nephews.

Relatives and close friends of the deceased were served dinner and lunch at the Greeley Gebhardt home. Members of the River Valley club of which Mrs. Gebhardt was a member, prepared and served the meals.

World Day of Prayer, with the theme "Christ, Our Hope," was observed on Friday in Ord, with all the Protestant churches in the vicinity being represented. The service was held in the Bethany Lutheran church, with Mrs. Dean Bresley and Mrs. Harlan Jorgensen in charge. Special music was a solo by James Aagard, accompanied by Valborg Aagard and a duet by Mrs. Leslie Nash and Mrs. Ed Armstrong, accompanied by Mrs. James Ollis. Speakers on the program were Mrs. Clarence Trout, Mrs. John Chatfield, Mrs. Glen Cochran, Mrs. Lorens McMinden, Mrs. Ed Apking, Mrs. James Ollis, Maggie King and Mrs. John Cook.

A large number was present. The service was prepared by the United Church Women of the United States.

### Meeting in Cambridge

Rev. and Mrs. Eugene Olson and Paul Fusby attended the Platte Valley Baptist Central Area Minister's Fellowship meeting at the Calvary Baptist church in Cambridge on Tuesday. This was an all day meeting with Rev. Everett Swanson as speaker. Rev. Swanson has just returned from an evangelistic tour of Japan, Korea, and other places.

—Mr. and Mrs. Glen Parks and Walter Parks, who had spent several months here with Mr. and Mrs. Charles Burdick left last week for their homes in Bowman, N. D.

### Beg Pardon—Mr. McIntire

The photographer couldn't resist interrupting the story to get this picture of Mr. C. R. McIntire of Kearney as he was reading to these three interested kiddies. The picture is taken in the living room at Nebraska Children's Home Society's receiving home in Omaha. Mr. McIntire, who is a member of the Society's financial staff is always quickly surrounded by youngsters on his occasional visits to the Society's headquarters—and he loves it.

Randall C. Biart, executive director, has just advised us that Mr. McIntire is now starting his annual solicitation in Valley county. Incidentally the Society cared for four Valley county children last year. Says Mr. Biart, "There are many children needing care throughout the world, but our first obligation is to our own children here in Nebraska. Last year Nebraska Children's Home Society extended assistance to 1,113 individuals so you can see how important your response to Mr. McIntire's solicitation really is."

## Call out the Reserves with a touch of your toe!

Most cars lead a double life. A good part of the time, they're running errands, taking children to school, taking women to stores, taking men to work, taking family and friends to clubs and social functions. It doesn't call for a very great output of horsepower for duties like these.

But there are times when you want a car that can do vastly more, and these are the times when you'll want what this year's ROADMASTER has to offer.

Beneath its proud hood, there's a Fireball 8 Engine—a valve-in-head that can let loose 170 lively horsepower when needed.

And—alongside this engine—there's also an Airpower carburetor which thriftily feeds fuel and air through two smaller-than-usual barrels for normal driving—which means that you now use less gas at 40 than you'd formerly use at 30.

But there are two barrels in reserve—waiting for you to call them into action—and they let loose a soaring rush of power that sinks your shoulders back into the seat cushion, swoops you past a truck—out of a tight spot—up a hill—sets your speedometer needle to registering

added miles more than twice as fast as your watch can tick off the seconds.

This is an experience you certainly should know firsthand.

You should also know how Buick's Power Steering\* provides a helping hand in slow-motion maneuvers—lets you keep the "feel" of the car in straightaway driving.

And just for good measure, this '52 ROADMASTER also has the biggest brakes of any postwar Buick—the greatest trunk space since spare tires moved off the front fenders—a warning light that glows when the parking brake is set—and to top it all, the smartest interior fabrics that Buick has ever offered.

When are you coming in to look this distinguished performer over? We urge you to make it soon.

Equipment, accessories, trim and models are subject to change without notice. \*Optional at extra cost on Roadmaster and Wildcat.

Sure is true for '52

## Farming Is His Business

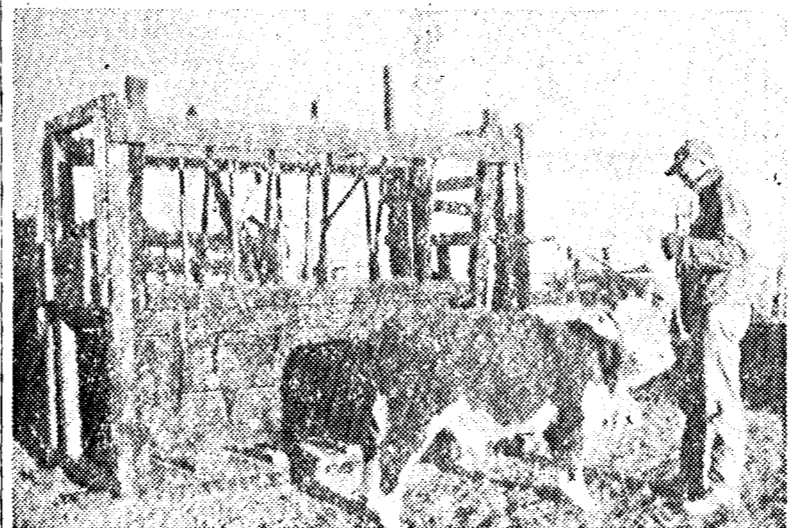

An important member of the Future Farmers of America of the Ord high school is Eugene Novak, son of Mr. and Mrs. Frank Novak. He is a member of this year's graduating class. During the past three years he completed agricultural projects as follows, in connection with his high school vocational agriculture course:

He has raised three groups of fat steers which total 34 head; 13 sows and litters; 140 acres of corn; 46 acres of wheat; 12 acres

of barley. He has also raised three purebred Hereford cows and calves, which is the future farmer boy's main interest.

Other of his projects are a home library, containing several hundred publications and a windbreak which he planted. He has done considerable electrification on his home farm and he has built two dams to prevent erosion, containing 970 yards of earth.

Eugene is a member of the Future Farmer judging team, and is treasurer of his local F. F. A. chapter. And what do you suppose Eugene plans to be after he graduates from school? A farmer.

## Mr. and Mrs. Frank Barnard Married 55 Years, March 3rd

Monday, March 3, marked the anniversary of the wedding of Mr. and Mrs. W. H. Barnard, which took place 55 years ago. In the evening members of their family, Mr. and Mrs. Vern Barnard and family of Burwell and Mr. and Mrs. L. H. Covert of Ord, also grandchildren of the couple, Mr. and Mrs. Mike Axthelm and family, of Loup City and Mr. and Mrs. Paul Covert and family, gathered at the home of Mr. and Mrs. Barnard in observance of the occasion.

Mr. and Mrs. Barnard were

married in Iowa and lived there for several years, where they were on a farm. In 1910 they came to Ord to make their home. In 1914, Mr. Barnard was made the sexton of the Ord cemetery which position he filled until he retired a few years ago.

Mrs. Barnard is active in the Christian church and in the ladies' aid.

Both are quite well, and care for their home and themselves. Mr. and Mrs. Barnard have 12 grandchildren and 14 grand-grandchildren.

**REDEMPTION**  
What is it?

From first to last, the Bible is a Book of redemption. Redemption is its theme and redemption is its purpose.

Throughout the Old Testament the eyes of the faithful were pointed to a coming world Redeemer. The New Testament tells us that "when the fullness of the time was come, God sent forth His Son... to redeem them that were under the Law, that we might receive the adoption of sons." Galatians 4:4.

The Apostle Paul writes: "Christ hath redeemed us from the curse of the Law, being made a curse for us." Galatians 3:13. And St. Peter tells us: "Ye know that ye were not redeemed with silver and gold... but with the precious blood of Christ." 1 Peter 1:18.

Christ himself once said: "The Son of Man came to give His life a ransom for many." Matthew 20:28.

What, then, is the Christian message of redemption? It is the message that the Son of God assumed a human form, fulfilled the Law of God which humanity had broken, suffered the penalty of transgression which humanity had merited, and thereby redeemed the souls of all mankind.

Every man, woman, and child ever to be born has been redeemed, ransomed by the price which Christ has paid. "He died for all," the Bible tells us.

This redemption of a world of sinful men by the death of Jesus Christ is still the central message of the Christian Church today.

Are you staking your hope of eternal life on this redemption? We extend to you a most hearty invitation to attend the services of our church where redemption is our constant theme.

**Candidate for the Legislature**

The people who a candidate lives usually know him best.

His hometown newspaper, The Ord Quiz, upon the entry of another candidate for the Legislature from his home county said in part about Bert Cummins as candidate for the Legislature:

"When Mr. Cummins filed for the office The Quiz reviewed his qualifications which include five terms as mayor of Ord, membership and chairmanship of the Valley county board of supervisors, and a lifetime of farming and business experience in Valley county. His honesty, ability and integrity have never been questioned; his acquaintanceship over the district is wide.

"The Quiz believed then and believes now that he is a good man for the office and will grow in stature as senator representing the 29th district . . .

"At the outset of the campaign we said, 'We're for Cummins.' In the interest of consistency and fair play in politics, and so that the position of The Quiz may be known to all, we say again, 'We're Still for Cummins.'"

**Let us vote 'on April 1st.**

### Leanne Kerchal Writes Story of National 4-H Club Week

(Continued from page 1) one of the select few who have done outstanding work in their past years as a 4-Her. And this year I was fortunate enough to earn the Conservation camping trip for being an outstanding 4-Her. I am looking forward to enjoying an all-expense paid vacation. Lillian Lech won this trip last year.

These trips are won in all the counties of every state; therefore, they are, in a sense of the word, national. And besides, this is National, and not County, 4-H Week. After all, isn't it the future national government that is in the hands of the 4-Hers of today? 4-H teaches us citizenship, leadership, co-operation, etc. Thus, with us 4-Hers being the raw material, 4-H molds better citizens who hold in their hands the future of our democracy. Therefore 4-H is not something to be overlooked or considered lightly. It is the backbone of people in strategic positions today.

And you don't have to be a member of royalty or one of a selected few to be a 4-H member. Anyone between the ages of 10 and 21 who is willing to put forth a little extra effort will be well repaid by soon finding himself out on top.

Leanne has projects in meal planning, yard beautification, canning and freezing, and winter wardrobe. Her brother Lynn, 11, has projects in gardening and poultry.

### Improved 320 Acre Farm For Sale

**LOCATION:** This excellent grain farm is located 15 miles south of Ord and 12 miles north of Loup City on a well maintained and graveled road. Serviced by rural mail and telephone.

**DESCRIPTION:** Described as the East One-half of Section 3, Township 20, North, Range 14, Sherman county, Nebraska.

**LAND:** 320 acres. Land is level to gently undulating and has natural drainage. Soil is Hall and Hastings silt loam, easily tilled, all in a high state of cultivation. Rotation has been followed and last year 20 acres of alfalfa was plowed under and 80 acres of sweet clover planted. 20 acres now in alfalfa. 80 acres sweet clover and 20 acres alfalfa will be planted this spring.

**IMPROVEMENTS:** Buildings are all in fair condition well painted, good foundations, and roofs in good repair. Two story 6 room comfortable house, kitchen with built-ins. ### Mrs. A. Lybarger Funeral Conducted at Arcadia Sunday

Lived in Valley County Since 1886; Leaves Many Relatives

Funeral services for Mrs. Jennie Barr Lybarger, who died on Sunday, March 2, were held on Tuesday from the Arcadia Methodist church, with Rev. C. W. Buehler officiating.

Max Lybarger was soloist with Mrs. Ben Mason as accompanist. Bearers were Walter Jones, Ray Waterbury, Jim Coons, Otto Lueck, Max Wall and Ernest Hunkins. Burial was made in the Arcadia cemetery, Hasting-Pearson mortuary being in charge of the arrangements.

Mrs. Jennie Barr Lybarger, daughter of Mr. and Mrs. Henry Barr, was born in Shell Rock, Ia., Nov. 1, 1880. At the age of five she moved with her parents to Ord. She lived around Ord and Arcadia until her marriage to Andrew Lybarger in 1898.

To this union three children were born Ella, Ralph and Lloyd. During her early married life she united with the Church of the Brethren. She and her husband started their married life together on her husband's farm, five miles east of Arcadia. They continued to live there 49 years, after which her husband preceded her in death on June 17, 1947.

After her husband's passing she moved to her present home in Arcadia. She enjoyed being active, until illness overcame her, and forced her to go back to her old home Febr. 3, where she remained with her son Ralph, until her passing March 2, 1952, at the age of 71 years, 4 months and 1 day.

Preceding her in death was her husband, three sisters and one brother. She leaves to mourn her departure one daughter, Mrs. Ella Hollingshead of Laramie, Wyo., and two sons, Ralph and Lloyd, both of Arcadia. Three sisters and three brothers, Mayme of Waterloo and Stephen of Shell Rock, Ia., Mona of Los Angeles and Guy of Burbank, Calif., Jessie of Arcadia and Harvey of North Loup; eight grand children, two great grand children, besides other relatives and friends.

