If Cyprus Amax does not forward such a statement and request within fourteen (14) days, Ohio EPA will adopt its written position and the work plan, report, or other item required

to be submitted pursuant to this COPI, or any other item subject to the dispute resolution procedures of this Section shall be modified accordingly. If Cyprus Amax forwards such a statement and request within fourteen (14) days, a DERR Manager will resolve the dispute based upon and consistent with this COPI, the SOW, the RI/FS Work Plan, and other appropriate federal and State laws, rules and regulations.

36. The pendency of a dispute under this Section shall extend only the time period for completion of the tasks related to the matters in dispute, except that upon mutual agreement of Ohio EPA and Cyprus Amax, any time period may be extended as is deemed appropriate under the circumstances. Such agreement shall not be unreasonably withheld by Ohio EPA. Elements of the Work not affected by the dispute shall be completed in accordance with applicable schedules and time frames. The opportunity to invoke dispute resolution under the Dispute Resolution Section shall not be available to Defendants unless otherwise expressly provided in this COPI.

XIV. REIMBURSEMENT OF COSTS

37. Within thirty (30) days of the Effective Date of this COPI, Cyprus Amax on behalf of Defendants shall remit a check to the Ohio EPA in the sum of \$292,725.93 for Past Response Costs.

38. Within thirty (30) days of the Effective Date of this COPI, Cyprus Amax of behalf of Defendants shall remit a check to the Ohio Attorney General's Office in the sum of \$5,000.00 for Past Response Costs.

39. For Future Response Costs incurred after July 31, 2010, Ohio EPA will submit to Cyprus Amax on behalf of Defendants on an annual basis an itemized invoice of its Response

Costs for the previous year. Within sixty (60) days of receipt of such itemized invoice, Defendants shall remit payment for all of Ohio EPA's Response Costs for the previous year. Should Cyprus Amax on behalf of Defendants contest the accuracy of the Future Response Costs set forth in an itemized statement, require additional support for such costs, or dispute whether the Future Response Costs are related to the Work, Cyprus Amax on behalf of Defendants may invoke the procedures of the Dispute Resolution Section within fourteen (14) days of receiving the itemized statement. Any Future Response Costs which Cyprus Amax on behalf of Defendants must pay as a result of dispute resolution shall be paid within thirty (30) days of the resolution of the dispute. Interest shall accrue on non-disputed Future Response Costs not paid within sixty (60) days and on Future Response Costs not paid as a result of Dispute Resolution within thirty (30) days. In any calendar year, Cyprus Amax on behalf of Defendants may request, but not more frequently than quarterly, an estimate of Future Response Costs incurred to that date, and Ohio EPA shall provide such estimate, which in no way shall limit any later comprehensive statement of costs of that calendar year.

40. All payment requirements set forth in Paragraphs 37 through 39 above shall be subject to the provisions of Section XVII below. Cyprus Amax on behalf of Defendants shall remit payments to Ohio EPA pursuant to this Section as follows:

a. Payment shall be made by bank check payable to "Treasurer, State of Ohio/Hazardous Waste Special Cleanup Account" and shall remit transmittals to the following addresses:

General's Office pursuant to this Section as follows:

Payment shall be made by bank check payable to "Treasurer, State of Ohio" c/o Karen M. Pierson, Paralegal, or her successor, at the Office of the Ohio Attorney General, Environmental Enforcement Section, 30 East Broad Street, 25th Floor, Columbus, Ohio 43215,

XV. ACCESS TO INFORMATION

42. Upon request, Defendants shall provide to Ohio EPA within thirty (30) days, copies of all documents and information within its possession or control, or that of its contractors or agents, relating to events or conditions at the Site including but not limited to manifests, reports, correspondence, or other documents or information related to the Work or any approved additional Work. This provision shall not be a limitation on any request for information to Defendants by Ohio EPA made under State or federal law for information relating to events or conditions at the Site.

43. Defendants may assert a claim that documents or other information submitted to Ohio EPA pursuant to this COPI are confidential under the provisions of Ohio Adm. Code 3745-

50-30(A) or Ohio Rev. Code § 6111.05(A). If no such claim of confidentiality accompanies the documents or other information when it is submitted to Ohio EPA, it may be made available to the public without notice to Defendants.

44. Defendants may assert that certain documents or other information are privileged under the attorney-client privilege or any other privilege recognized by State law. If Defendants make such an assertion, it shall provide Ohio EPA with the following: (1) the title of the document or information; (2) the date of the document or information; (3) the name and title of the author of the document or information; (4) the name and title of each addressee and recipient; (5) a general description of the contents of the document or information; and (6) the privilege being asserted by Defendants.

