Churchill Says Coup Would Ruin Irish Cause For Century

Attempt Not at All Likely, He Declares; Troops Expected to Leave South Ireland; Further Disorders in Belfast Reported.

London, Feb. 16.—Prediction that a coup d'etal in Ireland which would result in the setting up of a soviet republic would ruin Ireland's cause for a century was made by Winston Churchill, Secretary for the Colonies, in moving in the House of Commons today the second reading of the Irish Free State bill. Such an occurrence was not at all likely, however, in the opinion of the British Government, he said.

London, Feb. 16.—Michael Collins's return to Dublin after only twelve hours in London and his admission that he was not dissatisfied with the results of his conference with Government officials here are taken to mean that the British evacuation of South Ireland will be resumed forthwith and continue uninterrupted.

This will relieve the situation of one of its most serious features. No official explanation of the assurances given Mr. Collins, however, has yet been made.

No troops have been moved from the South since Monday except 400 cavalrymen who embarked at Dublin for Liverpool last night.

The suspicions aroused in Ireland by the suspension of Mr. Churchill's return are reported to have been provoked by the contradictory statements in Parliament yesterday of Lord Chancellor Birkenhead and Secretary for the Colonies Churchill. The former, speaking in the House of Lords, intimated that the halting of the evacuation was due to disorders in the South, while Mr. Churchill told the House of Commons that it was in consequence of troubles in the North and detention of the Monaghan football players by Ulster.

Only three returned. Notwithstanding declarations that several kidnapped Unionists were released yesterday, only three have reached their homes, according to latest dispatches from Belfast, where there is no report in tension pending the arrival of the others.

The House of Commons was again to take up to-day the bill establishing the Irish Free State. Mr. Churchill to move second reading.

Strength of Conservative opposition to the measure, which is stated to be growing out to recent years in Ireland, is not yet satisfactorily gauged, and probably will depend upon developments between now and the vote, as well as upon the statements of Mr. Churchill. Best informed opinion now is, however, that the dissidents will not prove powerful enough to prevent passage of the bill.

Belfast. The strife in Belfast, which yesterday went from bad to worse, is causing greatest concern to the local authorities, whose efforts to stop the disorders have failed. The outbreaks are confined to certain areas, and authorities attribute the bad feeling to religious prejudices.

Troops are reported with police in efforts to root out nests of snipers, but small success has thus far been achieved and reports indicate that there will be further acts of horror.

Belfast Disorders. Belfast, Feb. 16.—Up to 10 o'clock this morning the casualties in the disorders here totalled 114, with the deaths numbering 34. The authorities today commended Ulster Hall, a commodious structure on Bedford Street ordinarily used for concerts and assemblies, for that it was a number of armed men engaged in combatting the disorders here.

Child Killed. Belfast, Feb. 16.—The day opened with the death of a five-year-old child who was struck by a bullet yesterday while playing in a street.

A workman proceeding along Seaford Street in the Ballinacarrat area was shot dead at 8 o'clock this morning.

Youthful gunmen held up a number of workmen in the Low Market district and wounded one of them in the foot. An attempt was made this forenoon to burn the disused workhouse at Strabane, North Tyrone, which the military had signified their intention of occupying this week. A police patrol noticed flames coming from the structure and the entire force was mobilized and checked the fire.

It appears that a number of armed men entered the workhouse, overpowered the nurses and placed them in a corner of the main room and covered them with revolvers. The men seized the furniture and used it in the attempt to fire the building. The workhouse guardians refused on Tuesday to turn over the building to the military, who thereupon commanded it.

Fire Arms. The Fire Arms Act now is in force in Northern Ireland, and the authorities announce that it will be strictly adhered to. Violation is punishable by two years' hard labor. The period of grace for the surrender of arms will expire Saturday in Belfast and February 23 elsewhere.

Arrested. Belfast, Feb. 16.—Seumas Monaghan, local commandant of the "Irish Republican Army," and two other "republican" officers, Patrick and Michael Murray, were arrested at Newry by Ulster special constables.

The officers were proceeding from Killeek, County Down, in the direction of Killybegs when they were taken to Lisnare, where they were searched, and afterwards were conveyed to the Newry military barracks under heavy escort. It is stated that an automatic pistol was found in the possession of Monaghan and seditious literature in the pockets of the two Murneys.

Subsequently John McDowell and Richard Doran were arrested by other special constables near the Silent Valley Reservoir, the source of Belfast's water supply. Five young men, arrested at Hilltown, South Down, last Friday after the funeral of a Sinn Fein commandant, the Murney brothers, it was alleged by their friends here to-day, was brutally assaulted after his arrest and now is under a doctor's care.

Friends who saw him at the Newry barracks yesterday declared his nose and face bore evidence of severe injuries. The residence of Commandant Monaghan's father at Milltown was raided by armed special constables on Tuesday and again at midnight last night, according to information received in Dublin to-day. Considerable tension prevails in the Newry district.

CITIES FIGHT B. C. ELECTRIC SCHEME

Ask Premier to Oppose Federal Incorporation Conference Warned Against Losing Control

British Columbia cities will do everything in their power to block the plan of the British Columbia Electric Railway Company to secure a Federal charter, removing itself from municipal control and to the jurisdiction of the Dominion Board of Railway Commissioners. Decision to fight the Company's Federal incorporation plan was reached at a special meeting of Union of British Columbia municipalities members in Vancouver yesterday. Opposition to the Company's plans were unanimous according to Victoria, Alderman Gillespie and City Solicitor H. S. Pringle, who returned to the city this morning.

The municipalities' first move will be to wire Premier Oliver, who is now in Ottawa, and ask him to protest to the Federal authorities against the intention of the B. C. Electric Company to secure a federal charter under the name of the Vancouver, Fraser Valley and Southern Railway Company.

Alderman Patrick strongly urged the conference to take up the B. C. Electric question with the provincial authorities at the outset. The Provincial Government, he stated, was in the best position to make representations to Ottawa, particularly as the Premier himself was at the Capital.

Ask Legislators Support. The executive of the Union of B. C. Municipalities also will ask the support of the Provincial Legislature and the Vancouver Board of Municipalities, while individual municipalities will work against the Federal incorporation scheme through their own members of Parliament and senators. President MacCallum, of the Union of B. C. Municipalities, will appoint a committee of twelve immediately to take these matters up with the Provincial Government. Plans will be drawn up for a general campaign in opposition to the B. C. Electric Company's plans and an estimate of the probable cost of this movement will be forwarded to the individual municipalities as soon as possible.

Not Antagonistic. The attitude of the municipalities as expressed at yesterday's conference was not one of antagonism to the B. C. Electric Company, the Victoria delegates explained to-day. It was felt, however, that it was "undesirable" for the municipalities in which the Company operates to do business with a Federal concern controlled by the Vancouver Government, and that the Company's operations are being run in the hands of the Railway Commission.

The delegates to yesterday's meeting expressed their opposition to the incorporation scheme, which would place the Company's operations and its assets in the hands of the Federal Government. The delegates to the meeting, however, expressed their opposition to the incorporation scheme, which would place the Company's operations and its assets in the hands of the Federal Government.

BALFOUR STATES WORLD OWES U. S. MUCH GRATITUDE

London, Feb. 16.—Arthur J. Balfour officially welcomed home today from the Washington Conference at a luncheon by the Government and coalition members of both Houses of Parliament, who declared "that the world owes an unaccountable debt of gratitude to the Government of the United States."

Premier Lloyd George, presiding at the luncheon, paid a striking tribute to Mr. Balfour, saying he had taken part "in one of the most notable contributions statesmanship has ever made for the sum of human peace and human happiness."

Synod Hears Argument For Bible Reading In Schools of Province

That the Government should enact legislation which would provide for the reading of the Bible in British Columbia schools, was the proposal brought forward at this morning's meeting of the Anglican Synod of Columbia, now in session here.

Reports were read by Principal W. H. Vance on the work of the Anglican Theological College and Rev. H. T. Archbold on religious education. At noon an adjournment was taken for luncheon in St. John's schoolroom, and this afternoon the debate was continued on the reports, and other business was disposed of.

College Prospects. President Vance reported that during the year he had visited three synods and 45 congregations. Interest in the work was increasing as shown by the larger number of men entering the college. "The prospects for the coming year are particularly bright," he said.

The Women's Guild had done very good work, he said, and the \$2,200 fund of the college, the women of this diocese had raised \$1,950. A memorial prize fund had also been established in memory of the late Percy Jacks, a student who was killed at the front. Two new scholarships of £50 a year for six years were presented during the past year. It was reported. The system of extension lectures was being given in the diocese by about twenty parishes. Affiliation with the University of British Columbia for the training college which will be a reality in the future, it was reported. Good work has been done through the medium of a teachers' training institute established in Vancouver.

Russia. A very high credit was paid to the late Archdeacon Collison and Rev. C. R. Littler, the first members of the board to be called by death. The financial status of the college was reported to be very satisfactory, and the increase received by this diocese on apportionment runs about 25 per cent.

Religious Education. Rev. H. T. Archbold gave a very interesting report on the religious education work, and the recommendation above referred to regarding school Bible reading received general approval. It was recognized that this could only be brought about by legislation, and it was felt that what was wanted in the Canadian schools is a Canadian national system of ethics based on the Bible.

Officers Elected. Officers and committees of the Synod for the ensuing year were elected as follows: Clerical secretary—Rev. Robert Connell. Lay secretary—F. W. Blankenbach. Treasurer—H. H. Rowley. Executive committee—Revs. G. H. Andrews, L. T. Archbold, F. A. P. Chadwick, F. Conley, J. W. Flinton, H. V. Hitchcock, J. Ryall, F. L. Stephenson, Messrs. B. Boggs, A. J. Dallain, P. D. Goepel, John Harvey, R. W. Parry, G. P. Pierce, R. Ross Sutherland and P. Wollaston.

Delegates to Provincial Synod. Clerical: Revs. H. T. Archbold, F. A. P. Chadwick, Robt. Connell and Very Rev. Dean Quainton. Lay: Messrs. John Harvey, E. W. Parry, R. Ross Sutherland and P. Wollaston.