## JOHN DEERE DEALER to ENTERTAIN FARMERS and THEIR FAMILIES

### JOHN DEERE DAY

# "GALAHAD JONES"

WITH RICHARD CRANE, MARJORIE LORD, ELIZABETH PATTERSON, AND JONATHAN HALE.

"Galahad Jones," will highlight a full length feature picture, the parade of entertainment to be staged for farmers and their families who attend the 16th annual John Deere Day show as guests of Kellison Implement Co., on Wednesday, March 12 at the Ord Theatre.

"Galahad Jones" centers around a farmer's son, recently graduated from law school, who thwarts the efforts of a big-time crook to profit from his political connections. It is a present-day problem picture, with a moral and plenty of laughs for good entertainment.

Richard Crane, playing the part of "Galahad Jones" is ably supported by Marjorie Lord, Elizabeth Patterson, Jonathan Hale, Ed Brophy, and four other Hollywood personalities.

Five other new pictures are included in the fast-moving program, according to Mr. Kellison. One of the films, "The Big Pay-off" features Tom Gordon, head of the memorable Gordon clan, who has been so popular in previous John Deere Day pictures. Another picture, "Oddities in Farming," is patterned after last year's popular film of the same name. "What's New for '52" will acquaint those in attendance with new John Deere implements and is sure to prove of interest to every farmer and his family. "The March of Harvest Time" and "Voices of Experience" — the two movies that complete the program, deal with subjects close to the heart of every farmer.

Admission will be by ticket and farmers who have not yet received theirs may obtain them by calling in person at the Kellison Implement Co.

Did You Know That The Nebraska Assessment System Has Been Changed? Explained Below Are Some Of The Changes For Protection In 1952

The Nebraska legislature has definitely changed the system of assessment so that the responsibility of being assessed has been shifted from the County Assessor and Precinct Assessors to you as the taxpayer. PREVIOUSLY it was the duty of the precinct assessor to contact the people and take their assessments...

One of the changes abolished the office of precinct assessor. Now the County Assessor appoints assistants to aid in taking assessments. These assistants do not necessarily need to be by precinct, but are located throughout the county as would be to the best advantage. The County Assessor's responsibility under this system in securing your assessment is to make available to you the assessment schedules...

All persons between the ages of 21 and 50 must make a return whether they own property or not. Those under 21 or over 50 must also make a return if they own property of any type. You must list all property owned as of the 10th of March. No matter when you turn in your assessment between the 10th of March and the 20th of April, your property must be listed as of the 10th of March even though you have disposed of some of it since that date.

It is not a choice for you to make as to what per cent of your property you list for assessment but it is definitely the law that ALL PROPERTY BE LISTED AND NOT REDUCED BY ANY PERCENTAGE. The Nebraska system is designed for equality between individual and business assessments. The only way this will be accomplished is for you to turn in ALL your property. If you are fortunate to be a big operator it is just as much your duty to report every item of property in full as it is for the person who is possibly making a meager living to report his entire possessions.

THE FOLLOWING PENALTIES ARE PROVIDED BY THE PRESENT LAW:

- 1. For FAILURE, NEGLECT or REFUSAL to list any TANGIBLE PROPERTY the County Assessor IS REQUIRED to ascertain the property and value thereof and add a penalty of FIFTY PER CENT OF THE VALUATION. (Section 77-1235, R.S.Supp. 1949)
2. Should investigation disclose that INTANGIBLE PROPERTY (Intangible property is money, postal savings, shares of stock, book accounts, etc.) has not been listed whether through FAILURE, NEGLECT OR REFUSAL, that amount not listed SHALL BE LISTED by the County Assessor and tax figured at the same rate as that of tangible property. (Section 77-716, R.S.Supp. 1943)

Assessor's office will be open every weekday through April 20

HENRY STARA, Valley County Assessor

PLEASE NOTICE it is not a choice for the County Assessor as to whether the penalty is to be added but he is REQUIRED UNDER BOND TO DO SO. He is also instructed to make investigation of each assessment. The time for being assessed is from MARCH 10TH to APRIL 20TH. Don't wait for someone to call on you because the law is changed and now YOU MUST CONTACT THE ASSESSOR OR HIS ASSISTANTS. PENALTIES MUST BE INFLICTED ON ALL ASSESSMENTS DATED AFTER THE 20TH OF APRIL.

TO THE VALLEY COUNTY BUSINESS MEN

If your business is classified as a domestic Corporation, grain dealer, or motor vehicle dealer, your business schedule must be accompanied by the supplemental schedule appropriate for your particular business. The schedule which you need may be secured from this office or the assistant most convenient to you.

Detailed instructions for completing the schedule may be found on the reverse side of the schedule, but this sheet may prove of value in complying with the instructions.

In the past, Section G of the schedule has caused considerable trouble, but this section is merely the formula for determining the value of your merchandise on hand as of the assessment date, without actually taking an inventory.

Line 1 of this section should correspond closely with the figure which you used for your Federal Income Tax Return for your business the 1st of January or whatever date you start your fiscal year. Lines 2, 3 and 4 are self explanatory. Line 5 (Per cent of Gross Profit) may vary slightly with your individual business but should not deviate greatly from the average gross profit for your type of business. Other lines in Section G should raise no question, but if you should have any question in regard to anything on the schedule, feel free to call on this office or any of the assistants.

An assistant will be stationed in North Loup and Arcadia for the period 10 March to 20 April and all assistants are authorized to acknowledge your signature to the oath at the bottom of the schedule. You may submit your schedule to the assistant most convenient to you, or to this office.

Your cooperation in correctly completing and submitting your schedule will be greatly appreciated.

March 15, the well-known day which is the deadline for filing personal income tax returns most years, is slightly less important this year. As the 15th falls on Saturday when most government offices are closed, the deadline has been extended to March 17. Announcement has been made that returns postmarked not later than Monday, March 17, will not be considered delinquent.

**Collins-Samples**  
 The Salem Evangelical United Brethren church of Grand Island was the scene of a pretty wedding Sunday afternoon, March 9, when Miss Eldeene Collins, the daughter of Mr. and Mrs. Doyle Collins of Grand Island, was married to Gerald E. Samples, son of Mrs. Anna Samples of Sargent. The lines were read by Rev. D. G. Ammon.

The altar of the church was decorated with baskets of flowers.

The bride, who was given in marriage by her father, wore a royal blue suit with pink accessories. Her sister, Miss Ina Jeanne Collins, who was her attendant, wore a gray suit with baby blue accessories.

Gordon Samples served his brother as best man. Ushers were Merlin Kokida and Don Daberkon. Gail Sherman sang "I Love You Truly" and "Because" accompanied by Lois Belief at the piano.

Following the ceremony, the bridal party and the immediate family were served dinner at Meth's Dinner House.

Those attending from out of town were the grandparents of the bride, Mr. and Mrs. W. E. Kesler of Ord and Mr. and Mrs. Charles Collins of North Loup; the mother of the groom, Mrs. Anna Samples of Sargent; Margaret Samples and Mr. and Mrs. Wayne Roach, all of Sargent; Mrs. Opal Anderson, Mojave, Calif.; Mr. and Mrs. Erik Olson, North Platte; Mr. and Mrs. Lester Govaerts, Broken Bow; Mr. and Mrs. Gordon Samples, Ft. **Storm Curtails Pancake Day**  
 Members of the Auxiliary to the Veterans of Foreign Wars were busy Wednesday as they baked and served pancakes to the guests of the Chamber of Commerce, who had designated that day as Pancake Day. The Bohemian Hall was filled at noon, with a long waiting line in front of the serving window. Two large grills were in use, with two workers at each. Other members were stirring the great masses of dough to be baked, while others made coffee. Butter and syrup had been placed on the tables to be ready for the eaters as well as sugar and cream for the coffee.

A few from out in the country braved the snow storm and bad roads that early to come in for pancakes.

**Mrs. Irwin Merrill on Quiz Program**

—Mrs. Dean Bonsall and baby son and Mrs. DeWayne Bussell and baby daughter of Scotia were in Ord Thursday afternoon.

—Mr. and Mrs. E. C. Leggett returned Thursday from a three weeks' vacation trip to Florida. They went by air, first spending a few days in New Orleans and then

going to Panama City, Fla., where they visited Mrs. Ellen Beeghly, daughter of Mrs. Hans Andersen, of Ord. Accompanied by Mrs. Beeghly and driving her car, the Leggetts took an 1,800 mile tour of Florida, spending two or three days each at Ft. Pierce, Key West and Tampa, with overnight stops at a number of other places. They report a fine trip and say that the weather was delightful most of the time. They especially liked Key West and the other keys connected by the overseas highway. On Upper Matecumbe Key they happened to meet Mr. and Mrs. Walter Hurley, residents of Nebraska City who spend summers in a cottage at Lake Erie and who have a number of friends in Ord to whom they asked to be remembered.

—Mrs. Amelia Payden, who had been called to Ord to attend the funeral of her uncle, returned Thursday to her home in Norfolk.

—Mrs. J. D. Grant went to Columbus Thursday morning where she spent the week end with relatives.

—Mrs. Myra T. Barber was an overnight guest Friday of Mr. and Mrs. Virgil Annys and Cindy of North Loup and was a dinner guest Saturday of Alice Johnson.

## An Hour With the Freshman English Class

Items and items, Paper and ink, All put together, Help people to think.

Once young people rarely looked into a newspaper, save for the funnies. It might be true even now, but the students in Mr. Ballard's Freshman English class evidently had read their newspapers, or their current events magazines for some time for this was the class and the time when the 26 gave reports of the items they had picked out the night before and this morning were telling the rest of the class what they had learned.

And so one of the six girls in the class told at length of those who had hidden their money from fear of banks and also to evade the income tax. After her interesting talk members discussed the article and many told of tales they had heard or had read concerning the same thing.

One told of the work of the Klu Klux Klan, and that brought up more recent events. All of the articles were told, not read, and the informant stood in front of the class to speak. In this way the young folks were not only learning of current events but also freedom to appear before the public.

One told of how an amputee was able to get about, an another of a Russian Sub that had been sighted recently. The items had been selected by the students themselves. Some picked athletic items, some political and some scientific offerings. One told of a funny marriage tie-up he had read, one told of the young man recently discovered who could multiply rapidly, and another told that one's I. Q. could be found from handwriting.

After nearly all of these subjects had been reported, there was discussion and all seemed interested. Many wanted to talk at once, to tell of something they had read on the subject or some personal experience.

In fact so interesting was the talk and speeches, that Mr. Ballard forgot to keep the grades and had to ask more questions to help him remember what his students had done.

Some times the class studies English and sometimes does creative writing and sometimes talk before the public as at this time. Whatever they do they seem to be on their toes and deeply interested.

The class is in two sections, and the reason this class had six girls to at least twenty boys was because some were taking music at this first period of the day. The other section meets in the afternoon.

## Ice Capades at Ak-Sar-Ben, April 10-16

Donna Atwood as Cinderella and Bobby Specht as Prince Charming in Ice Capades production of "Cinderella."

## Disney Magical Music Transferred to Ice!

You have to see it to believe it but Ice Capades, John Harris' great ice extravaganza, increases in production, beauty and sheer brilliance each year. We thought we had tops with previous shows portraying "Snow White and the Seven Dwarfs," "Toy Shop," and last year's "Student Prince" but this year's presentation of Walt Disney's "Cinderella" dwarfs them all. Cinderella, Prince Charming, wicked stepmother and step-sisters on skates! And, of course, no story of Cinderella would be complete without the coach and the four white horses which change into a pumpkin drawn by four white mice at midnight. The story is all there plus Cinderella hit tunes including "Dream Is a Wish," "Bibbidi Bobbidi Boo," "Cinderella," "So This Is Love." The lovely Donna Atwood plays Cinderella and Bobby Specht is the gallant Prince Charming. Cinderella is one Ice Capades number you will never forget.

But Cinderella is only one of the 10 great production numbers which include: "Gypsy Gold," a thrilling, throbbing dance number blending startling vigor with perfect rhythm; "Birds of a Feather," with gorgeous peacock costumes complete with huge fan-tail feathers 9 feet across and 6 feet high; "Teddy Bears' Picnic" with the whole Teddy Bear family; "State of the Union," a marvel of precision with the Ice Capets drilling as robots, mechanically perfect.

In addition to the 10 great production numbers there are 20 acts with the old favorites, and many new stars including that lovely pair, the Old Smoothies, who are back again to delight young and old; Trixie, world's foremost woman juggler now performing on ice for the second year with a new bag of tricks; the inimitable Joe Jackson, with his tramp bicycle act; Esco Larue; Alan Konrad; the poker-faced comers from Australia, the Maxwells; Sook and Rogan; Jackson and Lyman; Mary Lou Lamberville, and many others.

