OUR FISH STORY

Dave was born and raised in Nestor Falls, so it's no wonder he fell in love with the outdoors. For as long as he can remember, Dave always wanted to be a pilot. He's had a driver's license only a year longer than his pilot's license! As a boy in Nestor Falls, Dave worked with his father in the minnow business, and together they'd trap minnows in their Super Cubs out of the local lakes and up north by Keeper Lake.

In 1985, Dave and Michelle started Nestor Falls Fly-In Outposts to share our passion for the wilderness with others. Back then, our operation consisted of one outpost on Keeper Lake and a single Cessna 185. Over the last 32+ years, we've grown to 12 outposts on 10 lakes with a fleet of 6 aircraft. Nestor Falls Fly-In is now the place to experience superior fly-in fishing in the heart of Northwestern Ontario!

We love our work. Nestor Falls Fly-In Outposts isn't just a business – it's our dream come true. We're thrilled to share this dream with our guests each and every season, and we hope to share our dream with you, too!

*Escape to the Wilderness,
Dave & Michelle*

WHAT TO EXPECT

PACK UP YOUR GEAR! NESTOR FALLS FLY-IN
WILL SEND YOUR GROUP ON AN UNFORGETTABLE
FISHING ADVENTURE.

THE FISHING

The fishing at our remote Canadian lakes will often produce fishing stories that even your closest friends will doubt! Yes – it’s possible to catch 5-7 lb. Walleye or 42” Northern Pike at any of our outposts. Since Nestor Falls Fly-In implemented a catch-and-release policy over 25 years ago, we’ve noticed an increase in the average size as well as the numbers of fish. This visionary policy has served our operation well throughout the years, as Nestor Falls Fly-In continues to provide world-class fishing for our guests.

We are proud of Canada’s natural resources, and it’s up to us to preserve them for generations of anglers to come.

THE FLEET

Nestor Falls Fly-In Outposts is a licensed air carrier with an immaculate fleet of floatplanes that includes two Turbine De Havilland Otters, a De Havilland Beaver, a Cessna 206 and a Cessna 185. You will find our pilots to be courteous, experienced and enjoy the outdoors. They all have the same goal – to make your fly-in fishing trip the best one yet!

THE WILDERNESS

Savor the pristine beauty of Canada's wilderness, a place where you can lose yourself in the peace and tranquility. It's a setting like no other, accessible only by floatplane. At our outposts, you'll be content to sit quietly in the still of the evening and listen to the cry of the loons – and as the twilight changes the landscape to shades of red, and the sun sets on the horizon, you will be thankful that in a few short hours your incredible day will repeat.

BOATS & MOTORS

Head out on the water in a 14' or 16' boat powered by a brand-new Yamaha 4 stroke outboard. You can count on the reliability and enjoy a quieter running motor with less fumes and a smoother idle. Each boat is equipped with swivel boat seats, cushions, minnow buckets and more than enough gas!

THE OUTPOSTS

YOU'LL BE DEEP IN CANADA'S WILDERNESS – BUT THAT DOESN'T MEAN YOU HAVE TO "ROUGH IT."

You'll stay at one of 12 extraordinary outposts in the most beautiful part of Northwestern Ontario. You will be pleasantly surprised with the comforts of our spacious cabins! Each of our outposts has a bright living area with comfy sofas, easy chairs and a shower with hot and cold running water. In the kitchen, you'll have solar electric lights, a solar electric refrigerator and freezer, as well as a propane stove and oven. In each bedroom you will find two single box spring mattresses.

Out on the deck, you'll have a superb view of the water, wilderness and northern lights. There's also a covered outdoor cooking area with a gas BBQ grill and propane cooker for frying your fish. For communication while at the outposts, we have installed satellite telephones at each location.

CAIRNS LAKE

N 51 42 36 W 094 30 27

A SECLUDED CABIN ON A REMOTE LAKE

Welcome to paradise! Treat yourself to a spectacular cabin nestled among the pines with your own private sand beach. It sets the scene for some of the finest Walleye and Northern fishing in Northwestern Ontario. The cabin is large enough to accommodate a full-size family comfortably and at the end of the day you can take in the untouched beauty of Canada's wilderness from the deck overlooking the lake or have fun around the horseshoe pit.