RAILWAYS WOULD USE MOTOR TRUCKS

British Companies Would Operate on Roads

Scheme Supported by Leader of Workers

London, Feb. 16.—(Canadian Press Cable)—Strong support has been given the railway companies' application for powers to engage in highway-borne transport by the railwaymen's leader, J. H. Thomas, M. P., who has written a letter to the press on the question. Hitherto considerable opposition to the companies' request has been offered by road competitors. The latter's activities last year, according to Mr. Thomas, resulted in the transfer of 6,000,000 tons of valuable classes of traffic from the railways.

QUAKE DESCRIBED AS VERY SEVERE

Estimated 2,000 Miles South of Washington

Washington, Feb. 16.—An earthquake described as "very severe" was recorded last night at the Georgetown University seismographical observatory. The tremors began at 10.30 p.m. and lasted until 11.10 p.m., with the maximum of intensity at 10.32 p.m.

The Rev. Father Tondorf, director of the observatory, estimated the centre of the disturbance to have been 2,000 miles south of Washington, and said it undoubtedly was not the same as that reported early yesterday in Nicaragua.

ORANGE LEADER ISSUES MESSAGE

Belfast, Feb. 16.—Under the caption, "Brethren stand firm," William Henry Holmes Lyons, Grand Master of the Orange Institution, issued today the following proclamation: "We are passing through a serious crisis. To make sure of good discipline is essential. Irresponsible action of any kind may prove disastrous. This being so, any lodges or districts feeling their position to be imperilled should if possible, communicate with the Orange, Black and Loyalist Defence Association of Ireland. I, as Grand Master, am in regular communication with the Government of Northern Ireland and your interests are safe in my hands."

Speaks For B. C. In Federal Capital: Hon. John Oliver

Ottawa, Feb. 16.—(Canadian Press)—Premier John Oliver and members of the large delegation from British Columbia which is here pressing the claims of the Pacific coast province for the reduced freight rates as well as other matters, were received by Premier King this afternoon, a number of members of the Government also being present.

The first matter which was advanced by the delegation was the claim that British Columbia is being discriminated against in the present scale of railway rates on freight. The ground was taken that the present scale of rates constitutes a breach of the terms of union under which British Columbia entered Confederation and it was argued that the Federal Government should insist on equitable rates being established.

Another point which was brought up by the delegation was the establishment of a Federal Government organization to control and administer the affairs of the Pacific. It was claimed that difficulties resulted from the fact that the central organization is thousands of miles away from the scene of action.

The creation of a complete unit of organization in British Columbia to administer the fisheries of the Pacific coast was urged. Members of the delegation Board of Trade emphasized the importance of completing the Vancouver drydock and urged the construction of a terminal railway in that city.

The western grain movement came under discussion and the delegation asked that British Columbia be granted transportation conditions from the prairies to the Pacific Coast which would allow a fair share of Canadian grain to be handled through Western berths.

Premier King promised consideration of the matters advanced by the delegates.

ITALIAN CABINET ASKS SUPPORT

Wishes Vote of Approval in Chamber

Rome, Feb. 16.—Return of the Bonomi Ministry to power was forecast as the Chamber of Deputies convened to-day. The Cabinet has been in eclipse since February 2, when it presented its resignation in the face of strong attacks in the Chamber on both its foreign and domestic policies, principally on its attitude toward the Vatican and the Premier's announced intention to recognize the death of Pope Benedict officially. Attempts to have other leaders form a new Ministry failed. Signor Bonomi will ask endorsement to-day of his Ministry.

Shortage of Fuel in Denmark Now

General Lockout Affects About 150,000 Employees

Bread Supply Is Reported Endangered

Copenhagen, Feb. 16.—The general lockout declared yesterday throughout Denmark affecting about 150,000 employees had resulted to-day in a shortage of fuel and endangered the bread supply. The threatened retaliatory move of a general strike had not developed to-day.

Several of the gas and electricity plants are supplied with coal for only a few days. The labor trouble arose because of an attempted twenty per cent. cut in wages, with longer hours.

BULGAR WOMEN FORCED TO WORK

Peasant Government Adopts New National System

Sofia, Feb. 16.—Compulsory work for women is to be imposed by the Bulgarian peasant Government. The peasant women who do manual labor say parsons of the law will take pleasure in "seeing those ladies in silk stockings" rustle about a bit.

Premier Stamboulsky, justifying the new law in a recent speech, said: "A peasant woman works in the country, ploughing the ground, often doing more than her husband. She spins the wool and weaves the cloth for the family's clothing. What does the town lady do? She walks and chats and does not give birth to children. We must, at least, compel her to labor for the state."

MILK DEALERS DISCUSS AFFAIRS

Joint Convention Is Held in Vancouver

B. C., Washington and Oregon Men There

Vancouver, Feb. 16.—The joint annual convention of the Milk Dealers' Association and the Milk Inspectors' Association of the Pacific Northwest was officially opened this morning with 150 official delegates and over 200 guests from the United States and Canada in attendance. Mayor Charles E. Tisdall, on behalf of the city, welcomed the delegates to Vancouver, emphasizing the importance of dairying in the life of the people and in the future of the province.

Hon. E. D. Barrow, Provincial Minister of Agriculture, followed the Mayor with a short address. He outlined the future possibilities of British Columbia as a milk producing province, and remarked on the rapid growth which had marked this phase of agricultural life in the province of late years.

J. E. Dorman, of Salt Lake, Utah, responded on behalf of the convention, and was followed by Hon. S. F. Tolmie, of Victoria, who gave a short address.

Afternoon Session. The afternoon session will be addressed by Charles E. Fisher, of Seattle, on "Necessary co-operation between producers' associations and distributors," by Fred N. Martin, of Spokane, on "Who is a Milk Distributor?" by E. Richardson, on "Milk Plant Auditing," by L. W. Hanson, of Seattle, on "A Better Milk Supply," and by Professor W. Sadler of the University of British Columbia on "The High Cost of Bacteria."

In the evening business sessions for members only will be conducted, followed by a reception.

Officers. Officers of the Milk Dealers' Association are: President, A. M. Work, Portland; vice-president, P. M. Carlton, Hoquiam; secretary-treasurer, G. O. Wallace, Everett; executive committee, Charles U. Michel, Seattle; F. N. Martin, Spokane; P. E. Flood, Spokane; A. F. Bird, Seattle; George Turnbull, Tacoma; Fred O'Donnell, Portland.

Officers of the Milk Inspectors' Association are: President, W. T. McDonald, Victoria; vice-president, C. E. Whelan, Wenatchee; second vice-president, W. T. Reinhardt, Spokane; secretary-treasurer, George S. Henderson, Seattle.

MUSIC FOR BOY TOOK PLACE OF AN ANAESTHETIC

Chicago, Feb. 16.—A boy sixteen years old underwent a serious operation while listening to a phonograph playing "Livery Stable Blues" here yesterday. Only a local anaesthetic was used. The boy had had other operations by the physician said, and hated anaesthetics, so music was tried to keep his mind occupied. It was successful, the physician said.

### OBITUARY RECORD

Joseph Richards, a resident of the City for the past thirty-three years, died yesterday at the residence of his daughter, Mrs. A. H. Nunn, 3125 Somerset Avenue. The late Mr. Richards was born at Probus, Cornwall, England. For a number of years he held the position of janitor at the James Bay Athletic Association, and later became an employee of the City, residing at 648 M. Street until a week ago, when he went to stay with his daughter. He leaves to mourn his loss a widow, two daughters, Mrs. C. McBrady, Hon. Mrs. A. Nunn, also one grand-daughter, Olive Jordan. The funeral which will be in the hands of the B. C. Funeral Co., has been arranged to take place at 2 p.m. Saturday, February 18, the Rev. J. L. Batty officiating. Court Vancouver, 5755 A.O.F., of which the late Mr. Richards was a member, will attend the funeral. Interment will be made at Ross Bay Cemetery.

Many beautiful floral tributes were in evidence at the funeral of the late Mrs. Catherine Frances Hickey yesterday. Among those sending flowers were: Capt. and Mrs. H. A. ### DRUG CASES OCCUPY COURT; SOME IN NELL

Charged in the Police Court to-day with being in possession of cocaine and morphine, Laura Martin was remanded Monday at the request of her counsel. The accused claimed that certain drugs found in her possession were the property of James Atkinson, a man who is now serving a jail term at Oakalla. The remand was obtained as the man could be secured as a witness, without the court or the accused having to pay the expense of transportation and food for the hearing, and for some one to have charge of Atkinson.

Kwong Kai Hing, on bail of \$2,000 on a charge of being in possession of a large quantity of morphine, was heard on Monday. W. C. Morsby appeared for the accused and agreed to a further remand. Hing was taken by the Royal Canadian Mounted Police after the finding of a cylinder containing some seven ounces of morphine, lashed to a dog kennel in a yard at the rear of premises, the second story of which is occupied by the accused and his family. At the conclusion of some evidence the hearing was adjourned for further witnesses.

### PREMIER OLIVER SPEAKS IN OTTAWA

Addresses Board of Trade of Capital

Ottawa, Feb. 15.—(Canadian Press).—An appeal to Canadians outside of his own Province to forget sectionalism and co-operate for the general good of Canada was voiced this afternoon at a Board of Trade luncheon by Premier Oliver of British Columbia. Premier Oliver deplored the existence of a "narrow spirit of localism in Canada." Canada had resources which could not be properly developed, except by wholehearted co-operation of all the Provinces, he said.

J. P. D. Malkin, president of the Vancouver Board of Trade, stressed the need of co-operation and suggested the formation of a national association of Boards of Trade, which he thought could accomplish much valuable work for Canada.

The thing that worries the boss, however, is the number of unemployed still on the payroll.

### B.C. Mining Secure Premier Gold Mine Wonder, Sloan Says

Vancouver, Feb. 16.—The mining situation in British Columbia and the possibilities were analyzed last night by the Hon. William Sloan, Minister of Mines, in his address to the convention of the Canadian Mining Institute in session here.

"The mineral production of the Province for the past year, according to preliminary estimates, was something of which, under the circumstances, we may be proud," said Mr. Sloan. "Its total value is placed at \$25,700,608, a decline of approximately \$9,762,476 in comparison with 1920, or 27 per cent.