45. No claim of confidentiality shall be made with respect to any data or reports, including but not limited to laboratory or interpretive reports, and all sampling, analytical, and monitoring data.

46. Defendants shall preserve for the duration of this COPI and for a minimum of seven (7) years after termination of this COPI, all documents and other information within its possession or control, or within the possession or control of its contractors or agents, which in any way relate to the Work or any approved additional Work notwithstanding any document retention policy to the contrary. Defendants may preserve such documents by microfiche or other electronic or photographic device. At the conclusion of this document retention period, Defendants shall notify Ohio EPA at least sixty (60) days prior to the destruction of these documents or other information; and upon request, shall deliver such documents and other information to Ohio EPA.

47. To the extent not prohibited by statute, rule or regulation, upon request by the Defendants, Ohio EPA shall reasonably provide Defendants access to public documents related to the Site or to the Work to be performed under this COPI, including but not limited to any data or other information submitted to Ohio EPA by persons other than Defendants.

XVI. POTENTIAL FORCE MAJEURE

48. If any event occurs which causes or may cause a delay in Cyprus Amax's compliance with any requirement of this COPI, Cyprus Amax shall immediately notify the Ohio EPA Site Coordinator verbally and then in writing within fourteen (14) days from when Cyprus Amax knew, or by the exercise of reasonable due diligence should have known of the event, describing in detail the anticipated length of the delay, the cause or causes of the delay, and the measures taken or anticipated to be taken by Cyprus Amax to prevent or minimize the delay. Financial hardship and/or inability to pay, and any failure of any of Defendants to take actions necessary to carry out the requirements of this COPI because of financial hardship and/or inability to pay, shall not be considered force majeure events. If Cyprus Amax fails to give notice of a potential force majeure event to Ohio EPA as required under this Paragraph, Cyprus Amax may not assert a potential force majeure defense with respect to the event in question.

49. In any action by Plaintiff to enforce any of the provisions of this COPI, Cyprus Amax may assert the defense that its conduct was caused by circumstances beyond its control such as, by way of example and not limitation, acts of God, acts of war, and civil disturbances. While Plaintiff does not agree that such a defense exists, it is, however, agreed by Cyprus Amax and Plaintiff that it is premature at this time to raise and adjudicate the existence of such a

defense, and that the appropriate time to adjudicate the existence of such a defense is at the time Plaintiff initiates an action to enforce the provisions of this COPI.

XVII. STIPULATED PENALTIES

50. In the event that the Cyprus Amax on behalf of Defendants violates any of the requirements of this COPI, Ohio EPA may assess, and subject to Sections XVII and XVIII, Cyprus Amax shall pay, a stipulated penalty according to the following payment schedule.

- a. For each day of each failure to meet a requirement, up to thirty (30) days – Two Hundred Fifty Dollars (\$250.00) per day.
- b. For each day of each failure to meet a requirement, from thirty-one (31) days to sixty (60) days - Five Hundred Dollars (\$500.00) per day.
- c. For each day of each failure to meet a requirement, from sixty-one (61) days to ninety (90) days - Seven Hundred Fifty Dollars (\$750.00) per day.
- d. For each day of failure to meet a requirement, over ninety (90) days – One Thousand Dollars (\$1,000.00) per day.

51. Any payment required to be made under the provisions of Paragraph 50 of this COPI shall be made by delivering to Plaintiff's counsel a bank check or checks for the appropriate amounts, within fifteen (15) calendar days from the date the failure to meet the requirement of the COPI is cured, payable to the order of "Treasurer, State of Ohio" c/o Karen M. Pierson, Paralegal, or her successor, at the Office of the Ohio Attorney General, Environmental Enforcement Section, 30 East Broad Street, 25th Floor, Columbus, Ohio 43215. Defendants shall also state in writing with the payment the specific violation of the COPI alleged by Ohio EPA and the date(s) of non-compliance. The payment of stipulated penalties by Defendants and the acceptance of such stipulated penalties for specific violations of this COPI shall not be construed to limit Plaintiff's authority to seek additional relief or to otherwise seek

judicial enforcement of this COPI.

52. All penalties shall begin to accrue on the day after the complete performance is due or a violation occurs, and shall continue to accrue through the final day of the correction of the noncompliance or completion of the activity.