For anglers at Cairns Lake, trolling along the weed beds with a Rapala or similar lure, or maybe a jig with a minnow, has produced many Northerns over 40" and numerous Walleye touching the 10 lb. mark. Better yet, this lake is private, so the only people you are going to see are the people you brought with you. For the fishing enthusiast, Cairns Lake is a large open body of water that's approximately 10+ miles in length, which offers you lots of water to run on. It's an exciting lake to fish for our more experienced guests! You can fish an entire week and not see the same spot twice. The clear blue water and rocky shoreline make it a wonderful vacation you won't forget. At this location, we have 16' boats with 15 hp motors for your ease of getting around the lake.

CLEAR LAKE

N 51 46 06 W 094 22 63

PEACEFUL FISHING DEEP IN THE WILDERNESS

When talking about the quality of fishing on our lakes, it is hard not to sound repetitive. All of our lakes have been handpicked and fished before the transaction is made. The result is some fantastic fishing in the northern wilderness. Being the only cabin on Clear Lake located on a point among the pines makes the outpost a peaceful getaway for both couples and friends. Clear Lake is 4 miles long, making it a very easy lake to fish. The average size of fish on Clear is incredible, with many Walleye in the 3 to 5 lb. range. It has some of the best trophy Walleye and Northern fishing in our area.

Clear Lake also offers a short easy walk to two portage lakes where you'll find a boat and motor on the other side for your use. One of the lakes has Lake Trout and Walleye, and the other offers great Walleye and Northern fishing. With the beauty and the peaceful wilderness – and of course, the fishing – it's easy to see why once you have been here, you want to return again and again.

HEROD LAKE

N 51 48 16 W 094 57 81

A MUST ON ANY OUTDOOR ADVENTURER'S TO-DO LIST

Herod Lake is renowned for spectacular Walleye and Northern fishing. The main body of the lake runs about 5 miles in length, with an inlet set of rapids and two sets of outlet rapids. Herod Lake also offers many drop-offs and rocky points to fish for Walleye, as well as countless bays and weed beds for the mighty Northern Pike. It's not just about the fishing here – you can also find ancient Indian pictographs and abundant wildlife for your viewing. Around the corner from the cabin is a magnificent view of the inlet rapids, and on quiet evenings, the soothing sounds of the rapids only add to the setting. Here you can catch one Walleye after another all day long! This four-bedroom outpost is the only cabin on Herod Lake. It has a spacious living area as well as an outdoor cooking space with a fish fryer and propane grill.

KAY LAKE

N 49 07 073 W 093 45 325

ONTARIO'S BEST-KEPT SECRET

If your desire is to catch record-breaking Smallmouth Bass, Muskie and Lake Trout, Kay Lake is the lake for you. Nestor Falls Fly-In is the only outfitter on this lake, and we're confident that with all the areas you have to fish and explore you will always find a secluded spot to fish. Numbers speak for themselves with many groups reporting to release 100+ fish per day. We have two cabins to choose from here. The first is on a secluded island with four bedrooms; the second is located in a quiet bay with three bedrooms, a wraparound deck and an amazing view of the lake. You can access two

portage lakes as well: Derby Lake, connected to Kay Lake by a river, and Anstey Lake, where you'll find a boat at the end of a short 150 yard hike.

Want to add some Walleye fishing to your trip? We'd be happy to arrange that for you! A pilot will pick you up at Kay Lake and fly you into Arrow Lake for the day where you can catch Walleye from the time you depart the plane until you re-board in the late afternoon. Be sure to ask us for pricing on this package if you're interested!

KEEPER LAKE

N 51 34 19 W 094 34 83

A FLY-IN FISHING ADVENTURE FOR ANY BEGINNER

This is where Nestor Falls Fly-In Outposts began and the experience is as great as ever! The two-bedroom cabin at Keeper Lake has spacious living space, a wraparound deck and superb fishing action. Keeper Lake has been – and will always be – the sentimental favorite around here. After our long days of closing down the cabins in the fall, Keeper is the lake of choice for the crew because it takes only a couple minutes to catch enough fish for your dinner and it's a great place to relax at the end of a busy day. The rock cliffs, countless sheltered bays and shallow water make Keeper Lake a very productive lake for Walleye and Northern Pike. It would be easy for a group of four anglers to release 800-1,000 fish in four days! Because of its superb fishing action and countless bays, we recommend Keeper for anyone who has had less fishing experience. Next time you are at Keeper Lake, take a few minutes to remember that this is where it all began!