"If these figures have a tendency to discourage, place them

beside statistics from the metal producing States of the Union, the situation changes. Decreases are recorded in all these States for 1921 as against 1920, ranging from 77 to 92 per cent with the two exceptions of the States of California and South Dakota. Every State that is a substantial producer of copper has slumped, the extent of the slump depending upon the degree upon which they depend upon that metal for their returns. When it is remembered that its copper is British Columbia's greatest mineral wealth, as far as is shown by actual production to date, it is remarkable that her 1921 record has been so well maintained.

"It is of interest to give some statistics showing what was done in the chief mining States during 1921 in comparison with 1920:

Decline	
Arizona	.....77%
New Mexico	.....77%
Montana	.....77%
Utah	.....88%
Idaho	.....81%
Nevada	.....59%
British Columbia	.....27%

**Anyox Shows Increase.**

"I have made reference to the copper market of 1921 and to British Columbia's success in the active maintenance of the industry, notwithstanding that elsewhere on the continent great plants found it necessary to cease operation. Statistics now available strikingly tell the story. The copper output of the United States declined 40 per cent while in this Province the drop was but 18 per cent. These percentages are remarkable, but how much more remarkable it is to find that, in spite of the weakness of the world market, and in the face of costs still high, although admittedly on the down grade, the Northwest Minerals district produced an increase in copper output of nearly 9,000,000 pounds, or 33 per cent. In this district are located the Hiddell Creek mines and the Anyox smelting plant, and it is chiefly, if not entirely, due to the activities at these centres that it is possible to make so gratifying an announcement.

### Lead and Zinc Grow.

"Another notable feature of the 1921 record is that we are able to point to an advance of about 45 per cent in lead output and an increase of approximately 10 per cent in zinc production. Again having in mind world market conditions this is a splendid achievement. Responsibility lies with the development and the increased output of the Sullivan mine in British Columbia. The Sullivan has been given practical economic effect at Trail in the treatment of the ore of that property.

### Premier Mine a Wonder.

"Within the past few years there has developed in British Columbia a mining district the potentialities of which we are beginning to grasp. I don't think, however, that any of us yet has a definite conception of the possibilities of the Portland Canal and the mineral bearing zone of that and adjacent areas. It is in this part of our northwest to one or two more properties such as that of the Premier Gold Mining Co. We would quickly take a first place among the gold and silver producing countries. There is no reason why this should not happen. Reports indicate that it is well within the bounds of possibility. Operators and prospectors from this part tell us that there is nothing more certain, in our view, than that we are so probably optimistic that their statements sometimes need amendment. In this case however, there is support from geologists and mining engineers of repute, and there is the indisputable evidence of the production of a wonderful mine.

### More Gold From North.

"The Northwest Mineral Survey district, within which is the Portland Canal division, is estimated to have turned out 75,000 tons more in 1921 than in 1920. The gold output, exclusive of placer which was about the same as in 1920, showed an increase of approximately 30,000 ounces, some 60 per cent greater than the figures of the previous year. The silver yield for 1921 is reported to be about 1,500,000 ounces, an improvement of about 25,000 ounces. Both the gold and silver outputs are due almost entirely, to the Premier Gold Mining Co., that company's production of silver alone aggregating over 1,000,000 ounces.

"In British Columbia there are clear indications of revival among gold and silver producing properties, both lode and placer. Several present auriferous are borne out, 1922 will

### STANDARD TRUST WILL PAY COSTS

Roundy Will Case Revived in Adjustment of Costs

The decision as to costs was handed down by Mr. Justice Gregory in the Supreme Court to-day, in the action of Standard Trust vs. Pulice, concerning the Franklin Riah Roundy will case. In his judgment Mr. Justice Gregory says in part:

"The duties of the Provincial Government, and of the Department of Mines as an administrative branch of Government, are not confined to the enactment of progressive policies, nor to their administration, but, in respect of mining, include the adoption of such rules and regulations as are deemed necessary for the adequate protection of the lives of those engaged in underground work. I have said that, as Minister of Mines, I welcome the co-operation of such organizations as the Canadian Mining Institute, in the promotion of the betterment of the mining industry always will have my best consideration. As to the problem of providing more protection for the miner, and the most modern facilities for safety, all mining men should as a matter of duty bend their best efforts towards achieving the maximum result.

### Grain Freight Rates Discussed

Railway Commission Hears Further Testimony

Ottawa, Feb. 16.—(Canadian Press).—The cost of hauling wheat from Calgary to Vancouver has sometimes been less than half the cost from Calgary to St. John, according to the statement of W. B. Lanigan, freight traffic manager of the Canadian Pacific Railway, presenting his statement before the Railway Commission on the British Columbia equalization application this afternoon. From Winnipeg the railway rate was 2 1/2 cents per hundred pounds lower to Vancouver than to St. John, Mr. Lanigan stated. Under those conditions, practically no wheat had moved via Vancouver but out of last year's crop over 6,000,000 bushels had been shipped via Vancouver from points as far east as Saskatoon and Moose Jaw. This movement was in the face of increased rates. Mr. Lanigan declared, and showed that freight rates did not affect Vancouver's wheat shipments.

Dealing with freight rates on Prairie grain, Mr. Lanigan denied that the revenue from this movement was disproportionate to the service rendered. On Western lines for 1921 Mr. Lanigan said the 33 per cent of the Canadian Pacific traffic which was grain entailed 49 per cent of the Company's work, but brought in only 16.1 per cent of the total revenue.

Comparing rates into Duluth over American lines and into Port William over Canadian Pacific lines from the Prairies, Mr. Lanigan held that Canadian rate in most instances was several cents lower per hundred pounds.

Why is the business in which we know we could make money always monopolized by other people?

### EFFORT TO INCREASE CONSTRUCTION WORK

Calgary, Feb. 16.—The Western Building and Constructive Men's convention, after two sessions yesterday

from which the press and all members of labor organizations were excluded, issued a statement that labor would be asked to accept reduced wages on the following scale per hour: Bricklayers, 90 cents; plasterers, 85 cents; carpenters, 70 cents; plumbers, 85 cents; steamfitters, 85 cents; sheet metal workers, 75 cents; painters, 70 cents; electricians, 75 cents; stonecutters, 75 cents; and structural steelworkers, 90 cents per hour. For a laborers' sliding scale, from 40 to 50 cents was adopted. The convention decided to petition the Governments of the Western provinces to adopt one uniform workmen's compensation act on the ground that this would be most satisfactory for all concerned. Officers who were elected include: President, George E. Hughes, Calgary; executive committee, J. W. Moffatt, Vernon, for British Columbia.

### WAGES REDUCED

Hamilton, Ont., Feb. 16.—The Dominion Power and Transmission Company will put into effect to-day a cut ranging from 12 to 16 per cent. in the wages of all its employees, including those of the Hamilton Street Railway Company.

### MAN WOUNDED DURING SCUFFLE

Hamilton, Ont., Feb. 16.—Harry Price, whose home is believed to be in Ennoble, B. C., lies in a hospital here with a bullet in his left leg, received when a gun went off while he was in a scuffle with two men. According to the police and eyewitnesses, the gun was in Price's hand when the shot was fired. The man himself refuses to make any statement.

### NEW LAND POLICY IN MANITOBA

Winnipeg, Feb. 16.—Far from coming to grief over its new land policy, the Norris Government in the Legislature yesterday afternoon won with an ease that was not expected by even the most sanguine of its supporters. The Talbot amendment to the amendment for special consideration for municipalities affected was thrown out by thirty-seven to six, and the Dixon amendment, condemning the Government for its past policy of leniency in connection with contracts, was defeated by thirty-four to nine.

The resolution proposed by Premier Norris provides for foreclosure on principal and interest not being paid within six months.

### MANY AT FUNERAL

Dublin, Feb. 16.—Commandant Fitzpatrick, who was shot during the attack on a party of special constables at the Clones railway station Saturday, was given an imposing funeral to-day at Drumalee, County Cavan. Two thousand soldiers of the "Irish Republican Army" marched for three miles from the Clones church after the funeral service.

### Nature Gives the Flavor

The only credit we can assume for the high quality of Pacific Milk is for the method we use in canning. The quality of the milk itself is natural. ### BANK OF ENGLAND

#### REDUCES ITS RATE

Discount Figure Now Four and a Half Per Cent.

London, Feb. 16.—The Bank of England to-day reduced its rate of discount to 4½ per cent.

The reduction was primarily made possible by the recent large reduction in the Government's floating debt and currency circulation, which contributed to the excess of funds in the money market, permitting the placing of Treasury bills at a lower rate and the suspension of the five per cent bond issue.

For a long time the bank's minimum rate has been out of proportion to the market rates. The advance in New York exchange, assisted by large investment of American funds here, removed one of the adverse conditions in the financial situation.

Discount rates have been remarkably weak during the last few days and only a slight adjustment will be necessary to meet the revised minimum rates.

The discount of the Bank of England has been five per cent. since November 3, when it was reduced from the 5½ per cent. rate established on the preceding July 21. Tossed on the preceding July 21.

The highest rate was reached in August, 1914, after the outbreak of the war, when it was set at 10 per cent., which has only been equalled on two previous occasions, those of the panics of 1857 and 1866. Since then the rate has fluctuated, but the figure set to-day is the lowest since the outbreak of the war.

### COALITION WINGS ALLIES IN CONTEST

Talk of Election in United Kingdom

London, Feb. 16.—(Canadian Press Cable)—There was much discussion in the lobby of the House of Commons last night regarding the future of the coalition in view of the abandonment of the so-called coupon principle, whereby candidates received official approval as good coalitionists.

The report that the two branches of the coalition will fight the next general election not as independent but as allied forces is understood to be correct. It is believed that negotiations with a view to the allocation of constituencies between them are proceeding and it is suggested that one of the reasons for the withdrawal of the coupon was to enable the "dis-harmonious" Unionists to remain in the fold of orthodox Unionism.

### He Knows What to Do for Backache

THAT IS WHY S. SIVY RECOMMENDS DODD'S KIDNEY PILLS

Saskatchewan Man Tells Why He is Thankful He Came to Know and to Use Dodd's Kidney Pills.