The Capades of 1952 comes to Ak-Sar-Ben Coliseum in Omaha April 10 through April 16, with performances nightly at 8:30 and matinees Saturday, April 12 and Sunday, April 13, at 2:15. Prices are: Blankside seats and box seats, \$3.60; Reserved seats, \$2.40 and \$1.20. All prices include federal tax.

Tickets may be ordered by mail now and it is urged that requests be placed early, as last year many were disappointed. Address orders to Omaha Coliseum Corporation, Box 5, Elmwood Station, Omaha, Neb., and enclose a self-addressed, stamped envelope and check or money order payable to Omaha Coliseum Corporation. Be sure to state clearly the number and price of tickets wanted and the date of performance desired. It is advisable that a first and second choice of performances be given.

**EAGLES To Organize**  
Plans for the organization of a new Aerie of the Fraternal Order of Eagles in Ord, Nebr., were announced today by Roy Schleichardt, an organizer for the Fraternal Order of Eagles.  
Mr. Schleichardt has started making up a charter list for the new Aerie, and has established his headquarters at the K. C. Hall.  
The Eagles, the organizer explained, are a beneficial fraternal organization. Aerie homes are maintained in all the principal cities of the country, and in Canada.  
The Order also is active in social welfare work, being primarily responsible for the spread of the old age pension and workmen's compensation movement in the United States, besides laying the groundwork for the national Social Security Act, Mr. Schleichardt said.  
"The Eagles are the fastest growing fraternity in America today," said Mr. Schleichardt. "We are organizing new Aeries regularly in communities warranting such consideration." The organizer expects to call a meeting of persons interested in the Eagles on Tuesday, March 18, at the hall.

## Cash on the Barrelhead!

In pioneer America it took cash to close a business deal. An inconvenient way, of course, but it certainly was safe, for with families trekking from here to yonder credit was an almost impossible thing to check. But now, with our modern banking system, business deals are made easier and more convenient. A check is enough to close the biggest, or even the smallest of deals... and then act as legal proof of payment.

### "THOUGHT IT BEST FOR NEBRASKA"

Editor Lauds Butler's Big Sacrifice

McCook, Neb.—"No man ever made a greater sacrifice for Nebraska," than Senator Hugh Butler did during the 80th Congress, when he turned down the chairmanship of the Senate Finance Committee.

This is the opinion of H. S. Strunk, editor and publisher of The McCook Daily Gazette, who explains the reasons for Senator Butler's decision as follows:

"His seniority entitled him to the chairmanship of the Finance Committee when the Republicans took the Congress in 1917. Since that committee writes the nation's tax laws, he would have had the country's financial leaders waiting in his office for just a moment of his time.

"But Senator Butler waived that position of great trust and elected to take the chairmanship of the Committee on Interior and Insular Affairs, because it was that committee which had under its jurisdiction the critical subjects of IRRIGATION, FLOOD CONTROL and SOIL CONSERVATION.

"He thought it would be best for Nebraska.

"Senator Butler continues to hold the rank of minority leader of that committee, and would again become chairman in 1953 if the Republicans took the Congress this fall. And he continues to be a high ranking minority member of the Finance Committee, as well."

Keep this great Nebraskan in the U. S. Senate.

Proceedings of the City Council

The Mayor and Council of the City of Ord, Nebraska, met in regular session in the City Hall at 7:30 p. m. Mayor Blessing presided and the city clerk recorded the proceedings of the meeting.

Roll Call
Roll call revealed the following Councilmen present: Schoenstein, Miliken, Pecenka, Gnanter, Huff, Hastings. Absent: None.

Order of Business
Several property owners in the proposed street lighting district appeared before the Council and after considerable discussion of the proposed project, many expressed themselves as being in favor of same and no objections were made.

Mr. Dirksen, a representative of the Tifa Division of the Lincoln Wheel & Brake Service, appeared before the Council to present information regarding the Tifa fog applicator for mosquito and fly control.

Motion was made by Schoenstein and seconded by Hastings that the Mayor appoint a committee and that the committee with the Mayor meet with various organizations, who had offered to help finance insect control, to discuss and investigate the Tifa fogging machine and that the committee and Mayor be given power to act.

Roll call revealed all Councilmen voting in favor thereof. Motion carried.
County Commissioner, Jack Romans appeared before the Council to explain benefits to the city that would be derived if a special Road Levy of one mill for townships were voted in at the next election.

Moved by Schoenstein and seconded by Huff that the Council instruct the City Engineer and City Attorney to proceed with the legal procedure to form the proposed street lighting district and they have same ready for the next meeting of the Council. Motion carried.

Applications for "On and Off Sale Beer License" by Frank Kasal, Ivan Robertson, Rose Suchanek and Bohumil Holccek, Emory Thomson and Glem L. Johnson were presented.

It was decided that the date for publication of such applications be set for the 3rd day of April 1952 and the date for hearing be set for the 7th day of April, 1952 at 7:30 p. m. in the City Hall.

The application of Emory Thomson for a license to operate a pool and billiard hall was presented.

Moved by Huff and seconded by Hastings that Emory Thomson be granted a license to operate a pool and billiard hall. Motion carried.

Application of Frank J. Pafetta for "Off Sale Liquor License" was read.

Mrs. E. J. Kaminski, who says that she and her family are spending a part of the winter in sunny Hawaii, writes to have their subscription to The Quiz extended another year. She says:

"The weather in Honolulu, is just what I need. The temperature stays around 80 in the day time and about 70 in the night. Wind and doors stay open day and night. The trade winds keep the temperature even, and it does not get too hot. The houses are built without chimneys and many of them have window panes, just venetian blinds and screens.

"The ocean and Wakiki beaches are always full of swimmers and sun bathers, especially Saturdays and Sundays. It is interesting to watch the surf riders and the out-rigger boats.

"This time of year, most of the tourists are older people. Vacation time brings the young folks.

"Living costs are considerably higher here, about 20 to 25%, as most everything has to be shipped from the mainland. The weather is ideal for raising produce the year around, but there is a shortage of ground.

"Wakiki district lots sell from \$5.00 to \$9.00 per square foot, this being in the residential district. Therefore a lot or so costs over \$20,000 and building costs \$11.00 a square foot."

**Card of Thanks—**

I wish to thank our relatives, friends and neighbors for the flowers, cards, gifts and calls, during my stay at the Ord Co-operative hospital and after I was home. Also I would like to thank Dr. Weekes and the entire hospital staff.

### Raising African Violets a Hobby Shared by Many Ord Women

One of the most fascinating hobbies that a person can have is raising African violets. And it seems that many others in Ord feel the same way because there are many housewives who have these dainty flowers in their east or south windows, either to sell or to play with or just because they love the sheer beauty of the flowers.

One of the questions asked each of the hobbyists was when she started her hobby and, strangely no one could remember exactly. Mrs. Leo Long says she has had violets at least 11 years and now has over 70 plants with 30 different varieties. She raises her flowers just as a hobby but some raise their plants to sell.

One of the most beautiful collections seen was at the home of the Misses Clara and Minnie Jensen and it seems that this is Miss Clara's hobby. Her east window seemed to be full of blossoms, and in various shades of blue, violet, pink and white, and also singly and double, fringed and spotted. Miss Jensen says she had the first pink violet in Ord, and when she first showed it, people thought the color had been put in the water to make it an artificial color. All together she has at least 80 plants with over 35 different varieties. She got her first plant 14 years ago from Mrs. Leon Rogers and the flower was a light blue.

Mrs. C. C. Dale has another beautiful display and she takes great pleasure in rooting hers. She saves coffee cans, in which she places the leaves which she had previously rooted in water. She likes to work with her flowers and to make new plants. Once she found a seed on one of her plants but before she realized what it was she picked it. She was very sorry because with it she might have propagated a new variety.

Mrs. Wm. Zabloudil has a big assortment of tiny plants, as well as several flowering violets.

She says that many new violets are being discovered regularly by fanciers. All have lovely names, as Blue Heiress, Lacy Girl and Fantasy. There is one series called the Girls, the leaves of the plants having white spots. The Lacy Girl is a new variety with ruffled edges. Others of the Girl type are the Blue Girl and through the various colors. The Fantasy is fringed, and others of the fringed varieties are called the Fringettes. There are also several in a class which is called the Boys, such as the Blue Boy. All of the named violets are made from others of an older kind and given new names.

Those who work with their violets know all of the names and are able to pick them out from all of their group. The colors so far are the blues, reds, violets and

whites, but from the catalogues, one of the hobbyists says that a yellow violet will soon be on the con and end african violets market.

Others who have assortments are Mrs. Wilbur Rogers, Mrs. Archie Geweke and Mrs. Wilma Anderson. Mrs. Asa Anderson, Sr. of Burwell has at least a hundred different varieties.

Some of the new varieties Ord women display are the Double Neptune, a red flower, the Fantasy which is spotted blue, and the Blue Eyed Beauty, which is white with a blue center, and the Lady Geneva, blue with a white edge. In many of the violets the leaves are a big part of the beauty of the plants, being either a dark green or a different shade. Some are thick, and some have ruffled edges.

There seems to be about as many ways of raising the violets as there are those who raise them. Some say never to move the plants and some claim that it does not hurt them whatever. Some say they keep them wet and some say not too much water. Some say they must be kept in a north window and some insist on a east and south exposure, some say much sun and some say not too much sun. Some say, and it seems logical, that the nature of the violet is to be retiring and let it alone, not to be too careful in their care. That might be the reason the hobby is as extensive as it is. One thing, however, all the raisers say, is that all the plants are susceptible to the mealy worm, natural to Africa, also crown rot being another disease, and also the cyclaman mite seems to attack the plant. There are commercial foods that are given to the plants to counteract these worms and diseases of the plants.