LARUS LAKE

N 51 16 49 W 094 40 93

THE HEART OF CANADA'S PROTECTED WOODLAND CARIBOU PARK

Larus Lake is located on the Bloodvein River System in the heart of the Woodland Caribou Provincial Park. It's the perfect spot to see wildlife! In Canada's untouched wilderness, you will have an opportunity to see plenty of Moose, Bear and Eagles along the shoreline. Larus Lake is 6+ miles in length with inlet rapids, deep water and plenty of structure, ensuring that our anglers have the potential to catch high numbers of trophy Walleye and Northern each day. On an average day, you can expect that at least one or two people out of your group is going to bring a trophy Walleye to the boat – perhaps even a 48" Northern!

We are the only outfitter on Larus with two outposts to choose from, both setting the standard for comfort on a fly-in fishing trip! One cabin is in a sheltered bay with beautiful views of the sunset and the occasional moose off the large deck. The beach location has a wonderful screened-in porch and a walkway from the dock to a wraparound deck with panoramic views. Both cabins will exceed your imagination.

LOUNT LAKE

N 50 09 58 W 094 16 69

RUGGED YET PRISTINE BEAUTY ON THE ENGLISH RIVER SYSTEM

The picture-perfect four-bedroom cabin here is built among the pines on a rocky point overlooking the bay. You can stand on the deck to take beautiful photos of sunrises and sunsets! Lount Lake has many small creeks, rocky points and more sheltered bays than you could fish in a week. It's roughly a 40 square mile part of the English River System and provides you approximately 30 miles of well-sheltered lake to travel. However, don't let the size of Lount Lake intimidate you. We have well-marked maps and 16' boats with 25 hp motors to help you get around. For the outdoorsman looking to experience a variety of fish, Lount has plenty of Walleye, Northern, Smallmouth Bass and an opportunity to catch a trophy in any of these species.

MALAHER LAKE

N 51 55 09 W 095 04 97

FISH WHERE THE KEEPER RIVER MEETS THE BERENS RIVER

Malaher Lake is situated where the Keeper River meets the Berens River System. The combination of being the only cabin on the lake and the incredible lake structure ensures some fantastic fishing! Malaher's deep water, underwater reefs, rocky point, weedy bays and rapids are home to many trophy Walleye and Northern. If you're an adventurer, travel to the north end of Malaher with your 15 hp motor where you will find boat access to the Berens River for miles of sightseeing, fishing and exploring.

The unique log cabin here is located on an island with a sandy beach. On the main level of the cabin, you will find a living space along with two bedrooms. In the loft you will find a third bedroom. The large deck and screened-in porch offer an exceptional view of the sunrises and scenery.

MALETTE LAKE

N 51 49 25 W 094 48 5

ABOVE & BEYOND WHAT A FLY-IN FISHERMAN EXPECTS

Staying in the isolated cabin on Malette Lake offers you absolute solitude and superb fishing. Deep in the wilderness of Ontario, this outpost is nestled in a park-like stand of pines on the edge of a sand beach. This newly renovated cabin has 3-bedrooms, accommodating up to 8 guests. The beautiful screened-in porch, covered outdoor cook area and wraparound deck will allow you to enjoy

the wilderness in utmost comfort. The average size of Walleye and Northern here will exceed your every expectation. Malette has Lake Trout, too – spend an afternoon jigging for these deep-water fish and odds are you'll hook a trophy! For a change of pace, head to the inlet falls and take a short walk over the portage to Upper Malette. Pack a lunch, spend the morning catching all the fish you can handle and return to the landing for a picnic. The landing is situated on a nice flat rock with a spectacular view of the rapids. It's the perfect escape!

ONEPINE LAKE

N 51 47 10 W 094 37 72

A TRUE FLY-IN FISHING ADVENTURE

If you're looking for world-class fishing at a luxurious cabin – and you want to be the only anglers on the lake – look no further than Onepine. When you arrive at Onepine, the first thing you will notice is the ruggedness of the shoreline. It's exactly what one would imagine on a northwoods fishing trip. After you unpack and head out on the lake, you won't have to go far to get right into the action. Keep a good grip on your fishing rod because after your first cast there may be a lunker Walleye or trophy Northern on your line! Think you have Onepine figured out? Treat yourself to a short walk to Strawberry Lake, the nearby portage lake.

The spacious 3-bedroom cabin here has an unbeatable panoramic view of the water and woods. Onepine Lake is where you'll discover that nature still rules. This is a place where you can experience living on the edge of adventure by day and relax in comfort by night.
