# About Boating Safely

## 2017 Certification Classes

**Safety on the water** is the reason everyone should take the basic course presented in this area by Flotilla 47, United States Coast Guard Auxiliary. Comprehensive courses include trailering and launching, rules of the road, aides to navigation, safety equipment and proper operation of small craft. Once successfully completed, the certificate meets New York State requirements for personal watercraft (PWC), such as a jet ski.

### **Mandatory Education Requirements**

New York requires that anyone operating a personal watercraft (jet ski boat) complete an approved course in boating safety or otherwise be accompanied, on board, by someone 18 years of age or older who is the holder of an approved boating safety certificate. Certificates are required to be carried at all times when operating the personal watercraft. An approved course of instruction includes an 8-hour classroom session and a proctored examination. Certificates issued by the U.S. Coast Guard Auxiliary and other approved agencies are acceptable alternative certification under state law. Previously issued young boater safety certificates, issued by the State of New York, are also acceptable. An operator who is the resident of another state or country and is the holder of a valid boating safety certificate issued pursuant to the laws of the operator's resident state or country is exempt from the NYS certification requirement. However, they must have the certificate with them when operating. The following individuals are exempt from the personal watercraft educational requirements: both U.S. and Canadian licensed commercial vessel operators, NYS certified boating instructors, certified instructors of the U.S. Coast Guard and the U.S. Power Squadrons, peace/police officers, fire/rescue personnel and lifeguards acting pursuant to their assigned duties. Remember, in order to operate a personal watercraft everyone must have a Safe Boating Course certificate approved by NYS.

## Hike Onanda

Onanda Park boasts more than two miles of hiking trails on over eighty acres located on the west side of County Rd. 16, about eight miles south of the City of Canandaigua.

Experience the varying land formations and flora within the park and visit the stations along the parks hiking trails. Nearly 200 species of birds have been recorded, deer abundant and several other mammals that a keen observer might spot. The old fields, young woodlands, climax forests and shaded glens harbor hundreds of different species of flowering plants, ferns, shrubs, vines and trees. Encounter rustic benches along the hike and two

waterfall lookout decks: one with a covered seating area providing spectacular views of the gorge, waterfall and lake. The Onanda trails and trail structures have been developed in cooperation with the Conservation Department of Finger Lakes Community College. Park staff, FLCC faculty, and students have produced what exists today.

Stop by the gatehouse for a hiking guide.