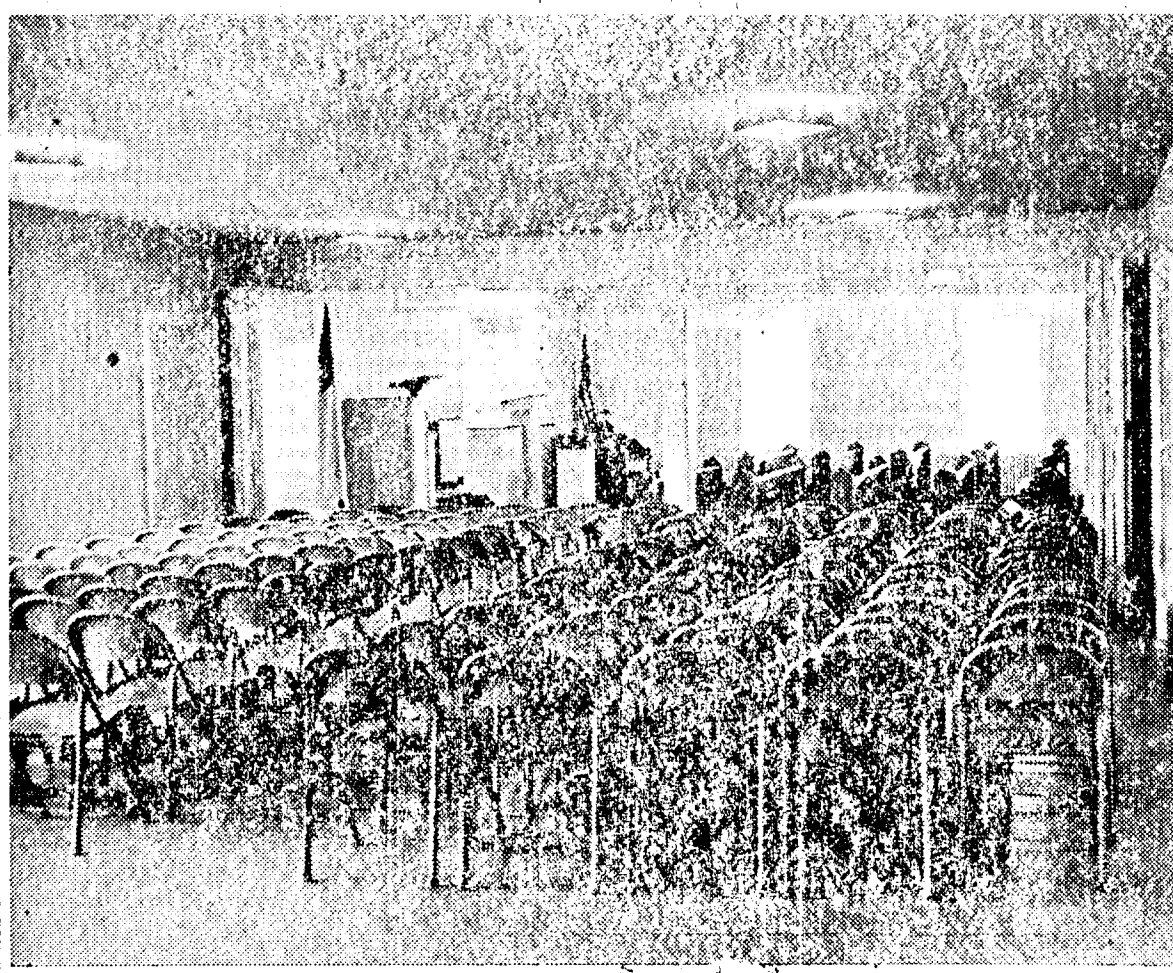

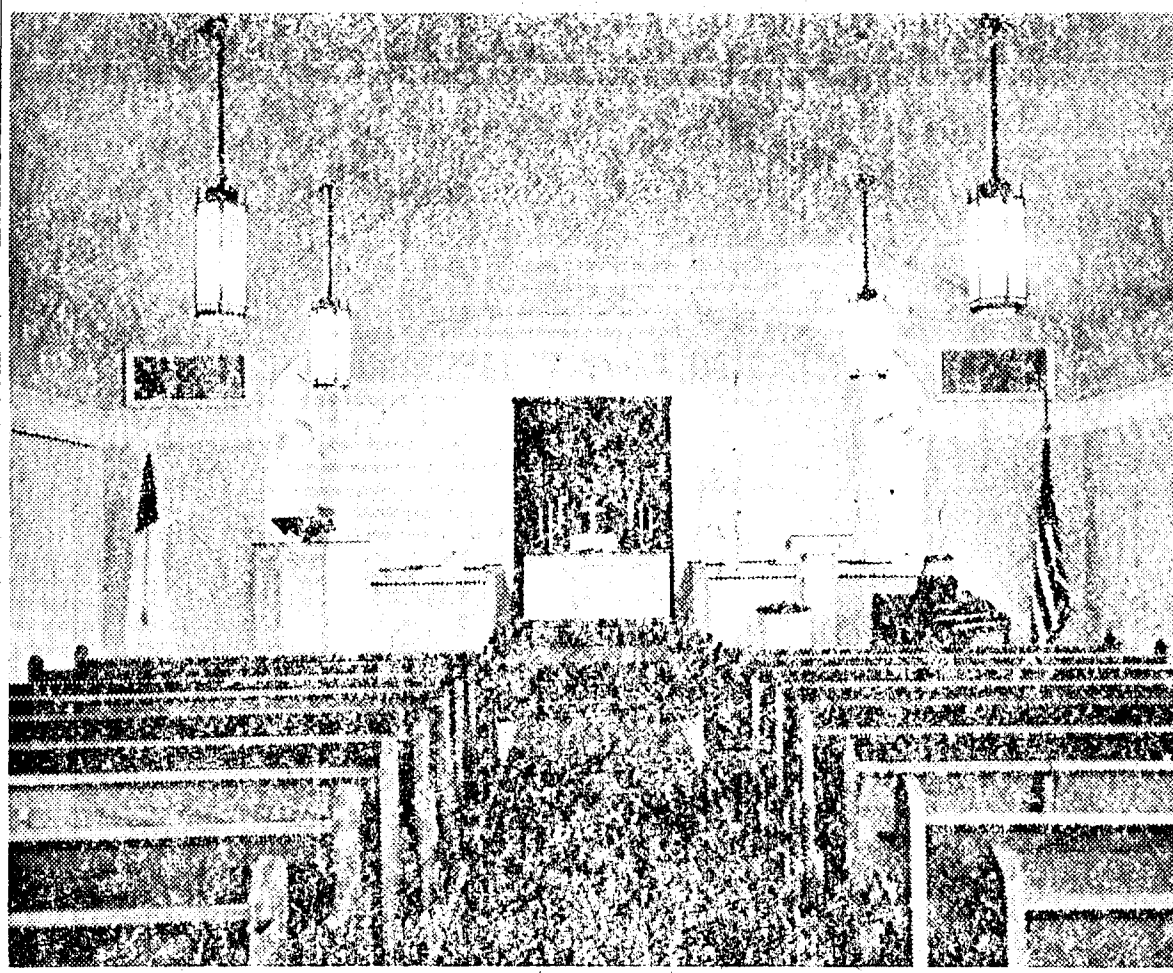

The hobby is not too expensive, since much of the rooting can be done by the growers. It takes about a year, however, to root a leaf and to care for the plant, before it will blossom. Florists ask about a dollar for the smallest plants which price goes up with the size of the plant.

Seed is very expensive, the seed of the newly discovered yellow violet being about \$3.00 for a very small quantity.

No one seems to know just where the plant originated, that is if it really did come from Africa. No one seems to know who brought the first plant to Ord. But it is known that there is supposed to be about 300 different varieties of colors.

At a violet show held in Lincoln recently over 132 different varieties were shown. Omaha has a big violet show in many varieties. There are also national shows of the pretty flowers.

It is possible to make new var-

### Sanctuary and Social Room of New Church Are Pictured

Pictured here are, at top, the sanctuary of the new Ord Presbyterian church, which is on the north side of the edifice, with the pulpit on the west. Below is shown the social room, connected with the sanctuary by sliding doors which doubles seating capacity of the church for special occasions. When both rooms are in use, 250 worshippers can be seated. For description of these main rooms and other features of the new church see story on page 1.

"GENTLEMEN" "GENTLEMEN" "GENTLEMEN"

"Before I hear a bid I want you to see THIS name REAL good"

Farm auctioneers know what they're doing when they point to the name "Ford." They have found out the name "Ford" on a tractor works like magic at any farm sale.

And this fact points up a big advantage you get in a Ford Tractor—it sells for more at trade-in time.

Why? Well, for one thing it is the popular two-plow size; that means a bigger number of prospects. Then, too, it's a year-round tractor; a tractor that does more jobs; a tractor that is easy to operate.

Remember, too, you pay less for a Ford Tractor when new. Add to this its greater trade-in value when old and you can see why the Ford Tractor is the buy!

eties with seed and cross pollination as with other plants. One of the hobbyists says she knows of one such unnamed variety that has been made recently but is as yet unnamed. Such could be discovered here and can have an original name from this territory.

And since there seems to be so many violets in the community with so much interest, why not in the dim and maybe not so dim future, a violet fair where all the violets in Ord and surrounding communities can be shown? Or if that is too big, why not a violet progressive tea and all of the homes where the African violet has a place in the flower shelves can be visited and compared?

It is an idea anyway.

Mrs. E. S. Murray is another who has several of the violets in her windows. She has had some trouble with the mealy worm out it seemed to be cured, since her blooms were lovely. Many of them she had started herself.

John Galka, sr., has several in the window of his shoe repairing shop. He likes the flowers so he raises them.

Mrs. Harry Wolfe does a thriving business with her violets and recently sold a \$12.00 order to an out of town customer.

Among the new varieties not mentioned before in this article are the Orchid Bi-Loy, the Star of Bethlehem, Snow Prince, Orchid Wonder, and Red King.

Leaves of the plants are taking on new shapes, some being the bronze-leaved, variegated leaves with ruffled edges and a white center, or dark green and trimly tapered.

### Ward's Cookin' Column

I don't know who started the trouble in the first place, but somebody is always monkeying with the English language, and some of the things they develop are positively sickening. For instance there is the tomato—tomato—that lovely red fruit you raise in the garden. Some half-baked bird started the idea of calling it tomato, and now we old timers who call it tomato are positively vulgar. We have a right to call it tomato. Webster's new international dictionary, model 1911, marks it with a long "a" tomato. It also calls its cousin a potayto. Webster's new school dictionary, 1946 edition, calls them tomato and potayto. Will somebody please explain to me why the tomato went high hat and the lowly potayto was left on the wrong side of the tracks? Personally, I expect to plant a couple dozen tomato plants in our garden this spring, and I hope to raise quite a flock of tomatoes. Then we will have tomatoes to eat and tomato juice to drink. If any of those d— tomatoes please start growing, I will tear them out, root and branch. We are still lowbrow where I live and I doubt if any storekeeper in North Loup has a single can of tomato soup, juice or just plain tomatoes on his shelves.

**Two Generations of Kerchal Family Attended Plain Valley School**

In these days of consolidation of country schools into bigger institutions of learning, the small one room school house may be dated. Yet there are still schools of this variety that still exist and what is more can be in history. Some schools in Valley county are landmarks for families, and are named as the places where generations have attended.

Take for instance, the Plain Valley school which is located about 17 miles from Ord, in the northeast corner of Valley county. This is a typical country school, but from the picture it can be seen that it is far from the run down condition of some country schools. This school is taught by Miss Barbara Klanecny and she teaches 16 pupils.

Here it was that the children of Mr. and Mrs. Rudolph Kerchal attended school in years now passed. And in turn their children attended the same school until it was time for them to come to Ord to attend the high school.

In the second picture are shown the first generation of Kerchal children who attended the school, being, from left to right, Mrs. Adeline Kerchal Lehecka, of Omaha; Mrs. Emma Kerchal Hybl, of Grand Island; Edward Kerchal,

Never an Idle Moment for Ord's School Secretary, but Gladys Kokes Likes It

She knows where to find any student in the building during class time, not only that but the parents, and where they live. She knows all the classes and the teachers and the entire program.

Some people may think that school is a mere matter of hours from nine until four and then quit for the day, or that all the school secretary has to do is to answer the telephone in case some fond mother wants to relay a message to her boy or girl.

The girl at the desk in the high school office, Gladys Kokes, does these tasks all right, and hers is the voice you hear when you call 113 and ask to speak to Jimmie. And a nice voice it is, but Gladys does many, many other things also.

School was on when visited at eight o'clock Friday morning. From the auditorium came the stirring sounds of the band playing a march. The janitors had already cleaned the walks. Several teachers were already in their rooms busy with conferences and other work.

Her hours are from 8 to 5—five days a week. And she says there is absolutely no time for loafing. From selling activity tickets to answering the telephone, with all the other jobs that go along with being a school secretary, she says she likes it and certainly it is that she will "never have a dull moment."

Attend Services in Stromsburg

Twenty-eight members of the Bethel Baptist church went to Stromsburg Thursday evening, to hear Rev. Everett Swanson of Chicago, speaker. Rev. Swanson, who has been holding meetings in Stromsburg, was in Ord about a year ago. Mrs. Eugene Olson and daughter, who had been visiting her parents there, returned home with the group.

Off-Campus Course

Seventeen teachers are enrolled in the off-campus course which started on Saturday. This takes up American history and extends for nine weeks. The class will meet Saturdays.

Ord Man's Sister Killed in Accident

Mrs. F. J. Griffin, wife of a Tulare dentist and sister of Taylor Whitener, linotype operator on the Quiz staff, was injured fatally last Wednesday when her husband's car went out of control on an icy highway near Norfolk and crashed into a tree.

Loyal Subscribers

Minnie Lukes, who is solicitor for the Red Cross in Ward 3, tells of two old ladies who have always given generously and this time was no exception. Their names are Mrs. Hattie Shepherd, who lives on H street, and Mrs. Cecelia Osentowski, who lives on J street. Both are getting along in years. Mrs. Osentowski being 90 years old and Mrs. Shepherd not far behind.

Applications Sent

Applications for payment for practices completed under the 1951 Agricultural conservation program were being made and sent out Friday, to Wiley county farmers in the local office. About 900 farmers will receive checks amounting to approximately \$75,588.94, plus a small increase in payment, according to what each farmer has done during the year.

Called to Colorado

Mrs. Ed Anderson was called to Sterling, Colo., Friday by the serious illness of her brother-in-law, Sam Matthews. Mr. Matthews died Saturday and the funeral was held on Tuesday. Mr. Anderson joined his wife there Monday. Mrs. Matthews will be remembered as the former Vera Gass who lived in Ord before her marriage.

Card of Thanks— We wish to take this means of thanking the many friends and neighbors who helped in numerous ways during the illness and passing of our mother. —Mr. and Mrs. Fred Hollinghead, Mr. and Mrs. Ralph Lybarger and family, Mr. and Mrs. Lloyd Lybarger and family.

FEDERAL LAND BANK 4% Loans

4% loan is a good loan, especially when it's a Federal Land Bank loan. Your low interest of four per cent can never be higher for the entire life of the loan. Payments are based on your land's normal income, averaging the bad years with the good. Each payment reduces the principal, thereby cutting the interest. You can take up to 40 years to pay off your loan—or you can pay up as fast as your income permits, without penalty.

3 Girls, 1 Boy Is Week's Total

Three girls and one boy were born during the week just past in the Ord Cooperative hospital. The boy is the son of Mr. and Mrs. William Petsko, Ord, and was born on March 13. He weighed 6 pounds and 12 1/2 ounces, and was given the name of Gerald Lee. Dr. Miller cared for Mrs. Petsko and her son, both of whom have been discharged.

On March 14 a daughter was born to Mr. and Mrs. Charles Hackel, Arcadia. Dr. Miller being the doctor in charge. The baby, who with her mother have been discharged, was named Joyce Elaine. She weighed 7 pounds, 8 ounces.