Brombury, Sask., Feb. 15.—(Special)—Like every other town on the prairies Brombury has at least one citizen who is outspoken in his praises of Dodd's Kidney Pills. Mr. Samko Sivy is the local enthusiast and he says: "Oh, what a good medicine Dodd's Kidney Pills are. When I have pain in the back I take Dodd's Kidney Pills and the pain goes. I am very thankful that I came to use Dodd's Kidney Pills."

A quarter of a century's experience has taught Canadians to look on Dodd's Kidney Pills as the standard remedy for disordered or diseased kidneys. Dodd's Kidney Pills are purely and simply a kidney remedy. They put the kidneys in shape to do their full work of straining all the impurities, all the seeds of disease out of the blood.

If you haven't tried Dodd's Kidney Pills ask your neighbors about them. (Adv.)

### SPLEEN REMOVED AFTER ACCIDENT

New York, Feb. 16.—Seemingly fatally injured in a toboggan accident in the Pocono Mountains, Walter Hopewell, a Brooklyn student, to-day was recovering from a remarkable operation in which his spleen was entirely removed.

After the crash last night Hopewell lay unconscious for hours, and was so weak on reaching the hospital that his young sister, Laura, had to give some of her blood for a transfusion before the spleen operation could be performed.

### LORD DUNDAS DIED IN LONDON

London, Feb. 16.—Lord Dundas died to-day. He was born in Edinburgh June 8, 1854, was graduated from Oxford University and Edinburgh University and was a barrister. At one time he was a senator of the College of Justice in Scotland and Solicitor-General for Scotland. He unsuccessfully contested Linlithgowshire in the general election of 1909.

### ELECTED OFFICERS

Kamloops, B. C., Feb. 16.—Mr. Gibson, Princeton, was elected Right Worshipful Grand Master of the Grand Black Chapter of Orange Lodges in British Columbia, at the meeting yesterday of the chapter here. H. H. ### SHACKLETON'S GRAVE ON DREARY ISLAND

South Georgia a Land of Perpetual Winter

Washington, Feb. 16.—(Associated Press)—The body of Sir Ernest Shackleton, which left Montevideo yesterday, will find a resting place on the Island of South Georgia amid frozen wastes as dreary and lifeless as any of those encountered by the British explorer in his travels.

A description of the island of South Georgia, issued to-day by the National Geographic Society, states it is a land of perpetual winter with an average mean temperature of about the freezing point. It lies in the South Atlantic, about 1,200 statute miles East of Cape Horn. Although encyclopedic accounts speak of it as an uninhabited British Island, information in the hands of the Geographic Society shows there are several Norwegian whaling stations on it and it was to one of these that Sir Ernest Shackleton made his way in 1916 after the loss of his ship, the Endurance, in the Antarctic ice. He made the trip to South Georgia in an open boat from Elephant Island, of the South Shetland group, and back to his base through tempestuous winter seas. After landing on the Southwest shore of the island, he made a thrilling climb over the mountains to Stromness Bay, on the Northeast shore, and there found a whaling station. It was from that point that he sailed to South America and back to Elephant Island to rescue his marooned shipmates.

Dreary. South Georgia is one of the drearier stretches of land in the world. The Geographic Society says, "It rains or snows five days out of every six in the year and the chief form of vegetation on its 1,600 square miles is tussock grass. The lure which keeps the sturdy Norwegians on this out-post of the Antarctic is the whaling, formerly American seamen also took large numbers of fur seals on the island, but the seals were exterminated many years ago."

A dispatch from Montevideo yesterday said: "Funeral guns boomed in Montevideo to-day as the body of Sir Ernest Shackleton, noted British explorer, was carried aboard the British steamship Woodville, which will take it on its last voyage into Antarctica."

Sir Ernest Shackleton's body will be buried in the graveyard of the English church at Grytviken, which looks out on the Antarctic Sea from a bay surrounded by towering hills which are almost always snow-covered.

Honors. The highest honors Uruguay could pay, except those for a dead President, were rendered to the memory of the explorer at the funeral service here to-day. The British Government paid tribute, and on Sir Ernest's coffin was placed a wreath from King George. Another wreath came from the American Legation.

A wreath with the inscription, "To the boss, from the boys," was ordered by the explorer's companions who now are in the Antarctic. Still another came from Lady Shackleton bearing the words "The Boss"—the name by which he was most intimately known.

There was also a bronze wreath from the Uruguayan Government which will remain permanently on Sir Ernest's grave, and there were many similar offerings from scientific institutions. All the members of the diplomatic corps and representatives from British and American colonies were present at to-day's funeral ceremonies. Just before the service in the English Church, the President Brum of Uruguay visited the church to pay his respects.

Canon Blount, of Montevideo, conducted the service, and Canon Brady, of Buenos Ayres, delivered an address of tribute.

Several crack regiments of Uruguayan soldiers lined the sidewalks, and stationed at intervals were military bands which played the funeral marches. Thousands of persons joined the procession, which accumulated to proportions seldom seen in Montevideo. Hundreds of women seated on balconies threw flowers on the gun carriage as it passed.

### ECZEMA ON FACE AND HEAD FOR FIVE YEARS

Eczeema of salt rheum, as it is so often called, manifests itself in little round pimples which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed and the intense burning, itching and smarting, especially at night or when the part is exposed to a strong heat, is almost unbearable and relief is gladly welcomed.

There is only one way to get relief and no remedy like BURDOCK BLOOD BITTERS. Take it internally and it gets at the seat of the disease in the blood and gives it out of the system. Apply it externally and it takes out the itching, stinging and burning, and promotes healing.

Mr. J. Sage, 215 Princess Ave., Vancouver, B. C., writes:—"Having suffered with eczeema on the face and head, for the last five years, I consulted several doctors, and tried various kinds of salves and lotions, but I derived no benefit from any of them. I did not know what to do until a friend advised me to try Burdock Blood Bitters, and after I had used two bottles I began to get better and now after taking eight bottles I have not even a blotch on my face. I feel that I cannot praise B. B. B. too highly. I hope you will make full use of this recommendation for the benefit of those who are suffering from this terrible complaint, eczeema."

B. B. B. put up only by The T. M. Breen Co., Limited, Toronto, Ont.

### DECLARES COSTS SHOULD BE CUT

#### Sir C. Gordon Speaks to Canadian Business Men

Toronto, Feb. 16.—"Curtailment in the cost of distributing goods and in overhead expenses generally is imperative before business can be placed on a sound foundation in Canada, or for that matter any other part of the world. On the strength of artificial prosperity, on the lavish expenditure of borrowed money, we got into an extravagant mode of living."

Thus did Sir Charles Gordon, vice-president of the Bank of Montreal and past president of the Canadian Manufacturers' Association, in the course of an address on the "financial situation in Canada" at a banquet last night in connection with the Textile Products Exhibition, deal with the present financial situation.

Sir Charles impressed upon manufacturers and retailers that the greatest caution was necessary in conducting business at the present time. During the next year or two the country would enjoy very satisfactory day-to-day business, but nothing more.

Sir Charles said the Genoa Conference, to which he was going as the representative of Canada, had been called for the purpose of re-establishing the financial status of the European countries. Until that was done there could be no great trade expansion as the whole countries of the world were dependent upon each other.

### YOUNG MAN FOUND GUILTY OF MURDER

#### Braceburg, Ont., Feb. 16.—George Cyr, a young French-Canadian, was found guilty late last night of the murder of Mrs. Andrus Solave in the township of Chaffey, nine miles from Huntsville, on December 3.

Justice Middleton will pronounce sentence.

The body of Mrs. Solave was found in her home with a bullet wound in the back. The story told by Solave, the husband, was that on his return home from the bush, accompanied by George Withers, they met Cyr coming out of the house with a revolver in his hand and that Cyr immediately opened fire on them.

Withers died of his wounds.

### OFFERING \$100 SPOOK REWARDS

#### Nova Scotia Detective and Reporter Are Baffled

Antigonish, N.S., Feb. 16.—Spooks that set mysterious fires in the house of Alex. McDonald, at Caledonia Mills, and unfurnished horses and cattle and drove them over the landscape are still at large. Confessing themselves completely baffled by the mysterious happenings, Provincial Detective P. C. Carroll and Reporter W. Sidden have each offered a reward of \$100 to the first person who can prove that the mysterious fires and other uncanny happenings at the McDonald homestead were caused by other than supernatural efforts.

THE NEW EMIGRANT.

If this country and this Province must shape an immigration policy that merely comprehends the settler who will require a guardian when he gets here there is a very gloomy prospect in store for Canada.

In the old days it should have been regarded as a highly important matter to discover whether this or that emigrant was of a type that could withstand the conditions that would confront him in the virgin territory of this country.

TITLES AGAIN.

In the absence of details it is not permitted to say how The Pall Mall Gazette has discovered that the new Canadian Government will reverse the country's decision to have done with titles in order that the new High Commissioner may be endowed with the requisite amount of "social influence" which the newspaper in question associates with a "handle" of some sort.

Whoever occupies the position of Canadian High Commissioner will suffer no slight through the lack of the no more uncommon title which The Pall Mall Gazette believes "goes so far to enhance the social influence in this country of the High Commissioner."

Mr. Peter Larkin has been highly successful as a business man in Canada. And if he is able to manage the Dominion's affairs in London half as well as he has managed his own he and we will be content to forego any pang of disappointment that may result from a name unadorned.

SAVE THE CHILDREN.

In order to avoid an undue duplication of effort in the campaign that has been launched to aid the starving children of Russia the attention of the people of Victoria is directed to the fact that the "Save the Children Fund" which is under the direction of the Ministerial Association of Victoria is a branch of the organization—presided over by Lord Weardale in London—whose funds are distributed by Dr. Nansen's famine agency.

ing carried on by this official British body will have conveyed something of the urgency of the case in a more general sense, while the many more intimate details described by Sir Philip Gibbs during the course of his lecture on Monday night will have still further emphasized the insistence of the appeal.

TAXING THE UNTAXED.

Since it is generally accepted that if the City of Victoria is to augment its annual revenue there will have to be additional taxation it is just as well that the Council should investigate the feasibility of and the possible return from the imposition of a reasonable tax upon all those who contribute nothing beyond the optional two dollar road tax.

LOCAL COUNCIL OF WOMEN

Owing to serious illness, Mrs. H. W. Graves will be unable to accept the presidency of the Local Council of Women, her medical adviser having ordered her to take a complete rest for some months.

