# Rural Route Directory

PRICE \$10.00

This New 1928 D. & B. Perfected Rural Route Directory of this district, has been compiled by a personal census of the rural homes, with a free distribution to Rural Homes, making this directory available to thousands of residents in this district.

This Rural Route Directory is compiled and arranged alphabetically by towns of the persons receiving mail by rural carriers in this district.

This information is of appreciative service to all in the rural district to locate others and for the exchange of farm or home commodities.

For the convenience of those desiring direct appeals to homes on rural routes, this directory gives immediate information.

Compiled and published under the direction and supervision of a committee of local merchants.

Young men and women over sixteen years of age are listed as adults, to be reached in care of their parents, or with whoever they may reside.

## WARNING

### To All Automobile Owners—Don't

give rides to strangers or any persons along the highway, men women or children. IT IS DANGEROUS. You may be beaten up, robbed, forced to drive another way, loose your car, blackmailed by strange women, and you are liable for any injury to children getting in or out of your car. You are taking a risk to stop at night to assist some one claiming an accident. Most women can change their own tires, and a garage or filling station is usually close to all accidents and troubles.

# ANN ARBOR

---

The rapid growth of Ann Arbor and its popularity as a trade center has been due to a large extent to its commanding location. Ideally situated in the heart of a large and rich agricultural district, with a complete diversification of products, the city has become known and recognized as the logical center of this territory.

History of Ann Arbor dates back to 1814 with the first settlements by the Allens, Rumseys, Nowlands, Wests and Maynards. Soon after followed a large number of sturdy Germans anxious to create a home and livelihood, free from the bondage of the old country, and we find by 1840 that Ann Arbor was thoroughly established as the center of all activities for southeastern Michigan.

Through the efforts and foresight of these early pioneers backed by their finances as a subsidy, the University of Michigan was located here. This institution now has student enrollment of nearly 11,000, and employs regularly in its several departments 3900 people. Total valuation of the University as represented in land and buildings is estimated at \$30,000,000. This institution offers higher education at reasonable cost to students from all over the world, and serves in a definite way the families of Ann Arbor's trade territory.

The facilities of the University Hospital with its accommodations for 1100, the use of the Library with its 550,000 volumes, the games at the Stadium where crowds of 87,000 can be accommodated, the concerts, entertainments and programs at Hill Auditorium, the musicals made possible because of the School of Music, all these and many others, are available and open to the general public and to those living within a short radius of Ann Arbor offer diversification and amusement not to be found elsewhere.

Employment, business and prosperity are also reflected in the 88 industrial establishments located in the city employing capital of \$7,250,000, with value of annual finished products in excess of \$8,000,000 and wages paid of \$2,000,000. This amount of money spent locally added to the \$20,000,000 a year made possible because of the University of Michigan makes an unusually favorable business condition, and to the families of the territory surrounding Ann Arbor, this wealth creates better stores from which they may be served. On account of the character of the community, a wider selection of merchandise, with due thought to prevailing styles and demands is to be found here than elsewhere, and it is this that contributes to the popularity of the city as a trade center. The merchants are organized through their Chamber of Commerce to give to customers service and satisfaction with all purchases, and work to the end of improving friendly relationship throughout the territory they serve.

The farmers of southeastern Michigan are cordially invited to make Ann Arbor their headquarters for business and pleasure, here to market their produce and make their purchases, here to enjoy the features of entertainment offered by the city and University, here to send their children for the higher education offered by the great University of Michigan, and here to live in their days of retirement. The merchants of Ann Arbor extend this invitation in the spirit of friendliness and good feeling to their friends the farmer living nearby.

# If You Were Managing A Bank

You would wish to do these things

¶ First and foremost, you would wish to so lend the funds entrusted to your care that there could be no possible loss to any of your depositors.

¶ Secondly, you would wish to lend those funds in a way to best serve the interests of your community.

¶ Lastly, you would desire the service offered by your bank to be at all times both friendly and helpful.

¶ These are the things you would wish to do. They are the things which this bank have in mind in its management.