Mr. and Mrs. Frank Perry, Ord, named their little daughter, born March 14, Susan Kay. She weighed 4 pounds and 7 1/2 ounces. Dr. Lynn being the attending physician. Her mother has been discharged.

A daughter was born on March 15 to Mr. and Mrs. Harold Philbrick, Ord. She weighed 6 pounds and 10 ounces and was named Nancy Ann. Dr. Lynn was the doctor.

Violinist Esther Glazer Pleases In Third Concert of 1952 Season

The first concert violinist to appear in Ord for many a year was heard by the members and guests of the Loup Valley Municipal Concert Association, when Esther Glazer presented her concert Monday night, at the Methodist church auditorium.

Although the second half of the program was more appealing to the audience as a whole, the first two groups, consisting of Mozart's "Adagio and Rondo" and the brilliant Mendelssohn "E Minor Concerto," were listened to attentively and applauded enthusiastically.

Kreisler fans enjoyed the playing of his "Schon Rosmarin"; but the audience seemed to hear with equal appreciation the relatively unfamiliar "Vocalise" by Rachmaninoff. This was somewhat surprising in view of the fact that the "Vocalise" is a rather intricately written piece in which the violin melody and the counter melodies in the accompaniment are so interwoven that it is not too easily followed on first hearing.

Miss Glazer showed her mastery of contrasting styles in the delicate and atmospheric "Sea Shell" by Engel, transcribed for violin by Zimbalist, and the fiery and temperamental "Hungarian Dance No. 2" by Brahms.

As is usually the case with instrumental performers, Miss Glazer's approach to her audience was rather more formal than the vocal artists who have appeared in Ord. She spoke only twice, when announcing her two encores, and then only briefly, giving the title and composer of each selection. However, her musical interpretations seemed to have a personal quality that spoke directly to her individual listeners.

Miss Eloise Matthes provided accompaniments of such beauty and style that the audience was disappointed to have her cancel her piano solo group because of a difficulty with the piano pedals which was discovered in the afternoon too late to be corrected in time for the concert.

As fascinating to many of Miss Glazer's feminine listeners as her music was her hair-do, which featured the most successful "pony tail" coiffure this writer had ever seen. There was some speculation as to what she would do when she was ready to travel and had to wear a hat. The answer was that she wore no hat. When she left Ord after the concert, she was wearing a small tailored bow in her hair which matched the accessories to her traveling suit.

The election of officers for the next two seasons for the Loup Valley Municipal Concert Association took place during the intermission, resulting as follows: president, Mrs. Orin Kellison; vice-president, Mrs. Irma King; executive secretary, Mrs. Sylv Furtak; and treasurer, James Ollis.

**Omaha in Top Spot; Market Steady, Lower**

Omaha celebrated St. Patrick's day with a livestock run that topped all the major markets. Salable supply totaled nearly 31,000.

But marketwise there was little to celebrate in Monday trade.

Fat cattle sold unevenly steady to 50c lower, bulk of slaughter steers and yearlings \$28.00-\$31.50, better steers \$35.00-\$38.50, quotable top \$39.00 or above. Plain killer cattle sold down to \$26.00, odd head under that. Better steers with weight included 1425-pounders at \$35.50, 1300-pounders at \$36.00.

Best heifers in the run were 970-pounders at \$33.75.

Cows sold steady to 25c off, some sales 50c lower, canners and cutters \$16.00 to \$20.50, most sales \$17.00-\$20.00; beef cows to \$24.00, odd head \$25.00. Bulls broke 50c-\$1.00, bolognas to \$28.50, odd head \$27.00-\$31.25; stags at \$10.50-\$13.00.

On the market from this area were the following:

Thomas J. Snyth, 22 hogs, wt. 232, \$17.75.

B. J. Podracha, 46 hogs, wt. 332, \$15.50.

John Pritchard, 12 steers, wt. 1,064, \$34.00.

Frank Pfeifer, 8 steers, wt. 1,055, \$32.50.

**Feeding Grain**

With road conditions as they are feeding grains are not coming to market in any quantity. While this situation exists there is all the more reason to feed a good Hog Supplement and a good Molasses Feed to your cattle in the feed lot. We will quote you a very close price on both Hog Supplement and Molasses Feed. We carry a good supply of them at all times. Also when in need of grain for feeding purposes we would be glad to figure with you on this delivered to your farm.

**Seed Grain**

Certified Nemaha and Cherokee Oats. Also both of these varieties in non-certified seed. This seed is all recleaned and tested and in good bags. Then we have Western Nebraska Spartan Barley and Plains Barley. We believe that there is a definite shortage of good seed barley. Perhaps oats will be plentiful, but there is a chance that it may be well sold out by planting time.

**Legume Seeds**

Local grown alfalfa seed is getting very scarce but we do have good hardy western grown alfalfa seed. Hubam and yellow blossom sweet clover is fairly plentiful but white blossom is very short.

### Local Elections Overshadowed By State, National Only North Loup Has Local Issue; School Bond Vote.

(Continued from page 1) Anton Radil is unopposed for the Democratic nomination for county supervisor from the Second District. On the Republican ballot, Win. Zabloudil and Edgar W. Roe are unopposed for the nominations for county supervisor from the fourth and sixth districts. In Ord, only three city and school offices are contested. Ed Ghauser and Roland Daily are candidates for councilman from the first ward, and Otto Pecenka is pitted against D. L. Karre for council from the third ward. Voters will choose between Richard Rowbal, Floyd Beranek and Curtis Gudmundsen for two posts on the school board.

Arcadia voters have a field of four to choose two members of the school board. In the race are Harold Elliott, Arnold Tuning, Jess Waddel and Harold Weddell. In the village board race, three trustees will be chosen from Paul Dean, W. J. Ramsey, Floyd Smith, Melvin Swanson and Ernest Eastbrook. Morris Fowler and H. M. Brandenburg oppose each other for the post of police magistrate. At the same time voters in Burwell city will vote for members of the city council as well as members of the board of education for School District No. 15. In Ward No. 1, two candidates were nominated for city council, Albert Wilson and Harold Mayberry. In Ward No. 2, Stanley Austin, who was appointed to fill the vacancy of R. B. Grunkemeyer, is candidate for election without opposition.

On the ballot for the school board, the names of Roy S. Grant and W. D. Johnson, present incumbents, will appear for reelection.

### Mrs. Louis Bremer, Accident Victim, Dies in Hospital Lived Only 48 Hours After Hit by Car on Scotia Street.

Funeral services were held Tuesday afternoon at 2 o'clock for Mrs. Louis Bremer, 72, who passed away Thursday afternoon at the Ord hospital following an accident on the night of March 15th that caused her death. Mrs. Bremer lived in Scotia with a son, Willard. Rev. A. H. Wagner conducted the services from the Zion Lutheran church. "I Know My Redeemer Lives," and "In the Hour of Trial" were sung by Mrs. Everett Hornfinkle and Mrs. Marjorie Medberry, accompanied by Mrs. Wilbur Fuss. Pallbearers were Leo Klein, Alvin Klein, Herbert Klein, Chester Klein and Elmer Bredthauer. Burial was in the Scotia cemetery with Ashley's Mortuary in charge. Martha Klein, the daughter of George and Mary Klein, was born in Wurttemberg, Germany on July 31, 1879 and departed this life last Thursday afternoon in the hospital at Ord, March 20, 1952. Born in Germany, she came to this country with her parents when 2 years of age. They lived for some time in Indiana then coming to Nebraska and home-staying in the Fish Creek community. Early in infancy she was baptized into the Christian faith and later affiliated with the Lutheran church by the rite of confirmation. On April 8, 1903, she was united in marriage to Lou Bremer, making their home in the Scotia community. To this union were born four children: Roy of Cotesfield, Willard of Scotia, Glen of North Loup and Mrs. Blanch Bradley of San Francisco, Calif. She is survived by the children, her husband and three brothers and six grandchildren. Preceding her in death were her parents, one sister and 4 brothers. Relatives attended services from Ord, Mira Valley, St. Paul and Grand Island.

#### Nebraska Highways Blocked Saturday but Temperature Only 6.

(Continued from page 1)

day morning, the driver taking shelter in a farm house. A half dozen cars also stalled on the midway stretch west of St. Paul and had to be dug out when the storm abated. Mail came into Ord about noon Sunday and a second mail truck reached here late in the afternoon. Various items in today's Quiz tell about Ord people being storm bound at various points. Senator and Mrs. Hugh Carson, who tried to drive to Omaha Friday afternoon, were stalled near David City and remained until Sunday. Leonard Crook was snowbound at Atkinson. Marie and Adeline Kosmata, Denver, enroute to Ord, were held up in Grand Island from Friday night until Sunday. Wesley, an student enroute to Ord from Lincoln became snowbound in a farm house. There were many other such happenings.

Near St. Paul a car driven by James DeNoyer, North Loup, collided in the storm with one driven by Fred Maurer. Two passengers in the DeNoyer car, Bernadine Edwards and Joyce DeNoyer, had to be treated by doctors. Livestock in this area came through the ordeal well, though most farmers lost a few newborn pigs, lambs or calves, or at least newly hatched chickens. Long distance service to Ord remained open throughout the storm so travelers caught away from home were able to allay the fears of their people. It was a bad storm to come so late in the season and everybody hoping that spring, now here according to calendar, will arrive in actuality soon.

### BPW Club Has Fine Dinner and Meeting

The Ord Business and Professional Women's club held their regular dinner and meeting at the Presbyterian church Tuesday evening. The members of the Esther Circle, serving the meal. A short program followed, during which Charlene Blessing gave an interpretive oration, "One Sunday Afternoon," and Carol Struckman gave a dramatic reading, "Anne of the Thousand Days." These were the selections given at the district acclamatory contests held in Kearney last week. During the business session, the club voted to cooperate with the blood typing project. A short discussion concerning the coming of the Blood-Mobile was held. This is a project of the county Red Cross and no action was taken until it was assured that the plan was forthcoming. Carol Mortensen conducted a short parliamentary drill with the help of Katherine Helzer, Carol Kwiatkowski and Marie Blessing. The drill was conducted as a quiz program, with questions and answers being given. Those taking part were rewarded with prizes.

### Men's Retreat

The Rev. Carl Hayden, Chancellor of the Grand Island diocese will conduct a "Day of Reflection" in Our Lady of Perpetual Help church on Passion Sunday, March 30. The intention selected for this occasion is: "Return to Christian Morality." Although sponsored by the Knights of Columbus, the "Day of Reflection" is for all men of Ord and vicinity. The program will begin with a Corporate Communion for all men at the 8 o'clock Mass. At 11 there will be a conference in the church. A dinner will be served the men in the K. C. hall at 12 noon. The afternoon program will begin at 1:00 o'clock in the church, consisting of three conferences and other spiritual devotions, concluding with a Holy Hour from 4 to 5 p. m. All men who wish to make the day of reflection are to notify Richard Beran before Saturday, March 29.

**Church Dedication Held on Schedule Despite Blizzard**  
**Morning Speaker Late, Some Worshipers Couldn't Get to Ord.**

(Continued from page 1)  
 In the new edifice, Matt. 29:37-38. His theme was "The Harvest is Great" and "Send Forth Workers." The music of this first service was an anthem, "Psalm 150" by

Lewandowski. The male quartet, Mike Yost, Wm. Nelson, Ed and Duane Armstrong, sang "The Lord Is My Shepherd." The offertory was "Conzonetta" and the postlude, "My Heart Ever Faithful." The music throughout the day was directed by Wm. Nelson with Ruth Ollis as the organist.  
 A fellowship dinner was served in the Masonic hall at noon of which the members of the Presbyterian Woman's association was in charge.  
 The sermon of the afternoon was given by Rev. S. G. Kessler, D. D., pastor of the First Presbyterian church at Hastings. The money taken at the offering at this service was used to bear the expense of the dedication service. All the money over that amount will be used to purchase needed items for the new church.

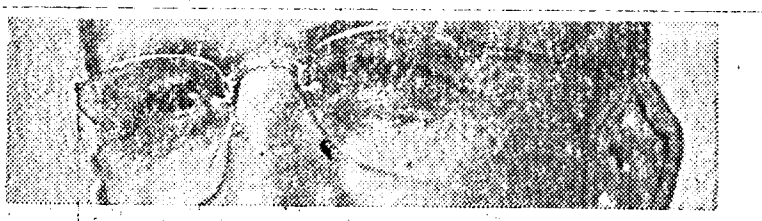

Supper was served informally in the Masonic hall. There was also time for an inspection of the new church before the evening praise service.  
 The address of the evening was presented by the Rev. Edward K. Trefz, Bible professor, Hastings college. Rev. Trefz stressed the beauty of the new church, also the need of worship in such surroundings.