EFFORT TO FORM A NEW RAILWAY UNION IN CANADA

Toronto, Feb. 16.—Organizers will proceed through Canada immediately to interest railroad workers in the United Association of Railway Employees of America, a trade union not affiliated with the American Federation of Labor and the outcome of dissatisfaction experienced among railroad workers of the United States at the administration of union affairs during recent disputes.

GUINEA PIGS FED ON VITAMINE DIET GREW RAPIDLY

Chicago, Feb. 15.—Guinea pigs fed on a vitamine diet, with orange as the main item, grew fast and exhibited a rich growth of glossy hair, but when vitamins were eliminated they became sluggish and their hair fell out.

CALIFORNIA GAS FLAME EXTENDED UP 600 FEET

Whittier, Cal., Feb. 16.—A torch of fire thirty feet thick at the base and extending 600 feet into the air burned throughout the night at Santa Fe Springs, near here, visible for more than a hundred miles.

MOTOR VS. RAILWAY.

Great Britain is beginning to realize that the highway transportation system is assuming the position of a much more important competitor of the railways than was considered possible before circumstances threw the country upon resources that were not restricted by the rigid rules and regulations of the National Union of Railwaymen.

Additional significance is imparted to the controversy by a letter to the newspapers from Mr. J. H. Thomas, the railwaymen's leader, in which he urges the Government to grant the request of the companies and avert the transfer of valuable classes of traffic which were carried by road last year to the extent of six million tons.

NO. AND COMMENT

Lieut. J. A. MacCreedy intends to reconstruct his aeroplane so that he can break his own altitude record of more than forty thousand feet and reach the fifty-five thousand mark.

The London Times seems to be perturbed over its contention that Lord Lee should apologize to a prominent French official whom that newspaper considers the First Lord of the Admiralty has wrongly chastised.

MISDIRECTED EFFORT.

To the Editor.—The leading article in Sunday morning's "Colonist" and Lord Colville's letter on the subject of the outer limit of the harbor are idle for lack of shipping, together with the suggestions and advice therein contained.

MAIL CARRIER IN ONTARIO WAS ROBBED BY THUGS

Windsor, Ont., Feb. 16.—Three armed automobile bandits held up and robbed a mail carrier of a pouch containing \$6.15 while he was on his way to the Grand Trunk station at Tecumseh, eight miles east of Windsor, at 3 o'clock last night.

PRICES AT FUR AUCTION HIGHER IN MONTREAL

Montreal, Feb. 16.—Over 300 buyers from all part of Canada and the United States attended the opening of the fur auction here yesterday.

CIVIC FINANCES.

To the Editor.—I note that you think it advisable to grant the Agricultural Association \$5,000.00 this year. The Finance Committee of the City Council noted that the Association closed its operations for the year 1921 with a credit balance of \$139,715.00.

From all quarters comes the cry that "taxes are too onerous." From all parts of the City declarations are made that valuable properties will be abandoned. From every class of citizens there is a demand for drastic economic measures.

The second alternative is that of "increased taxation," from which I honestly shrink. I am not, however, willing to attempt it in the direction of an additional income tax, nicknamed "Service Tax," whether this tax or any other additional tax meets with my approval.

great majority of stock transactions are gambling, pure and simple. Of course all these are called "investments" and are not enumerated in the category as gambling.

I propose making a statement or two which may be of interest to Alderman Patrick and I know whereof I speak, when I do so. There is not a game of professional hockey played at the Arena on the result of which there is not some gambling and in addition at least one lottery has been conducted all this season in Victoria.

Another phase of this gambling question and one which I have never been able to solve, is that raffles or lotteries for religious or charitable purposes under certain conditions, are excepted from Section 235 of the Criminal Code which provides that it is an indictable offence to conduct a lottery and the penalty is imprisonment for two years or a fine not exceeding \$2,000.

To come back, however, to horse racing: it is a well recognized fact that the world over that racing is conducive to thoroughbred horse breeding and in order to have a successful meet-betting is permitted. Of course, it is essential that the racing should be under the guidance and authority of men of honesty and integrity and who thoroughly understand the intricacies of the sport in order that each and every race should be won on its merits.

ELKS HOLD MOST SUCCESSFUL LUNCH

Victoria Lodge, No. 2, P. B. O. E., held its first weekly luncheon in its club quarters in the Welles Block yesterday, and so successful was the gathering that it will be repeated next week and again frequently later. Exalted Ruler Kenneth Ferguson, who acted as chairman, explained that the directors had called the luncheon and planned other luncheons for the future with the idea of making members better acquainted with one another. The Elks voted to hold another luncheon next week.

Fighting the Winter Winds with thin blood and a poorly nourished body is a losing game. The man who never "catches cold" is the man who fortifies himself with the resisting power that comes from food rich in tissue-building, heat-making elements. You can beat the "cold germ" by eating Shredded Wheat With HOT Milk. Makes rich, red blood and gives the strength that makes a man or woman fit for work or play in Winter—makes the body tingle with snappy health on the coldest days. Solves the breakfast problem for the busy housewife. Ready-cooked and ready-to-serve.

Another entertainment will be given on the following Saturday, February 25, the proceeds to be in aid of the Oak Bay Friendly Help Society. The programme on this occasion will be entirely new.

The Kidneys

The office man and the outdoor worker suffer alike from derangements of the kidneys. Backaches and headaches are among the symptoms. In some cases Bright's disease soon develops, others suffer from high blood pressure until hardening of the arteries sets in.

Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:

"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I may also say that for three years I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. I was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Ointment with the best results, and never fail to recommend these wonderful remedies."

SHIPPING NEWS FROM DAY TO DAY

## SUWA ARRIVES FROM YOKOHAMA

### Japanese Liner Reached Port This Afternoon From the Orient

The Nippon Yusen Kaisha liner Suwa Maru arrived in port early this afternoon, completing a fair passage from the Orient. The Japanese ship passed in at Cape Flattery at 7.40 o'clock this morning and made quarantine about noon.

It had been the expectation in shipping circles that the Suwa would reach quarantine at daybreak but the ship failed to make the station at the time scheduled.

The Suwa Maru brought in 140 passengers all told, the majority of the travelers being booked to disembark at Victoria. She had 73 passengers for this port and 67 for Seattle. The local list included four first class, six second class and 63 steerage. For Seattle the liner carried seven first class, six second class and 54 steerage.

### To Facilitate Clearance.

It is now customary for the United States quarantine officials to come over from Port Townsend to meet inbound Oriental ships bound for Puget Sound ports in order to avoid unnecessary delay on arriving across the Straits.

Dr. Seavey, of the Port Townsend quarantine service, was at the dock here to meet the Suwa Maru and issue the necessary pratique.

The Suwa Maru brought in a light cargo.

Los Angeles, Feb. 15.—The Shipping Board tanker Tippecanoe, now in Los Angeles harbor, will be taken over by the navy, it is announced.

## GOOD RED BLOOD A REAL NERVE TONIC

### Weak, Watery Blood the Source of All Nervousness

"If people would attend to their blood, instead of worrying themselves ill," said an eminent nerve specialist, "we doctors would not see our consulting rooms crowded with nervous wrecks. More people suffer from worry than anything else."

The sort of thing the specialist spoke of is the nervous, run-down condition caused by overwork and the many anxieties of today. Sufferers find themselves tired, low-spirited and unable to keep their minds on anything. Any sudden noise hurts like a blow. They are full of groundless fears. Do not sleep well at night. Headaches and other nerve pains are part of the misery, and it all comes from starved nerves.

Doctoring the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich, red blood. Therefore to relieve nervousness and run-down health, Dr. Williams' Pink Pills should be taken. These pills enrich the blood, which tones the nerves, improves the appetite, gives new strength and spirit, and makes hitherto despondent people bright and cheerful. If you are at all "out of sorts" you should begin taking Dr. Williams' Pink Pills.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

## MANCHU CREWS WILL REPLACE CANTONESE SEAMEN ON VESSELS

### Liners Monteagle and Empress of Japan Expected to Get Away for This Coast

Vancouver, Feb. 16.—Volunteer crews are breaking the strike of Chinese crews so far as the steamships Empress of Japan and Monteagle are concerned, according to word received at the Merchants Exchange. The two vessels, which have been held up at Hongkong as the result of the strike of Chinese seamen under help, Manchu crews are being sent to Junk Bay from Shanghai to replace the striking Cantonese seamen. It is expected that both boats will clear immediately for Victoria and Vancouver.

### Filipinos Recruited.

Manila, Feb. 15.—Recruiting of Filipino seamen to replace striking Chinese at Hongkong continues, Dutch and Japanese companies having sent 150 Filipinos to Hongkong more than a thousand Filipinos have been sent in the last month.

According to U. S. Shipping Board officials here, the strikers are more hostile to British shipping companies than others, because they declare "the British have been antagonistic to the Canton Government."

## CHINESE DELEGATES WILL SAIL SATURDAY BY ADMIRAL LINER

### Party Is Headed by C. H. Wang, Chief Justice For China

C. H. Wang, Chief Justice of China, and other members of the Chinese delegation to the Washington Conference on the Limitation of Armaments, will sail for home by the Admiral Line Steamship, Pine Tree State, clearing from Seattle and Victoria on Saturday for the Orient. The Chinese chief has done splendid work in his efforts to modernize the laws of China.

Included in the party is Dr. Philip Tyan, chief secretary of the Chinese delegation. Other members of the party are: Mr. and Mrs. T. C. Yen, H. L. Yen, Shu Tan-Fan, K. Y. Chai, O. W. Tu, Y. K. Kuo, C. Y. Tang, Mr. Zee and party, Teen Lung-Lien, Chung Chi Chin, Wang Pa Chung, H. S. Ye Tung, Tang Hawk Lin Yen, Mr. and Mrs. Tsao, Mr. and Mrs. Kwok, Mrs. Huet and Mr. Liou.

The Pine Tree State is also expected to carry a large delegation of Japanese delegates from the Washington conference.