# It Costs Very Little to Send Goods by Parcel Post

Packages up to 70 lbs. are carried in zones 1, 2 and 3; in all other zones 50 lbs. is the limit in weight	Zone 1 Not over 50 miles	Zone 2 Not over 150 miles	Zone 3 151 to 300 miles	Zone 4 301 to 600 miles	Zone 5 601 to 1000 miles	Zone 6 1000 to 1400 miles
For weights up to 1 lb. the postage is .....	7c	7c	8c	9c	10c	11c
For each additional lb. or fraction of a pound add .....	1c	1c	2c	4c	6c	8c

## How to Send Money

- |                          |                           |
|--------------------------|---------------------------|
| 1—Postoffice money order | 4—Cash by registered mail |
| 2—Express money order    | 5—Personal check          |
| 3—Bank draft             | 6—By telegraph.           |

If you live on a rural route you can give the letter containing your order and money to your carrier and he will buy a money order for you at the postoffice and enclose it in the envelope with your order and mail it. This is a ruling of the Postoffice Department and you are protected by the carrier's receipt which he will give you.

## Cost of Money Orders

1c to \$2.50, 5 cents; \$2.51 to \$5.00, 7 cents; \$5.01 to \$10.00, 10 cents; 10.01 to \$20.00, 12 cents; \$20.01 to \$40.00, 15 cents; \$40.01 to \$60.00, 18 cents; \$60.01 to \$80.00, 20 cents; \$80.01 to \$100.00, 22 cents.

## Insurance on Third and Fourth Class

Up to \$5.00, 5 cents; \$5.01 to \$25.00, 8 cents; \$25.01 to \$50.00, 10 cents; \$50.01 to \$100.00, 25 cents. Return receipt, 3 cents.

## Special Delivery for Parcel Post and Charges for It

If you want the package to be handled the same as first-class mail, you can pay 25 cents extra and it will receive "the same expeditious handling, transportation and delivery accorded to mail matter of the first-class."

## Name and Address

Write your name and return address on your envelope, write your name and address on your orders very plainly. Oftentimes customers print their names. This is a good idea because it is plainer and avoids mistakes in addressing packages or letters.

## How To Return Goods by Parcel Post

If you return goods by Parcel Post, paste an envelope containing your letter and the bills to the outside of the package and put a 2-cent stamp on the envelope in addition to the postage on the package. In this way your letter and the package is received at the same time and can attend to your wishes promptly.

Do not enclose your letter inside the package as this is contrary to postal laws. Postage on packages mailed on a rural route is 2c a package less than if mailed from a postoffice. Put postage according to weight and zone on package and a two-cent stamp on letter. Tie package with strong cord. Do not seal package. Write your name and address on both package and envelope. Paste letter to package under string.

## Brief Business Laws

If a note is lost or stolen it does not release the maker; he must pay it if the consideration for which it was given and the amount can be proven. Notes bear interest only when so stated.

Principals are responsible for the acts of their agents.

Each individual in a partnership is responsible for the whole amount of the debts of the firm, except in cases of a special partnership. The word "limited" in connection with a firm name, indicates that a limitation of responsibility for each member is fixed.

Ignorance of the law excuses no one.

An agreement without consideration of value is void.

A note made on a Sunday is void, also one dated ahead of its issue. It may be dated back at pleasure.

Contracts made on Sunday cannot be enforced.

A note by a minor is void in some States, and in others it is voidable on judicial decision.

A contract made with a minor, or a lunatic, is void.

A note obtained by fraud or from a person in a state of intoxication cannot be collected. It is a fraud to conceal a fraud. Signatures made with a lead pencil are good in law. The acts of one partner bind the rest.

"Value received" is usually written in a note, and should be, but it is not necessary. If not written it is presumed by the law or may be supplied by proof.

Checks or drafts must be presented for payment without unreasonable delay.

An indorsee has a right of action against all whose names were on the bill when he received it.

No consideration is sufficient in law if it be illegal in its nature.

## Quick Estimate of the Amount of Land Under Cultivation

A piece of land that contains an acre  
will be

5 yards wide by	968 yards long
10	484
20	242
40	121
70	69 1-7
80	60 ½

or

60 feet wide by	726 feet long
110	396
120	363
220	198
240	181 ½
440	99

A plot of ground 12 rods, 10 feet and  
8 ½ inches square is an acre, but  
for quick figuring a plat of land  
that is 12 2-3 rods square is an  
acre

An acre of land is contained in a  
plat

3 rods by	53 1-3 rods

Dear Madam:

For a long time you have had a desire that some time in the future you could be of some financial assistance to your children or some relative.

First of all is the better education of your children, the having of some ready money to help them into a business of their own, or some money that is available for emergencies of your own later life, and the opportunity to assist some loved one that might need financial assistance in their later years.

Might we suggest and recommend for your approval a successful tried-out plan that will not only provide a protection but also a stated sum of money to fulfill your desires to be of real service.