Ushers for the day were Dr. F. L. Blessing, George Zikmund, Arthur Jefferson, Victor Kennedy, Glenn Beerline and E. R. Horner.

The new building was in exquisite order for the occasion, and was decorated with several bouquets of flowers, the gifts of friends. Two large baskets of gladioli stood on either side of the chancel, and other baskets of chrysanthemums and snapdragons were also used. Vases of carnations stood in the windows. A basket of yellow roses was placed on the organ.  
 The many flowers were taken on Monday, to the hospital and also to homes where there was sickness, or given to elderly people.  
 Each member of the Sunday School classes and the teachers and superintendents were given an autographed booklet by Rev.

**George Hastings Identified As Mystery Eyes Man**

George Hastings, who has been a resident of Valley county for more years than he cares to tell, was the owner of the Mystery Eyes in last week's Quiz.  
 Hastings, a partner with Hiding Pearson in the Hastings-Pearson Mortuary, has been a resident of Ord for nearly fifteen years. He is a native of Arcadia, where his people were pioneer settlers.  
 Hastings is serving his third term on the Ord city council. He is a member of the Cosmopolitan Club, and the North Loup Lions Club.  
 —Mr. and Mrs. Paul Genesli and Marion visited at the home of Mr. and Mrs. Floyd Peterson Tuesday evening.

**Strong.** The little book dealt with Bible facts and was entitled, "Facts of Gold."  
 The church, now dedicated, stands as a monument to those who have worked for years toward its completion. It is also, as one member put it, an impetus to the congregation to greater work in the future. And it is, furthermore, an inspiring place to worship.  
 Miss Swain also have 26 years to their credit. Mr. Kovanda has been in the system for 24 years, and Mr. Stoddard for 16 years. Mrs. Jefferies has 12 years back of her in the grade school, Miss King, nine, Mrs. Kokes, Mrs. Kovanda and Mr. Nelson, six, Mr. Peterson, five, Mrs. Tolch, seven, Mrs. Beran, three, also Miss Jensen, Miss Stansberry and Mr. Gogan. Miss Holden has been teaching here for seven years, Mr. Moore for four, Mr. Littrell, Mr. Dickey, two, Mr. Ballard, one and one half, and Miss Olson one year.

**Three Boys and a Girl**  
 There were three girls and one boy born last week in the Ord Cooperative hospital. This week the total is reversed, and there were three boys and one girl born.  
 One of the boys has for his parents, Mr. and Mrs. Orval Thomas of Arcadia. His weight was 7 pounds, 14 ounces, his birthday, March 20, and he was named Laddie Eugene. Dr. Lynn was the attending physician. The baby and his mother have been dismissed.  
 Dr. and Mrs. Paul Lambert of Ord, are the parents of a son, who was born March 24. He has been given the name of Dale Allen. He weighed 8 pounds, 1/2 ounces. Dr. Lynn was the doctor.  
 Thomas Wayne is the name given to the son of Mr. and Mrs. Dave Maurice, Ord, who was born March 24. He weighed 7 pounds. Dr. Lynn attended.  
 The baby girl is the daughter of Mr. and Mrs. Laddie Kveten-sky, Ord, and claims March 24 as her birthday. She weighed 7 pounds and 11 ounces, and has been given the name of Phyllis Elaine. Dr. Lynn attended.

**SHOOT STORY**  
**New Life**  
 By Richard Hill Wilkinson

THERE WASN'T any particular reason why young Phil Davis and his wife should dislike Temple. Yet this was the case. For one thing neither of them were used to the habits and customs of small town people. They were city bred, and hence misunderstood the kindly interest of their neighbors. Prying curiosity, they termed it.  
 "That Mrs. Bixby was over again this morning," Dot Davis said to her husband one night two months after they had become nicely settled. "She wanted to know where I had my washing done. Said she'd been curious ever since she discovered I didn't do it myself."  
 "Prying old huzzard," Phil muttered. "It's a blasted shame we have to put up with it. Tom Wheeler, who runs the local newspaper, was telling me today that Temple was no different from any small town. They're all the same, he said. God pity the people who have to live in them." He added bitterly.  
 "I'm sick of it," Dot wailed.  
 "Sick of seeing and meeting no one but gossipping old hypocrites, sick of the familiarity these people assume, once they find you're here to stay."  
 "But we're not here to stay," Phil cried with sudden enthusiasm. "You remember I told you how I'd been working on the head office? Trying to persuade them to transfer me to

Suffolk? Well, I think it's going through. We'll not have to put up with this drab, dull existence much longer, honey."  
 "I hope not," Dot cried fervently. "I can't stand it a great deal longer."  
 Two weeks later the long-hoped-for day arrived. Phil received notice of his transfer to the Suffolk office. Joyously the two young people packed up their belongings and said goodbye to Temple. They took an apartment in the suburb of Ashfield and set about the task of getting acquainted.  
 This wasn't particularly difficult. Mrs. Hooper, who was rather a plain looking person and who occupied an apartment on the same floor with the Davises, seemed eager to help the young folks get settled. She came in every day and made suggestions which Dot found helpful. Phil came home one evening to announce that he had joined a club, and would be out one night a week.  
 "It's just as well," said Dot agreeably. "Mrs. Hooper has asked me to join the Neighborhood Bridge Union, so I'll be out, too."  
 THEY learned things from Miss Hooper and other inhabitants of the apartment about other people in other apartment houses close by. For example, the Ricks were considered "fast." The Browns weren't all they appeared to be.  
 Bit by bit Phil and Dot adapted themselves to their new life. They learned with whom to associate, and whom to ignore. Gradually they settled into the usual routine.  
 A month after they had left Temple and its drab dullness behind, Phil arrived home one evening with a curious expression on his face. Dorothy noticed the change.  
 "Oh, nothing much," he replied to her question. "Bob Talbert was saying today that Ashfield was like a hundred other suburban towns. Same monotonous routine and dullness. The only break they get is when someone new arrives."  
 "That's odd," Dot said slowly. "Mrs. Hooper was in today. She wanted to know where I had my washing done. She'd noticed, she said, that I didn't do it myself."  
 Phil and Dot stared at each other for a moment in alarmed silence. Then suddenly, of one accord, they burst into laughter.  
 "Dot," he said, "I wonder if it's the place we live in or if it's just us. We wanted to be near a large city, and now that we've been here we've found out that pretty much the same is everywhere."  
 Dot nodded soberly. "I guess, Phil, dear, it isn't the place that makes one's life drab and dull, it's the people who live in those places, it's the way you treat them and they treat you. I guess human nature is pretty much the same everywhere. It's up to the individual whether or not he or she is happy." Phil held his wife close.

**Mrs. Gloyer Hears From Brothers**  
 Mrs. Rose Glover had letters this past week from her brothers, Arthur and Will Kaiser, who have lived in Olds, Canada, for many years. This letter stated that the brothers, both in the carpenter trade, had moved to Portland, Ore., where they were building a house for a friend. They also had been asked to submit bids to build a hospital in Salem, Ore., and to build a hall in Portland.  
 The letter further told of the difference in prices in Olds and in Portland, being so much cheaper in Portland. Their families are still in Canada, but Mrs. Glover thought that if her brothers had much work, all might move to Portland.  
 She also thought it possible that they would come here later on. She said it had been 25 years since Arthur had been in Ord, but that Will visited here about five years ago.

**A PRACTICAL PROGRAM DEVELOPED FROM EXPERIENCE IN GOVERNMENT**

1. The cost of government through administrative reorganization can be reduced. There has been no serious attempt of such reorganization since 1919. As a result, the number of administrative agencies has grown from 6 to 46. Efficient administration can be brought about only through the reorganization of the Executive Branch of government.
2. States taxes should be reduced to the lowest possible figure. The assessment of property should be equalized so that no one will pay more than his fair share of taxes.
3. Crosby believes in the development and promotion of irrigation, power, flood control, soil conservation, industry, agricultural products, oil, natural gas and the tourist business.
4. Crosby believes that a road improvement policy based upon need should be developed and that it should be completely free from politics.

Since World War II, Russia has communicated nine of its neighbor countries containing one-fourth of the human race (Poland, Czechoslovakia, Hungary, Rumania, Bulgaria, Albania, Mongolian Republic, China, and Yugoslavia). In the same period, Western nations have granted freedom to 13 Asiatic states which hold another one-fourth of the earth's people. These, says the National Geographic Society, are India, Pakistan, Ceylon, Burma, Israel, Jordan, the Philippines, Syria, Lebanon, Indonesia, and Indochina's Viet Nam, Laos, and Cambodia.

**Nut Cracking**

Nut-cracking devices of various kinds have been invented, but apparently nobody ever thought of the fellow who has to creep around under the trees to gather the nuts until Carl H. Smith of Milner, Ga., came along and invented the mechanical nut gatherer. This nut harvester is a drumlike affair to be rolled over the ground. U-shaped resilient grooves on the surface of the drum clamp onto the nuts and as the grooves come around to the top, the nuts are deposited in a basket. Carl Smith received patent No. 2,539,596 for this invention.

**Fouts Conducts Meet for Livestock Club**

K. C. Fouts of the Animal Husbandry department of the Nebraska college of agriculture conducted a training meeting for leaders of 4-H livestock clubs at the American Legion hall in Ord last Friday. Although the storm cut the expected attendance, leaders and county agents from Van, Garfield, Sherman, Howard and Greeley counties were present.

Mr. Fouts gave the leaders many useful tips on how to help their members with problems of selection of animals, feeding, fitting, and showing at fairs. He stressed the fact that in 4-H club work the main purpose is the development of boys and girls through group activities and competition. For the individual member to have a fair chance in competition with others, he must receive the best information available from his leader on the proper handling of his project.

**Easter as Observed in Denmark, Poland, Described by Ord Women**

Hansen, who lived on Lollar Island, Denmark.

Mrs. Hansen says Easter was observed in her country mostly by attending church. On that day many eggs are boiled and eaten, for it seems to be a part of Easter to eat all the eggs possible.

In some places, it was thought that if one would arise early enough it would be possible to see the sun dance, in honor of the risen Christ. Mrs. Hansen recalls that her husband, who lived in Copenhagen, would go out in the country early on his bicycle with his friends in hopes of seeing this phenomenon, but somehow it was never seen.

Easter begins in Denmark with Maunday Thursday, or the night of the institution of the Lord's Supper. On this evening, Holy Communion often is served. Church is held on Good Friday. On Saturday, extra food is prepared and clean fresh clothes laid out, and there is a general air of expectancy and getting ready for the next day. Easter services are held on Sunday with big meals for everyone and a time of rejoicing.

Now lets hear from Mrs. Joe Knopik, who lived near Dunning in her younger days:

Mrs. Knopik tells some of the stories her mother told before she left Poland. The day meant more to her mother than any other, and her children were brought up in the same belief. The family lived about 40 miles from a church, and Mrs. Knopik remembers how her parents, brothers, sisters and neighbors would rise at three o'clock in the morning to go to church.

**Card of Thanks—**

We wish to thank our many friends for every kindness shown to Janelle and Verden, at the time of their operations. May God bless each one.

—Rev. and Mrs. Olson.

**Rev. Fogelman, Had Mystery Eyes in Quiz**

Rev. G. E. Fogelman was the owner of the Mystery Eyes appearing in the Quiz two weeks ago. Pastor of the Assembly of God church in Ord, he has been a resident here for several years.

Rev. Fogelman also works part time in the Avers Furniture Store as salesman.

On another page of the Quiz is another set of Mystery Eyes in the advertising series sponsored by Dr. Glen Auble, optometrist. Can you identify them?

—Mr. and Mrs. Adrian Kusek and David visited with Mr. and Mrs. Charles Ackles and Doug Tuesday evening.

Lent was observed religiously in her girlhood home. Even the playthings were put away and the children were taught that Lent was a sacred time. Every evening the family gathered for prayer and music. Since it was a long way to go to church, the mother of the family said the Stations on Friday evening.

The Saturday before Easter, there was special food prepared. Fresh side pork was boiled and a certain kind of bologna prepared. Mrs. Knopik remembers how delicious this meat smelled when it was being cooked by her mother. Then fresh bread was baked, fresh butter churned, and many, many eggs were boiled. She remembers the kolaches her mother made for this occasion, and can't recall anything more delicious.

Good Friday, then as now, the family fasted and the day was observed, even though they were unable to go to church. The children knew what fasting meant and were a part of it.

The food was prepared on Saturday, or a part of it, and was arranged in a basket. The eggs were shelled, meat, bread and butter all put in place. Fresh clothes were laid out and every corner of the house was cleaned and made ready. And this was because of the risen Christ, and the children were taught that Jesus could be seen every where, and He did not want a bit of dust in his visiting place.

Early on Easter morning, members of the family left for the service at church. At that time each member had a taste of horse-radish before eating anything. This is in memory of the vinegar and gall that Jesus was given on the Cross.