## NEW VESSELS WILL BE CONSTRUCTED FOR SERVICE IN YUKON

Vancouver, Feb. 16.—Local firms are supplying lumber material and all equipment necessary for the construction of three vessels which will be built in the Spring and early Summer for service on the Stewart River, according to an announcement by W. D. Gordon, superintendent of the River Division of the White Pass and Yukon, who is in the city. C. J. Rogers, purchasing agent of the company, is also here making arrangements for the shipping of this material North.

A new passenger boat, which has yet to receive a name, and two barges will be constructed at White Horse. The passenger boat will be 130 feet in length with a beam of 28 feet. The ship's draft will be 15 or 16 inches. The boat will have accommodation for 60 passengers. The barges will be large ones and will be commenced this Spring.

## HAS JAPANESE SQUARES.

The Japanese freighter Meigen Maru is due to pass up to Vancouver this week-end from Puget Sound to load some 400 tons of grain. The Meigen Maru is now loading on Puget Sound and will take out 3,700,000 feet of Japanese squares.

## GEORGIAN SAILS.

After discharging a full cargo of sugar at the B. C. Refinery, the freighter Georgian has cleared from Vancouver for Portland.

## TENDERS WILL BE OPENED FRIDAY

### Contract For Repair of SS. Bessie Dollar Will Be Let This Week

Capt. R. L. Morton, shore superintendent for the Robert Dollar Company at Vancouver, who is here in connection with the disabling of the freighter Bessie Dollar, will open the tenders for the repair of the damaged ship on Friday, it was reported to-day.

Four British Columbia firms are tendering on the work and the indications are that there will be some very close figuring, as the repair yards are slack at the present time and display keenness to secure the contract.

In any event it is expected that the award of the contract will be made known by Saturday.

## SCHOONER'S CREW RESCUED AT SEA; ONE MAN DROWNED

Plymouth, Eng., Feb. 15.—The abandonment of the Newfoundland schooner Asquith in mid-Atlantic and the rescue of all but one of her crew by the United States steamship Arcturus was reported by the six rescued members of the crew who arrived here to-day. One sailor was lost overboard.

The schooner was in a sinking condition after a four-day hurricane, when the crew was taken off.

## CANADIAN INVENTOR BACK FROM AFRICA

### Ship Was Delayed in Docking at Vancouver by Strong Tides

Vancouver, Feb. 16.—An enthusiastic reception was accorded the officers and men of the C. G. M. M. freighter Canadian Inventor in South African ports, according to Capt. Dudley, master of the ship, which reached port yesterday from San Francisco. At Durban and Delagoa Bay the shipping men put themselves out to make the visit of the crew an enjoyable one.

The Canadian inventor took the first Vancouver cargo to South African ports for the Canadian Government Merchant Marine. It consisted of 2,300,000 feet of lumber, canned salmon and general. Whether or not more cargoes will be sent will depend on the report of Capt. Dudley, who has canvassed the situation very thoroughly.

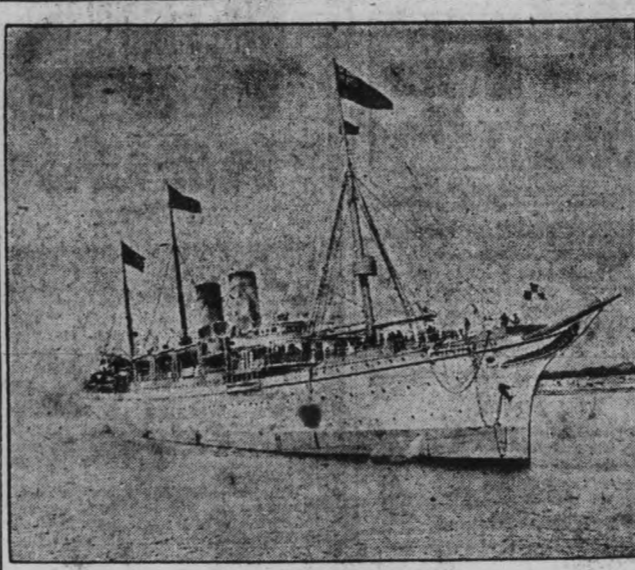

"We had an excellent voyage back," said Capt. Dudley. "We experienced fairly good weather and the passage was a most favorable one."

The inventor discharged the bulk of her cargo at San Francisco, but has about 1,500 tons for this port. This consists of tea, coconut and other products of the Orient. The ship was in the stream for an hour or more after coming through the Narrows on account of the strong tide which hampered the vessel in making the dock.

## HOLT LINER ON WAY.

The local agent of Dowdell & Company has been advised that the Blue Funnel steamship Proteusian, sailed on Monday, February 11 and is due to arrive here February 23.

## CLEAR FROM HONGKONG

R. M. S. EMPRESS OF JAPAN

The liner Empress of Japan, one of 170 vessels which have been tied up at Hongkong by reason of the Chinese seamen's strike, sailed from Hongkong last Tuesday for this coast via Junk Bay, where Manchu seamen are being shipped. The liner Monteagle sailed from Hongkong the same day. The liner Empress of Asia, outbound from this port, arrived at Yokohama on Tuesday.

## THE BIG NOISE

Meekly made up his mind that he was not going to be bossed any longer by his wife, so when he went home at noon he called out imperiously: "Laura! Laura!"

Mrs. Meekly came out of the kitchen with a look of perspiration on the end of her nose and a rolling pin in her hand.

"What do you want with Laura?" she asked.

Meekly staggered, but pulled himself together.

"I want you to understand madam—that I am the engineer of this establishment, that I am."

"Oh, you are, are you? Well, Joseph, I want you to understand that I—"

she looked dangerous. "I am the boiler that might blow up any minute. Do you hear the steam escaping, Joseph?"

Joseph heard, and got out of the way.—Tit-Bits.

The first thing a man does after making a fool of himself is to try to explain how it happened.

## DANGER OF JUST LETTING A COLD RUN ITS COURSE

### Public Warned to Beware of a Three Days' Cough and Break It Up Before It's Too Late, by Taking Aspirin, the New Scientific Discovery.

### Money Refunded If Aspirin Fails to Bring Relief.

Leading authorities are using every effort to arouse the public to the danger of letting common colds just run their course, for it is definitely known that many serious lung complications, such as pneumonia, grippe, etc., develop from colds that hang on persistently.

Aspirin is curable and preventable, and Aspirin provides the safest, surest and quickest, as well as the most practical, treatment for colds yet discovered.

Aspirin is almost magical in its effect. The first dose usually stops the tendency to sneezing and coughing, and relieves the feeling of discomfort, and the second and third doses usually suffice to stop the progress of a cold altogether.

The wonderful efficiency of Aspirin is best shown by the fact that all druggists are instructed to refund money where it fails to give satisfactory results. (Adv.)

**Dance At Langford.**—A very successful Valentine's dance was held at Langford Hall Tuesday night, a good crowd attended and many pretty couples were worn. Miss G. Scase, very becomingly attired in a daffodil, carried off the first lady's prize, while Miss Marion Goucher as a Valentine was a very good second. The gentlemen's prize was won by Mr. T. Gould and Mrs. Brand acted as judges. Music was supplied by Mrs. E. Shields and J. Gordall, assisted by Mr. King on the saxophone. A buffet supper was served, and a very enjoyable evening was spent.

**Onwegos and Christ Church.**—In a snappy hockey game at the Arena last night, resulted in Onwegos winning out by four goals to one. Rose and Green starred for the losers, while the combination of Caviness, Craig and Coleman won the game for the Onwegos, all getting in on the scoring. Allen, Price, and the defence men. Both goals made many brilliant saves, the lineup being: Christ Church—Champion, Prior, Fells, Rose, Weeks, Pitzer, Shanks, Green, and Campbell; Onwegos—Taylor, McGregor, Allen, Craig, Coleman, Caviness, Barker, McCredie, and Cruise.

**Struck By Car.**—While crossing Douglas Street near Humboldt Street, shortly after 6 o'clock last night, Robert Trainer, 424 Powell Street, was struck and knocked down by a motor car driven by W. M. C. Moore. The driver did not see the pedestrian in the dark. On account of the wet pavement, the man was too close to the car to permit of the accident being averted, stated Mr. Moore to the police in the customary report. The accident did not take place at an intersection of the street, but just short of the Humboldt intersection. Mr. Moore conveyed Mr. Trainer to St. Joseph's Hospital, where stitches were taken in scalp wounds. The injured man was much shaken up.

**Deals With Poultry.**—Addressing a large group of High School students in a lecture at the auditorium last night, Chief Poultry Inspector R. Terry dealt with all phases of egg production. The lecture was one of a series of addresses by experts to the night classes at the agricultural section. One of the reasons for the scarcity of eggs in winter was attributed by the speaker to the fact that with the early sunset and late sunrise the hens waited a long time between meals. The wise poultryman lighted his hen house once during the evening, and gave his hens an additional feed, about 8 o'clock, held the speaker. Unless reasonable time and attention could be given to fowls the raising of them should be left alone altogether, he advised.

**TELLS OF NEED FOR "HOME INDUSTRIES"**

**Dr. Wace Describes Ultimate Objective of Red Cross Workshops**

How the work at present carried on in the Canadian Red Cross Society's workshops for returned soldiers can be developed into valuable "home industries" which will form a big factor in the industrial system of Canada was explained to the Rotary Club at its luncheon in the Empress Hotel to-day by Dr. Cyril Wace, consulting orthopaedic surgeon to the Soldiers Civil Re-establishment Department.

After telling how the Red Cross Society, through its workshops at various parts of Canada, was teaching disabled returned soldiers to earn a living, Dr. Wace emphasized the need of home industries in Canada. The ultimate objective of the Red Cross work, he said, was to train men to manufacture marketable articles at home, just as large numbers of men are working in the highly-industrialized parts of Europe. In time, he went on, these home industries would employ not only disabled returned men, but a considerable section of the civilian population. The great need in the development of these industries, he said, was some central control and an efficient bureau of intelligence which would keep the home industries in touch with the markets of the world. Such a bureau, he stated, was functioning with success in Britain, where vast home industries had been built up.

Dr. Wace spoke of the problem presented by the large number of returned men who were suffering from tuberculosis, and advocated the formation of a commission on tuberculosis to investigate means of solving this great difficulty.