Our company is one that insure women, and we have more than fifty thousand women in all walks of life as our patrons, and several thousand of these live in Michigan

It has been our mission during the past twenty years to issue policies to women for \$1,000, \$2,000, \$3,000 or any multiple thereof to women without medical examination.

We can offer healthy women a policy which provides

[P.T.O.]

# Measurements at Sight

**CUBIC FEET**—multiply the length, width and depth together.

**GRAIN MEASURE**—To find the capacity of a bin or wagon box of grain multiply the cubic feet by .8 (tenths), and for greater accuracy add one-third of a bushel for every 100 cubic feet.

**EAR CORN MEASURE**—To find the contents of a corn crib. Multiply the cubic feet by 4 and divide the product by 9.

**CISTERN MEASURE**—To find the capacity of a round cistern or tank. Multiply the square of the average diameter by the depth and take 3-16 (three-sixteenths) of the total, which will be barrels.  
For square tanks or cisterns—multiply the cubic feet by 2 3-8 (two and three-eighths) to determine the barrels.

**HAY MEASURE**—About 500 cubic feet of well settled hay, or about 700 cubic feet of new mown hay will make a ton.  
To estimate the amount of hay in the mow. Ten cubic yards of meadow hay will weigh a ton.  
When taken out of an old stack, 8 or 9 cubic yards will make a ton.  
Eleven or twelve cubic yards of clover, when dry makes a ton.

**LAND MEASURE**—To find the number of acres in a body of land. Multiply the length by the width (in rods) and divide the product by 160.  
When the opposite side are unequal, add the two sides and divide by 2 and multiply with the other side and divide the product by 160.

# Weights and Measures

Each of the following quantities weigh 1 pound:

## Kitchen Weights and Measures

- 2 cups lard.

## For the Farmers of Washtenaw County

THE WASHTENAW TRIBUNE is devoted to the best interests of the rural residents of Washtenaw County. Our aim is to make it useful to you in every possible way.

### AUCTIONS

Don't pick your date by chance. If you are considering an auction come first to The Washtenaw Tribune office where you can have access to our list showing the dates of scheduled sales. Avoid the misfortune of planning your auction for a day when someone else is selling off. This valuable information is yours for the asking whether you are a Washtenaw Tribune subscriber or not, or whether you advertise your sale with us or not.

You undoubtedly will advertise in The Washtenaw Tribune when you learn how sure fire our auction advertising plan has proved for others and how it insures you against a rainy day. But list your sale with The Tribune the very first thing you do in any case. You are then certain of an open date.

### WASHTENAW TRIBUNE CLASSIFIED ADS

Will sell that farm, farm product, home, shop, or business. If you wish to buy rent or lease, if you have lost or found anything, a few cents spent for a Washtenaw Tribune ad will spread the news over the entire county. It reaches over 6,000 readers twice each week. To prove to you the wonderful possibilities of this medium for reaching buyers or sellers, to get help, to find jobs, etc. We are attaching to this sheet

# Baby Chicks

## Springtime is Seedtime

The Right Seed Assures You Profit. Hatchery Chicks are no better than the reputation of the Hatchery that produces them.

This line divides Profit and Loss.

### IT REPRESENTS PRODUCTION ABOVE 150 EGGS A YEAR

Are your birds above or below this average? Figures show the average hen lays 90 eggs a year. Many report over 150 eggs yearly average from our stock. Over 90% of our chicks of last season were sold to customers who have bought from us for five years.

### WARNING

### To All Automobile Owners—*Don't*

give rides to strangers or any persons along the highway, men women or children. IT IS DANGEROUS. You may be beaten up, robbed, forced to drive another way, loose your car, blackmailed by strange women, and you are liable for any injury to children getting in or out of your car. You are taking a risk to stop at night to assist some one claiming an accident. Most women can change their own tires, and a garage or filling station is usually close to all accidents and troubles.

## *Mr. and Mrs. Farmer!*

We want your business. Prompt deliveries made anywhere in the county. No delays.

Our fully motorized mill is prepared to turn out the finest quality of perfectly finished interior trim ON TIME.

Our prices are consistently low, quality and service considered. Mail order houses cannot compete with us on this score.

We can furnish plans and helpful suggestions for your home, the barn, implement sheds, chicken coops, hog pens or any of your farm buildings. We can re-roof your buildings on the installment payment plan.

Above all else we value our reputation for a square deal and consider no deal finished until the customer is satisfied.