The basket of food was taken to the church where it was blessed by the priest. When the service was over and the folks returned home, the mother prepared soup out of the food, the eggs and meat, that had been blessed and this was the main part of the Easter dinner. Generally there was company at this festive meal.

Mrs. Knopik says that often the family was going to church when the bells began to ring. She says that just to hear the sound seemed to make the air holy and she felt that she was in Heaven. The sound of the bells and the

sight of the many beautiful flowers helped her to feel that Easter was a special time.

Monday was a holiday and a picnic time. On that day, there was always company and a delightful picnic dinner. One game they always played was in which water was splashed on each other, but what the game was, or the significance of the water, she does not remember.

Thank you Mrs. Jens Jensen and Mrs. Joe Knopik.

**Here for Funeral**

Among those from out of town who attended the funeral services Wednesday afternoon for the late Miss Lucy Rowbal were Rev. and Mrs. W. E. Cummings, Vermillion, S. D.; Mr. and Mrs. Archie Rowbal, North Platte; George and Neil Rowbal, Des Moines, Ia.; Mr. and Mrs. Willis Swain and daughter, Jaquie, Kearney; Mr. and Mrs. Bob Rowbal, Lincoln; Margaret Holmes, Cheyenne, Wyo.; Rev. and Mrs. John Arnold, Mascot, and Paul Woeft, York.

Dinner was served to the family in the Richard Rowbal home before the funeral. Friends from the school and the Evangelical-United Brethren church were in charge.

—Dr. and Mrs. C. W. Weekes went to Omaha Wednesday where they plan to spend a few days looking after business matters.

Mrs. Alfred Aibers is looking after their son, Charles, during their absence.

Dinner and supper guests of Mrs. Anna Polak Sunday were Mr. and Mrs. Paul Genski and Marjion, Mr. and Mrs. Edwin Dunlap and family, Mr. and Mrs. Chel Austin and son and Grace Kokes.

—Mrs. Mary Collins was taken to the Ord Cooperative Hospital Tuesday, suffering from virus infection. She is getting along as well as can be expected. Her daughter, Mrs. Alva Barnhart came from Sargent Tuesday to be with her.

—A son was born on Tuesday, March 24, to Mr. and Mrs. Harlo Weaver, of Sioux City, Ia. This makes both Mr. and Mrs. Lewis Jobst and Mr. and Mrs. Ivan Robinson grandparents, since Mrs. Weaver is a daughter of Mr. and Mrs. Jobst and Mr. Weaver is a son of Mr. and Mrs. Robinson.

The Ord Co-op Creamery was represented at the annual Nebraska Cooperatives convention held in Omaha on March 19 and 20, by President W. C. H. Noll, Manager Emil Babka and the buttermaker, Adolph Sevensker.

Tubs of Nebraska butter were put to the test during the convention, and all agreed that Cornhusker butter smells, tastes, feels and looks good.

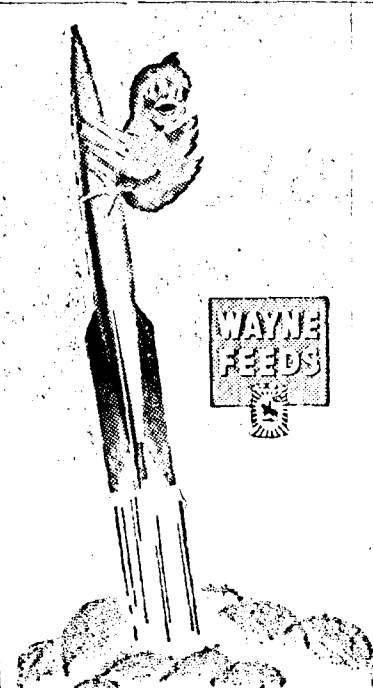

Adolph Sevensker took second place in the buttermaking contest and Emil Babka second place in the butter judging contest. Mr. Sevensker's picture appeared with other winners in the Thursday edition of the Omaha World-Herald. This was the 26th annual convention of the Co-operative Creameries and was termed as one of the best ever held.

Mrs. Babka and Mrs. Sevensker also went to Omaha and spent their time visiting friends and shopping.

**Somebody Did!**  
It simply isn't true that "everybody talks about the weather but nobody does anything about it." About 1593, Galileo invented an open-air thermometer for measuring temperature changes. The barometer, an instrument for determining atmospheric pressure, was invented by Torricelli in 1643. Modern scientists are investigating the possibilities of "changing the weather to order" by artificially inducing atmospheric conditions necessary for rain or snow.

**Coffee Siretcher**  
Restaurants and similar institutions using large vacuum coffee-makers can save up to 50 per cent on their coffee bill with a new device, called "Coffee Miser," which replaces the ordinary screen or plug type strainer in such types as coffee pots. This is the claim of the manufacturer, Javex of Clendora, California, which says the new extractor increases the saffcol--or flavor--content of coffee as much as 40 times. The device holds 1 1/2 ounces of coffee, enough to make 10 cups.

**Lucy Rowbal Memorial Fund Is Now \$80.00**

Donations to the Lucy Rowbal Memorial Fund reached a total of \$80.00 as the Quiz went to press today. Swelling the total was a \$25 gift from Miss Inez Swain, Miss Rowbal's long time companion, and \$15 from neighbors of Miss Rowbal, the balance of a fund which had been collected to buy flowers.

The Lucy Rowbal Memorial Fund will be used to purchase an Airlock for the Ord hospital. The Airlock, which could be described sketchily as a cross between an Iron Lung and an incubator, would be highly welcomed by both physicians and patients of this area. Only one in the state at present is in an Omaha hospital.

"If we could have had the airlock a year ago, several premature infants born in this community might be alive today," Frank Perry, hospital administrator, said today.

The Lucy Rowbal Memorial goal is \$1,000. This should easily be reached if each former pupil of Miss Rowbal will contribute a minimum of \$1.00. Larger donations, of course, will be gratefully received.

The Ord Quiz is acting as the collection center for the fund and donations should be brought or mailed to the Quiz. Or, they can be left at either of the Ord banks. Names of contributors will be published.

Started hurriedly last week, the Memorial Fund is barely underway. You are urged to mail your contribution at once, for the sooner the goal of the fund is reached, the sooner it can be put to live-saving use.

**Mrs. Fafeita Will Continue to Teach**

Mrs. Frank Fafeita, who has been acting as substitute teacher in the fourth grade room of the grade school since the middle of February, will continue to teach following the death of Miss Rowbal, the regular teacher. Miss Swain, who was with Miss Rowbal for some time before her death, returned to her work as principal in the grade school Monday. Mrs. C. M. Davis had been her substitute.

**Rice Cultivation**

From South Carolina rice growing moved into North Carolina and Georgia, and later into Alabama, Mississippi and Florida. Up to about 1849, most was grown in North Carolina, South Carolina and Georgia. The Civil War was the beginning of the end for rice growing in the Carolinas, and those states now are out of the picture, but it resulted in a rapid increase in rice acreage along the Mississippi River in Louisiana. Then the cultivation of rice was extended to the prairies of Texas and Arkansas. The first experiment in growing rice in California took place in 1908 and that state has joined Louisiana, Texas and Arkansas as a major rice producing state.

**Attended Dedication**

Many who planned to attend the dedication services of the First Presbyterian church Sunday from out of town had to give up their plans. However, a goodly number signed the guest book for visitors. Among those from a distance who left their names were: Mrs. Isabelle Nelson, Hastings; Mr. and Mrs. Wm. Strong, Alameda; Hannah W. Scovell, Denver, Colo.; L. W. Stallings, Casper, Wyo.; Mr. and Mrs. Alfred Christensen, Clarinda, Ia.; Mrs. Everett Glines, Grand Island; Carmen Strong, Alameda; Mr. and Mrs. O. P. Cronwell, Kimball; besides many from Taylor, North Loup, Ericson, Burwell and Elyria.

Speakers who signed their names in the register were Dr. and Mrs. S. G. Kessler, Hastings; Rev. and Mrs. Edward K. Trefz, Hastings, and Rev. George Bancroft, Omaha.

—Mr. and Mrs. J. W. Ambrose and Mrs. Clara Kinkadee spent Tuesday in Grand Island.

**Use Care in Choice of Fertilizers Advises Weldon**

Farmers were advised to use care in the selection of fertilizers for use this year by Dr. M. D. Weldon, extension soils specialist at the Nebraska college of agriculture, in meetings held last week at North Loup and Arcadia.

Because there is a shortage of fertilizer materials commonly used there are many unsuitable substitutes being offered. Rock phosphate is one material being sold in the state which has no place on Nebraska farms. The available phosphorus in this material is very low running only about 2% as against 18% to 45% in super phosphates. Rock phosphate at the rate of 1000 lbs. per acre and up may be O.K. on some of the acid soils farther east, but on our soils which are not acid it is practically useless.

In answering a question regarding liquid fertilizers or fertilizer solutions Dr. Weldon stated that most of them contain so little actual fertilizer that to apply them in the amounts needed by crops, the price is prohibitive. The cost is out of line because the farmer is paying the freight on a large quantity of water. In any fertilizer offered in solution the buyer should figure out the actual amount of nitrogen and phosphorus he is getting and then count the cost per pound as compared to the cost of buying these elements in the dry form. He told of one such preparation which sells at about \$7.00 per gallon and actually contains only about 50 cents worth of fertilizer.

This does not apply to anhydrous ammonia which is actually 82% nitrogen and is one of the

finest nitrogen fertilizers available. However it requires special handling and special equipment to apply it.

In short, Dr. Weldon stated that all fertilizers should be bought on the basis of the amount of available fertilizing materials they contain, regardless of whether they are in the dry or liquid form.

—Mary Beth and Jimmy Lukesh spent Thursday with their grandparents, Mr. and Mrs. Joe Lukesh, —12 three boys

—Mr. and Mrs. Peter Duka and boys were Wednesday evening callers at the home of Mr. and Mrs. Elmer Lukesh and family to help celebrate Mr. Lukesh's birthday.

## MRS. ETHEL HAMER Quiz Representative North Loup

Mrs. Martin Dunklau, Mrs. W. H. Odell and Idona, Judy Ingerson, Jim Cook and Martin Henry Markvicka went to Shelton Friday where the young people entered a district speech contest. Idona Odell gave a humorous reading, Judy Ingerson, a dramatic one, Jim Cook, oratory, and Martin Henry Markvicka entered the poetry reading contest. The stormy Friday evening on the return trip was so bad that they stopped in Wood River where they were guests of Mrs. Agnes Manchester until Sunday noon when they were able to get home. The party left Shelton before the contestants' criticism were posted so they do not know how they were rated.

The Harold Hosman family of Omaha arrived Sunday, after being stalled by the snow storm in t. Paul Friday night. They came for the funeral of Mrs. Hosman's mother, Ray Drawbridge.

Mr. and Mrs. Harvey Bar have moved to their home in North Loup and their son, Stanley, is living on the farm.

Mrs. Estelle Poe of Seneca returned home Sunday after spending several days in the home of

Mr. and Mrs. Stanley Barr. Mrs. Poe is the mother of Mrs. Barr. Pfc. Carl Ray Hoon, son of Mr. and Mrs. Ray Hoon of Cotesfield, is in the air corps and is stationed at Sheppard Field, Tex., where he is attending a technical school. He has completed his basic training at San Antonio. Mr. and Mrs. Hoon are both former Valley county people and their son was born here.

Mr. and Mrs. Murray Cornell spent the day Thursday with Mr. and Mrs. Wayne King. Mr. and Mrs. Harry Van Hoosen. Between three and four inches of snow was measured by the official weather gauge in the Friday and Saturday storm. Roads were blocked until Sunday when the main roads were opened up.

Dean Noyes, the seven year old son of Mr. and Mrs. LaVerne Noyes, of Myrtle Point, Ore., submitted to an emergency appendectomy by Dr. Markley Wednesday night. The Noyes family had been visiting in Sutton, and came back late Wednesday. Sunday Dean was able to come home and the family hopes to go on home later in the week.

Dean and David Van Hoosen returned to their home in Grand Island on the Sunday evening bus after spending the weekend with the Joe and Pete Drawbridge families were stranded in Shelby from Friday until Sunday on their way here from Omaha to attend their father, Ray Drawbridge's funeral.

Mr. and Mrs. Harry Telen, Mr. and Mrs. Claude Thomas and Mr. and Mrs. Arthur E. Smith took their dinner and went to the home of Mr. and Mrs. Murray Cornell Wednesday to help celebrate Mr. Cornell's birthday.

Elmer Drawbridge drove to Grand Island Friday morning to meet his sister, Mrs. Marie Beck and small son who were called here by the death of her father, Ray Drawbridge.

Mrs. F. D. Saunders had her tonsils removed by Dr. Markley at the Ord hospital Thursday.

Mr. and Mrs. LaVerne Veleba will move soon from the Mary T. Davis house to the apartment in the basement of Dr. Hemphill's old office building.