**MAYOR EXAMINES OVERFLOW DAMAGE**

**Wades Through Marshes to Get Facts on Legal Threats**

Mayor Marchant, accompanied by city officials, waded about the swamps surrounding the city's waterworks reservoir at Humpback for several hours this morning in an effort to find out what damage water which overflowed from the Reservoir had done to the adjoining country. Several hours were spent in the marshes and an unpleasant time was spent by all, according to word which reached the City Hall at noon.

The city has been threatened with legal action as a result of the overflowing of the reservoir water during the winter months. Owners of adjoining lands claim that they have suffered serious damage as a consequence of the overflow, and several suits for damages have been threatened. The City Council's present plan, however, is to settle the claims out of court, if possible. The Council is not anxious for any more litigation concerning water overflows just now, nor does it wish to pay excessive damage compensation.

The Mayor was asked by the Council to negotiate satisfactory settlements with the land owners around Humpback if he could and, seizing the opportunity presented by the sunny weather early this morning, he determined to make a personal inspection of the alleged damage. Accordingly, he summoned City Engineer F. M. Preston and City Solicitor H. S. Pringle and started for Humpback. While at Goldstream he examined the new overflow outlet which the city is installing to carry off surplus reservoir water.

**KIDNAPPED MEN WERE RELEASED**

Belfast, Feb. 16.—Twenty-four of the Ulster Unionists kidnapped in last week's raids were conveyed to the Cavan gaol to-day for the purpose of being transported to various destinations. Major Moutray, Grand Master of the Tyrone Orangemen, was reported to have been among those released. A majority of them, elderly men, wearing rugs around their shoulders.

**DR. SIPPRELL AT OAKLANDS P.-T. ASSOCIATION**

A very appreciative audience filled the George Jay Auditorium on Monday evening for the lecture and concert given under the auspices of the Oakland's Parent-Teachers' Association. The illustrated lecture by Dr. Sipprell was intensely interesting, the pictures of London and of the Lake District of England were enjoyed, especially by those who have seen these places and the picture of the war area of Europe showed very clearly the awful devastation of war, and the courage and heroism of the stricken people in making the best of their ruined homes.

On account of the rather lengthy programme, it was found necessary to shorten the lecture but many in the audience could have listened much longer to Dr. Sipprell, had time permitted.

The Victoria Philharmonic Society under the leadership of J. F. Wilson, gave several selections which were thoroughly enjoyed and received hearty applause as also were the songs by Mrs. Rumbley, Mrs. Ticker and Mr. Mitchell.

A woman is clever when she makes a man think he knows a great deal more than she does.

**ILLUSTRATED LECTURE BY REV. P. B. CLAYTON**

In 1915 when the C. E. F. entered the salient of Popeigne and Ypres, Rev. M. B. Clayton was appointed chaplain, and founded Talbot House on the "Main Street" of "Pop," a little town which hosts of Canadians remember well. Later there was a daughter house as well.

Mr. Clayton is endeavoring to extend the ideals of Talbot House, which were developed during the war, throughout the Empire. He will be in Victoria on Monday next and will deliver an illustrated lecture in St. John's Schoolroom, at 8 p. m.

The news will be of an intensely interesting nature and everyone should endeavor to hear this great man's message. Ex-service men are particularly invited.

Tickets of admission may be secured from Rev. F. A. P. Chadwick, Rector of St. John's, or any of the city clergy.

The bride was undecided about her purchase in the fish market. "How about some nice Southern shad?" suggested the dealer. "Have they roses?" she asked. "No, ma'am; same price as yesterday," replied the dealer.

**SPINACH ON MARKET BANANAS TO ARRIVE**

**Lard Advances at Wholesale Houses; Quotations in Quiet State**  
Walla Walla spinach was shown on the local wholesale row this morning after an absence of many weeks. The demand for this vegetable was \$2.75 per box of 18 to 20 pounds. A new arrival in the nature of Tola bananas from New Orleans is expected this week and will most likely take the place of the present Fiji variety, which has been holding the market over till supplies from the other side arrive. The entire quotation from lower Yates Street presented a quiet condition, only one change being registered. For Lard was the product to change, and advanced their figure a point. #### G. H. WALTON IS AGAIN PRESIDENT

Sidney Board of Trade Has 65 Members

Sidney, Feb. 15.—(By Times Correspondent)—The annual meeting of the Sidney Board of Trade took place in Wesley Hall, Tuesday evening, with Vice-President E. Blackburn in the chair. Previous to the election of officers for the ensuing year, President G. H. Walton presented his annual address, touching on the events of importance that have occurred during the past year. He spoke of the good work accomplished by the board, instancing the concrete pavement which the Provincial Government had let out to tender to the M. P. Colton Co. for one and one-third miles from the boundary of Saanich Municipality to Breed's Cross Road.

It is the intention of the Board to press for the completion of this paved road to Sidney and later around the district. The delegations sent to Alberni, where the Island Boards met, was also touched on by the president. The discriminatory freight rates to the East, the unemployment situation, and other topics of interest were covered by Mr. Walton, who was the recipient of popular applause at the end of his address. W. H. Dawes, the energetic secretary-treasurer then read the financial statement in which he showed that the board had increased membership during the year from thirty-five to sixty-five, and was in good sound financial standing. The report was adopted.

The election of officers resulted as follows: hon-presidents, C. H. Dickie, M. P., M. E. Jackson, K. C., M. P., P. and John Dean; president, G. H. Walton; 1st vice-president, E. Blackburn; 2nd vice-president, R. N. McCaulay; and W. H. Dawes, secretary-treasurer, all by acclamation. The directors for the ensuing year being, Rev. Thomas Griffiths, Messrs J. F. Jenner, V. G. Field, N. Watts, C. Weymans, J. T. Taylor, R. H. Ellis and P. N. Lester.

After a short discussion regarding the work for the ensuing year the meeting adjourned.

**Farewell Presentation.**  
Sidney, Feb. 15.—On the evening of his departure from Sidney the Rev. Father Weerts, who has been in

charge of the Church of St. Elizabeth, Sidney, for the past two years, was the recipient of a testimonial from the members of his flock who assembled in the dining room of the Hotel Sidney, when a farewell was held. Cards occupied the early part of the evening, later a dainty little repast was served by the ladies of the Altar Society. After Justice was done to this feature of the evening, Mrs. E. F. Lesage, on behalf of the congregation, read an address of regret and presented the worthy father with a brief as a token of esteem and appreciation. Father Weerts was visibly surprised and affected by the consideration of the members of his congregation, and in a little speech of thanks he voiced his regrets at leaving, and his appreciation of everything that had been done for the church, and for himself personally during his stay. He asked the congregation to give Father Scheelen, who had taken charge, the same full measure of support he had received, and promised to remember his congregation of St. Elizabeth in his prayer. Father Weerts went to the Duncan district in April, and expects to leave British Columbia for the East, being located near New York City.

#### ENJOYABLE DANCE HELD AT DUNCAN

300 Attended Agricultural Society's Event

(By Times Correspondent)  
Duncan.—About 300 attended the Agricultural Society's annual ball given in the hall in Duncan. The main hall was beautifully decorated with evergreens and red hearts, large and small, to carry out the idea of St. Valentine's Day, the lights being especially pretty with red shades and streamers with tiny hearts attached. The entrance had been screened off, and comfy chairs arranged each side, which added much to the comfort of those present. This was all in charge of Mrs. R. G. Barkley, assisted by Messdames Alice Matthews, A. Johnston, E. Williams, G. Stuart, W. Corbushley, D. Groves, Miss Allen and Messrs. Allen, J. Middleton, J. Barkley and W. Matthews. The stage also looked particularly

well with its red steps and huge red bows and arm chairs and tables in most convenient places. This was all done by Mrs. Garrard.

The dressing room, for which Mrs. A. G. Eastman was responsible, was far more comfortable than usual, having plenty of hangers for coats, etc., and a good mirror with toilet appurtenances.

Upstairs the supper room again looked charming, the small tables being still in evidence, and prettily decorated by Mrs. F. Price and helpers.

Of course the supper left nothing to be desired, being in Mrs. Willett's capable hands, with her committee of Messdames W. Paterson, J. H. Whitcomb, W. P. Jaynes, G. Fry, F. Price, A. Matthews and C. H. Dickie. The waitresses all looked very sweet, dressed in white with red hearts and dainty red and white frills on their heads. They were Messdames Neel, Keats, A. Matthews and R. S. Henderson and Misses Bonner and Wiley.

A very pleasant innovation and one that filled a long felt want, was the serving of coffee and punch up in the library at any time, and here the Boy Scouts helped cheerfully all evening.

The genial president of the Agricultural Society, Capt. R. G. Barkley, was here, there and everywhere looking after everyone's comfort, ably assisted by Messrs. W. T. Corbushley and Alec. Matthews. Amongst the out of town guests were noticed: Messes May and Vera Trenchard, Peggy and Laedie Watkins and Ella Simpson and Messrs. Jackson and Pauline from Victoria; Mr. and Mrs. Edwin Jackson, Mrs. and Miss Kennington and Mr. and Miss Smiley from Cowichan, and Mr. and Mrs. Stewart Matthews, Mr. and Mrs. Alec. Matthews and Capt. and Mrs. Barkley, of Westholme.

#### A Pretty Wedding.

(By Times Correspondent)  
Duncan, Feb. 14.—St. John's Church, Duncan, was the scene of a very pretty wedding this afternoon when Miss Caroline Jessie Pascall became the bride of Mr. Herbert John Greig, second son of Mr. and Mrs. James Greig.

The bride, who is the only daughter of Mr. and Mrs. J. T. Pascall, looked very charming in a lovely gown of white satin, with veil and orange blossoms, and carried a bouquet of white carnations and freesias. She was attended by the groom's sister, Miss Ethel Greig, who wore a pretty blue dress and black picture hat and carried a bouquet of pink carnations. Mr. Hugh Savage acted as "best man," Miss Monk officiated at the ceremony, playing Mendelssohn's Wedding March as the bridal party left the church.

After the ceremony a reception was held at Leyland's Restaurant. The happy couple left on the afternoon train for Victoria and other points, the bride going away dressed in navy blue with hat to match.

A special meeting of the Public Health Centre to which the general public are cordially invited will be held on Saturday afternoon at 2 p. m. in the Women's Institute Rooms, to discuss the action of the Duncan Consolidated School Board in dispensing with the services of the Public Health Nurse.