## Ray Drawbridge, 77, Laid to Rest in No. Loup Monday

Funeral services for Ray M. Drawbridge, 77, were held Monday afternoon at 2 p. m. from the North Loup Methodist church. Rev. J. Arthur Miller in charge. A trio, Mrs. Genevieve Hoepfner, Mrs. Cloyd Ingerson and Roy Hudson, sang.

The active pallbearers were his four sons, Elmer, Pete, Sam and Joe, and his two son-in-laws, Harold Housman and Elmer Crockett. Honorary pallbearers were C. W. McClellan, Charles Meyers, L. L. Sheldon, John L. Ward, A. L. Willoughby and Harlan Brennick. Burial was in the Scotia cemetery. The Ashley mortuary, Scotia, was in charge.

Ray Maywood Drawbridge, son of J. W. and Faustina Drawbridge, was born May 18, 1875 at Eldora, Harding county, Ia. The family came to Nebraska July 2, 1877. They homesteaded east of Scotia. Ray was baptized into the Scotia Presbyterian church at the age of 13 years. He farmed south of North Loup and for himself, until his marriage to Anna Jorgensen at Loup City, Oct. 29, 1907.

They moved to the present W. O. Zanger farm north of North Loup where they farmed for eight years, then moving to North Loup, where he worked at the mason trade.

Eight children were born to them: Mary York, North Loup; Agnes Crockett, Cotesfield; Elmer Drawbridge, North Loup; Pete Drawbridge, Omaha; Sam Drawbridge, Scotia; Joe Drawbridge, Omaha; Fern Housman, Omaha, and Marie Beck, Norfolk, Va. He is also survived by his widow, 19 grandchildren and three great-grandchildren; also by four brothers, Charles, George, Roy and Bill, all of whom live in North Loup; also a sister-in-law, Mrs. Nora Drawbridge. His parents, three brothers and a sister preceded him in death.

Mr. Drawbridge was a member of the Modern Woodmen of America at Scotia and North Loup while that organization was active. He was a great lover of the outdoors and enjoyed both fishing and hunting. He was of cheerful and helpful disposition, always willing to help anyone in need, and he will be missed by all who knew him.

Mr. and Mrs. Lester Jorgensen and their two children came Thursday from Iowa and spent the weekend with Mr. and Mrs. Pete Jorgensen.

Mr. and Mrs. Dale Stine and Gregory went to Omaha Sunday for Gregory to have a checkup at the Children's Memorial hospital Monday morning. Gregory was a polo victim last summer and is nearly recovered but reports periodically for a checkup.

## Lions Club's Annual Athletic Banquet Enjoyed Thursday

The North Loup Lions club enjoyed two special events in successive evenings this week. Wednesday evening at the high school gymnasium the Lions played the North Loup town team a game of basketball. The rules called for all members of the club to be present or be prepared to pay a fine of \$2. The Lions had plenty of chances but failed to make good at hitting the basket, the game ending 20 to 16 for the town team. Butch Manchester made 14 of the 16 Lion points.

Thursday evening at the Community hall occurred the annual Lions sports banquet in which all boys who participated in athletics during the year and their fathers were guests of the club. Other guests included Supt. Frazer and Coach Keebaugh of the Scotia schools and two of their star athletes, Polonoski and Portis. Supervisor Ed Roe was a guest of John Edwards. Dr. F. J. Osentowski, Carl Weckbach, Dean Misko and D. E. Troyer of the Ord Cosmopolitan club were also present.

Coach Donald Jones introduced the boys, who introduced their fathers. He then introduced Howard DuBois, star athlete of Wesleyan university, who spoke briefly. Then came the introduction of the speaker of the evening, Head Athletic Coach Roy Robertson of Wesleyan, who gave a most inspiring talk on "What Athletics Means to All of Us." The boys present were Gale Syntek, Gene Larkin, Richard Hawkes, Duane Willoughby, Kenneth Cook, Gale Brown, Roger Leonard, Kenneth Ingerson, Gene White, Roger Hellwege, Dale Thompson, Carl Schauer, George Thorgate, Darrell Fenton, Roland Newman, Kay Sawyer and James Williams.

Preparing the meal were Mrs. Bessie Roby, Mrs. Clifton Clark, Mrs. Henry Layher and Ila Roby.

## North Loup Needs This New Voc.-Ag. Building!

**HISTORY OF THE CRISIS IN THE NORTH LOUP AG DEPARTMENT**

In 1950, the State Department of Vocational Agriculture told the school board that in the opinion of the State Department the North Loup School district was not to be approved as eligible for Smith-Hughes money. Members of the State Department said that the present shop was entirely inadequate, that unless the district provided at once an approved shop, that we could no longer participate in the State Agriculture program. Members of the school board informed the State Department that under the existing tax load, they could not ask the people in the district to make available additional funds for a new shop building. The school board went a step further and suggested to the State Department that it give us a temporary approval for two years, after which most of the bonds on the school building would be paid, and that the school board would then put before the people in the district the proposition of a new shop building. Following a meeting with the head of the State Department, the school board received a temporary approval for two years with our present shop facilities. It was understood by both parties this if at the end of two years no shop was built, that then the ag department in our school would have to be discontinued.

The school board and the voters who attended the annual school district meeting have approved the proposition of putting before the voters the building of a new agriculture shop. At the primary election, the voters will have an opportunity to vote on the following proposition: To give the school board authority to issue up to \$15000 in school bonds for the purpose of building and equipping an agriculture shop which will meet the requirements of the State Department of Vocational Education.

The estimate for the building above was \$11000 in round figures. If the entire amount of bonds authorized are not needed they will not be issued. Thereby lowering the cost to the district under the estimated amount.

It is planned that if the bond election carries, none of the bonds are to be redeemed until all the unpaid bonds on the school building have been retired. The present levy for the payment of the bonds on the school building is 6.97 mills. The levy for the payment of the proposed bonds will be .6 mill for the first two years. Then beginning in 1955, the levy will be 3.8 mills. Thereafter, the required mill levy will decrease each year as less interest is paid. Compared to our present bond levy, this is about half of what we are paying now to retire the bonds on the school building. The proposed bonds on the new ag building will be paid in full within five years if present plans materialize.

The Ag program in the N. L. schools offers a course of study that attracts farm boys who live outside the district. Thus if we keep our Ag department we will have outside tuition to help defray the cost of an Ag teacher. The Smith Hughes program also pays part of the instructor's salary. Taking these two features into consideration our Ag class actually costs less to operate than any other course offered in high school.

Bear in mind that these figures are based on the present valuation of property in the district and also at the highest rate of interest which the board has reason to believe will have to be paid for the bonds. While the notice for the bond issue reads "not over 6 per cent," the board feels that the bonds can be sold at a 4 per cent rate, and possibly even lower.

Now let us see how much taxes will have to be paid in dollars and cents on property which has a valuation for taxation purposes of \$5000. For the first two years, from 1952 to 1953 and from 1953 to 1954, this taxpayer will pay the sum of \$3.00. Then in 1955, when the interest is paid and some of the bonds are redeemed, his taxes will amount to \$19.00. After 1955, his taxes will decrease a little each year because interest will no longer be payable on the bonds which have been redeemed.

## Baby Sitting Almost Big Business—No Union, but Plenty of Rules

What are the rights and privileges of a baby sitter? And, of the baby sitter's employer? Or does she have rights?

Is it okay for a baby sitter to raid the refrigerator?

Do you mind if she leaves a saw near the crib, so Johnny can saw his way out of his pen?

Don't let anyone say you're baby sitting is big business. And when you have big business you have to have rules, and these rules can't be one-sided. Miss Bobby-Soxer must know what is expected, and the fond parents can't be unreasonable either, when it comes to the care of Little Rollo.

For instance, the sitter feels that she has the right to expect the youngsters left in her care to MIND. On the other hand, parents like to feel that the sitter is not without mercy and will be kind to her little charges.

Mothers don't go for a sitter snoozing on the job, unless they are really light sleepers. Mom's ear is plenty sharp where baby is concerned, but some sitters are pretty sound sleepers with not too much feeling of responsibility.

Of course the sitters feel that parents should show up at the time they promise to be home, not come riding in with the dawn, which is a little rough when the sitter is a school girl.

Then, too, sitters don't wish to be curious, but they feel that they should know where the parents are, in case of emergency. When the baby starts to cry, parents or a doctor may be needed, and fast.

Parents think that they have the right to tell the young sitter

when you are going to leave them, and some plans made for a happy evening for all concerned.

Ord parents expect various things of sitters, sometimes such items as doing up lunch or supper dishes which isn't, properly speaking, baby sitting. Most Ord mothers don't want their youngsters rocked, but simply put to bed and kept there.

In Ord, baby sitters customarily charge 25c to 35c per hour, with prices rising sharply after midnight, though several employers don't feel extra coin is necessary if the sitter is permitted to sleep while her charge is asleep.

Numbers of Ord high school girls pick up pin money by doing sittings. They find the money very handy for the extras every girl wants, Easter bonnets, pretty sweaters and so on.

Occasionally an older boy does a good job of child-minding for a younger lad, but usually it seems to be left to the women, for traditionally woman's work, in Ord as in the rest of the world.

—Dr. H. N. Norris, Osteopath. 32-1tc

Ella Wheeler Bond

(Cont. from Page 1, first Sec.)

And in 1914, the family moved to Nebraska. In the meantime they had lived in South Dakota, and had had friends who moved later to Taylor. When the family decided to move to Nebraska, they stopped at Taylor to visit these friends, who insisted that they settle there, but Ord was the place they had decided on. And when they came their piano, Miss Bond recalls that when they came here there were only 11 other pianos in the community. Mr. Bond was a physician and doubtless many can remember him.

1,000 singers, being a soprano, who took part in the Patti Festival under Chapman. She spent three years in New York. After her return to Ord, she and her mother taught music, and Miss Bond still continues the work. She has been instructor in voice, and also the piano and violin. During her earlier days of teaching she had as high as 75 pupils, and would begin her day at 7:30 in the morning and continue until after ten at night, and she enjoyed every minute of her work. She was a member of the state association of music teachers, and for 13 years never missed a session. It was at one of these sessions, she remembers, that while taking part in one of the choruses, she noticed that the board on which she was standing on the arrangement on the stage, was beginning to split. She remembers that she hardly dared move, and she was afraid to look at the board, but that it lasted until the program was over. Her mother taught music until she had a fall from which she died.

church and for the first ten years, she never missed a service. Whenever, for one reason or another, there happened to be no service in that church, she helped some other church, and found that there was always something that she could do. For three different times she worked the same way in the Methodist church. She still plays in different churches now, and almost always gives her selections from memory.

Her brother, Rollin Bond, lives in Washington, D. C., and who has composed several marches, probably the best known being, "Across the Missouri." She tells how he came home one noon to dinner, and the inspiration came to him. He asked that he be left entirely alone until the notes were put to paper not even wishing to be called to the meal. He wrote out the entire march before he stopped. He organized the Ord band, and went with the group to several important state affairs. Recently he composed a march for the Ord high school band and for the city, but Director Nelson considered it too difficult for the young folks at that time. Mr. Bond is still composing.

Royal Kensington Is an Old Club

Mrs. Flavia Twombly Schwarzel, who lives at 63 Williams St., Meadville, Pa., writes to Quiz readers: "I noticed in last week's Quiz, the issue of March 13, an account of the Woman's club of Ord, and it was wondered if there were any other old clubs. Perhaps by now someone has reported the Royal Kensington club of which I had the honor to belong before leaving Ord. "It was organized the spring of 1916 at the home of Mrs. P. E. Pocock of Meadville Valley with a membership of 13. It was first organized as an Aid Society, later being Red Cross work during World War I. In Dec. 1921, it took the initiative in introducing woman's extension work in Valley county. The Happy Circle club of Haskell, which was organized on March 29, 1916, joined us in asking for a demonstration on dress forms, and 20 forms were made in that four day demonstration. "Charter members who are still active in the R. K. C. are Mrs. P. E. Pocock, Mrs. Ivan Bots, Mrs. S. I. Williams and Mrs. S. A. Waterman, a daughter of Mrs. L. L. Oliver. "I would be interested in knowing how many of the 22 clubs, (Valley and Garfield), active in extension work 25 years ago are still active. "I myself, am an extension worker in both adult and in 4-H work, having been a 4-H leader for 14 years. I have a class in sequin jewelry in the adult recreation program, a Red Feather agency, which meets at the public library every Friday afternoon, and have designed a new type of sequin pin." —Flavia Twombly Schwarzel.

She is of the opinion that about the year of 1915, music in Ord was at its peak. At that time there seemed to be music in the air everywhere and distinctly not juke box stuff. Programs were being presented by local talent, and there were traveling musicians whose programs brought great crowds. In addition, she remembers the chauntaus and the lecture courses and the splendid music offered at the time.