The "Pantomime Hit of the Season" which Miss Bobbie Stephens is putting on at the Duncan Opera House on Monday next, in aid of the Duncan Lawn Tennis Club, is being looked forward to with keen interest. It will be something entirely novel and should not be missed.

Mr. David Brankin, Superintendent of Neglected Children for the Province, will give a lecture in Duncan early in March.

Mr. A. J. Marlow has returned to his post as manager of the Canadian Bank of Commerce. Mr. de Gez, who acted as locum tenens while Mr. Marlow was away, has returned to Vancouver.

Rupert Stephens who has been visiting his people at Glenora has returned to his ranch at Little River.

Mrs. Fleetwood-Wells and her granddaughter, Miss Cornwall, expect to leave for California very shortly. It is hoped the trip will be of great benefit to Mrs. Fleetwood-Wells, who has not been well for some time.

Currie G. White has sold his drug business on Station Street to J. W. Currie, of Innisfall, Alberta, who is now in charge.

#### Nanaimo News.

(By Times Correspondent)  
Nanaimo, Feb. 16.—At the regular meeting of the City Council the finance committee presented the Warrant Book for January, carrying accounts totaling \$13,945.87, the principal items of expenditure during the month being as follows: Public works, \$846.54; waterworks, \$1,005.80; city offices, \$557.18; police, \$538.76; schools, \$725.47; fire department, \$854.23; street lighting, \$587.47; board of health, \$200; charities, \$165.42; cemetery, \$140; parks, \$42.95; city council, \$233.32; sewers, \$950; municipal election, \$476.81.

The waterworks committee reported an expenditure of \$61.16 on repairs and the streets \$166.25.

Medical Health Officer Drysdale reported during January and February to date, two cases of chicken pox and one case of diphtheria had been reported. The latter had not been found until three other members of the family had attended school, but every precaution was being taken to prevent further contagion.

The waterworks collector reported collections for January had totaled \$3,137.62, the outstanding accounts on February 1 being \$977.30, compared with \$975.15 on January 1.

Alderman Smith expressed the opinion steps should be taken to collect some of the outstanding accounts, it being a shame some of them should have been permitted to get into such a condition. He felt that either the Council was negligent in its duty to the ratepayers, or that some people were getting privileges.

Alderman McGuckie explained the present condition of some of the outstanding accounts was the fault of some of the old councils, but as far as the recent Councils were concerned outstanding water rates had been reduced from \$5,000 to a little over \$900.

Sanitary Inspector Murdoch reported having investigated, and attended to forty complaints and nuisances during the past week, and impounded and destroyed four animals.

The concert held in the Bijou Theatre on Sunday evening under the auspices of G. W. V. A. was most successful, and it is hoped that it is a forerunner of more of its kind. The artists were Mrs. Muir, Mr. Hudson and H. G. Jacobs.

The Bijou Theatre was very kindly

donated for the occasion by W. McDonald, who is always to the fore in furthering any effort to bring the best music and entertainment to the city.

In basketball games played last evening the Foresters defeated Spencer's and the Pirates walked away with the score board against the Halliburton Streeters by 27 to 5. The Juvenile Foresters were their game by 15 to 10.

At the whist drive last evening held under the auspices of the G. W. V. A. the following were the prize winners: Ladies—1, Mrs. McCormack; 2, Mrs. Moore; 3, Mrs. Hamilton. Gentlemen—1, R. Shields; 2, T. Parkinson, Jr.; 3, T. Carson.

#### SUGGESTS SOOKE SHOULD BE MADE PORT OF ENTRY

Would Relieve Pressure on Victoria; C.N.R. Service

(By Times Correspondent)  
The general monthly meeting of the Sooke Harbor Development Association took place on Monday evening at the Sooke Hall. The meeting was well attended and the presence of C. H. Dickie, M. P.-elect was very much appreciated. The chairman, John A. Murray, J. P., in calling upon Mr. Dickie said how pleased he was to see that their Federal member had especially come all the way from Duncan to attend their meeting. He much regretted to hear of Mr. Pooley's indisposition which prevented his also being present.

Mr. Dickie received a very warm reception, and said he had not forgotten the splendid time the people of Sooke had extended to him a short time ago.

He had known the Sooke District now for many years and gave some interesting reminiscences of his mining experience during the 5,000,000 feet of Sooke River Falls in the neighborhood of Leach Town.

Mr. Dickie said he fully appreciated the much needed people desired at some kind of a daily service upon the Canadian National Railway, what vast resources of timber wealth existed which might be tapped by this line, there being about 5,000,000 feet estimated in the region of the Kossilah River alone, not to speak of the magnificent timber in the Nitinat district all which will eventually have to come to be boomed either at Cowichan Bay or Sooke Harbor. He promised to do his best with the petitions received for the operation of this road.

The matter of making Sooke Harbor a port of entry had been brought before his notice, as he understood that numbers of small fishing craft were now obliged to go as far as Victoria for clearance which otherwise could put into Sooke Harbor for this purpose, and he promised to look into this question.

Mr. Dickie also said that some solution must be found for the protection of the inshore fisheries against the Japanese whose thoroughness and wonderful co-operation among themselves had done much towards the very serious depletion in fish along the coast as in this matter, he meant to do all that he could.

#### Paving Extension.

In conclusion of his remarks after having just traveled over the paved road to Colwood and then on over the ordinary road to Sooke, which like all such roads all over the Province was now in a very bad state owing to the long spell of frost, he suggested that no stone should be left unturned by the people of the Sooke Harbor District to get the Provincial Government to extend the paved road to Sooke Harbor, even at the rate of a few miles each year until completed. It had been proved in his home town, Duncan, that it was much cheaper to lay concrete road than yearly to pay for the maintenance of the macadamized road and such paved road to Sooke would soon more than pay for itself besides being the means of bringing thousands of people through the district each year.

Mr. Dickie expressed his surprise to see so live an organization existing for the benefit of the Sooke Harbor District, he was glad to see that it was a non-political association and said "Be sure and keep it that way." "When I go to Ottawa shortly I go as the representative of the people as a whole and shall do my utmost for them and the district in which they live."

#### Unemployment.

Mr. Murray thanked Mr. Dickie for his remarks, and hoped that the paved road all the way to Sooke Harbor would be an accomplished fact before many years more had passed. From every standpoint such a road would be of inestimable boon. The present deplorable condition of the road owing to the long spell of frost which was very general throughout the island, was then discussed, also the large amount of unemployment that existed.

It was moved by William Clay and seconded by Capt. John A. French that the secretary communicate with their Provincial member, B. H. Pooley asking for a grant from the Government which grant would also receive support from the Dominion Government for giving work to those in need in their district, and suggesting that such money would be very profitable spent in putting the surface of the main road into shape immediately.

#### Churches to Take Up Collection For Starving Slavs

The Anglican Synod meeting in Christ Church Cathedral last yesterday formally endorsed the Russian Famine Relief now collecting money here to sustain the lives of hundreds of thousands of Slavic children who are now dying of hunger.

March 26, the fourth Sunday in Lent, it was decided to be set aside as the date for a special collection in all Anglican Churches on Vancouver Island for the Russians. A committee to take charge of the Russian Relief work in the diocese is to be appointed.

The Synod decided to support the movement for the establishment of a steamer relief work in the diocese as a whole of Canada and that it be the official organ of the Church.

As a result of the suggestion made by the Bishop, it was resolved to invite the Board of the General Synod of Canada to meet in Victoria for its Autumn session.

### Constipation Vanishes Forever

Prompt—Permanent—Relief  
CARTER'S LITTLE LIVER PILLS  
never fail. Purely vegetable—act surely but gently on the liver.  
Stop after-dinner distress—correct indigestion; improve the complexion—brighten the eyes.  
Small Pill—Small Dose—Small Price

mediately the frost was out of it. This was carried unanimously.

Alex. Campbell brought forward the matter of that section of new road straightening out the bad curve at Cooper's Cove which had been commenced with Dominion Government grant last Winter. He pointed out that a few hundred dollars would finish the work, and the money already expended put to some practical good. He said he felt sure that the Franco-Canadian Company, whose property this piece of road was, through would give the Association their support in pressing for the completion of this section and the removal of one of the worst curves upon the road. It was pointed out that such work must be accomplished before April 1, if the Dominion Government grant to assist unemployment was to be utilized in this matter. The secretary was instructed to take up this matter with the authorities.

#### Cemetery Proposed.

The matter of the Sooke Harbor Cemetery site was taken up; points in the Act governing cemetery discussed, and the financial position of the Cemetery Committee stated.

On motion of A. N. McNamara it was decided to call a special meeting of the Association in two weeks' time, when it was fully hoped that the directors of the cemetery would be elected to take over from the Sooke Harbor Development Association the matter which had been so nearly brought to a successful conclusion.

The next general monthly meeting of the association will take place on Monday evening, April 13, when the question of trying to get electric light and power into the district will be taken up and it is hoped that an expert in such work would be present to give the Association some facts and figures.

#### ISLAND HERDS OF CATTLE ARE TESTED

(By Times Correspondent)  
Sidney.—L. A. Mitchell, of the Record of Performance section of the Live Stock Branch of the Federal Department of Agriculture, is here on a business trip testing most of the big herds of cattle on the Peninsula and the neighboring Gulf Islands.

After testing the herds of Messrs. J. A. Sayward, J. S. H. Matson, P. D. Hillis, P. Hardy and Dean Bros., he will go next to Moresby Island to make a test of Mr. Harris's herd, and from there will go to several of the other herds of Messrs. Penner and Galliano and then back to his headquarters in Vancouver.

Mr. Mitchell is a Great War Veteran, having cleared the British Columbia with the 54th Battalion, known as the Kootenay Cougars, with which he went to England, transferring there for France to the West Western Irish, of Vancouver. He received three wounds.

The SS. Prosper, Capt. Staggs, of Bellingham, cleared from this port for Crofton, where she is to pick up a boom of logs consigned to Bellingham.

#### CREAM CLEARS A STUFFED-UP HEAD

Instantly Opens Every Air Passage—Clears Throat

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.

Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more hawking or snuffling. Count fifty. All the stuffiness, dryness, struggling for breath is gone. You feel fine. (Adv't.)