XVIII. COPI REQUIREMENTS ARE JOINT AND SEVERAL

53. In connection with the 1998 sale of Cyprus Foote Mineral Company to Chemetall GMBH, Cyprus Amax indemnified Chemetall for environmental liabilities at the Site. Pursuant to this indemnity, Cyprus Amax has agreed to undertake the obligations of this COPI. Nevertheless, the obligations of Cyprus Amax on behalf of Defendants to perform the Work of this COPI and to pay the amounts owed to the State under this COPI are joint and several as to Cyprus Amax and Chemetall. In the event of the insolvency, bankruptcy, or other failure of Cyprus Amax to pay the amounts owed to the State and/or to implement the Work and/or requirements of this COPI, Chemetall shall complete all such payments and/or Work and/or other requirements.

XIX. MODIFICATIONS

54. This COPI may be modified by agreement of the Parties. Modifications shall be in writing, signed by the authorized representatives of Defendants and the State of Ohio and memorialized in an order executed and entered by the judge assigned to this proceeding. Any such modifications shall be effective on the date the court enters its order approving such modifications.

XX. INDEMNITY

55. Defendants agree to indemnify, save, and hold harmless the State of Ohio from

any and all claims or causes of action arising from, or related to, the implementation of this COPI, including any acts or omissions of Defendants, their officers, employees, receivers, trustees, agents, or assigns. Said indemnification shall not apply to acts or omissions of the State of Ohio, its employees, agents or assigns at, on, upon, or related to the Site if said acts are performed outside the scope of employment or official responsibilities, or performed with malicious purpose, in bad faith, or in a wanton or reckless manner. The State shall not be considered a party to and shall not be held liable under any contract entered into by Defendants in carrying out the activities pursuant to this COPI. The State agrees to provide notice to Defendants within thirty (30) days after receipt of any claim that may be the subject of indemnity as provided in this Section, and to cooperate with Defendants in the defense of any such claim or action against the State.

XXI. OTHER CLAIMS

56. Nothing in this COPI shall constitute or be construed as a release from any claim, cause of action, or demand in law or equity against any person, firm, partnership, or corporation not a Party to this COPI for any liability arising from, or related to, events or conditions at the Site, including without limitation the State's right to seek recovery of any Past and Future Response Costs not paid by Defendants hereunder, and civil penalties for any violations that have occurred at the Site.

XXII. RESERVATION OF RIGHTS

57. The State reserves the right to seek further relief from this or any Court including, without limitation, further preliminary and/or permanent injunctive relief, claims not alleged in

the Complaint, and cost recovery for work beyond this COPI. This reservation explicitly includes the State's right to pursue an order implementing a remedy for contamination at the Site, including, without limitation, a RD/RA Order, and to seek recovery of costs for such work. This reservation also explicitly includes the State's right to seek relief for claims for damages to natural resources. Except as provided in Paragraph 58, this COPI does not waive any defenses which Defendants may have as to such further relief.

58. The State also expressly reserves, and this COPI shall be without prejudice to, any civil or criminal claims, demands, rights, or causes of action, judicial or administrative, the State may have or which may in the future accrue against Defendants or others, regardless of whether such claim, demand, right or cause of action was asserted in the Complaint. This COPI does not waive defenses that Defendants may have as to such claims, demands, rights or causes of action and the further relief reserved in Paragraph 57, except that Defendants shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims, demands, rights or causes or action raised by the State in the subsequent proceeding were or should have been brought in the instant case.

59. Nothing herein shall limit the authority of the State to undertake any action against any entity, including Defendants, to eliminate or control conditions which may present a threat to the public health, safety, welfare or environment, and to seek cost reimbursement for any such action.

60. Entering into this COPI, the COPI itself, or the taking of any action in accordance with it does not constitute an admission by Defendants of any factual or legal matters or opinions set forth herein or in the Complaint.

61. Defendants reserve all rights that they may have against any persons who are not parties to this COPI under all federal, state and local laws, except as may be set forth in a separate agreement or agreements.

XIII. NATURAL RESOURCE DAMAGES

62. Defendants agree that the time period between the Effective Date of this COPI and the completion and approval by the State of the Natural Resource Damage Assessment as part of the Feasibility Study, as set forth in Paragraphs 63 and 64 below, will not be included in computing the time periods under the statute of limitations set forth in CERCLA § 113 (g) (1), 42 U.S.C. § 9613(g)(1). Defendants agree not to assert, plead or raise in any fashion, in any such action hereafter initiated or maintained by the State of Ohio, whether by answer, motion or otherwise, any defense or avoidance based on: (a) running of the statute of limitations during the aforementioned period; or (b) laches or other principles concerning the timeliness of commencing a civil action based upon the failure of the State of Ohio to assert such claims during the aforementioned period; and the statute of limitations shall be tolled during and for such period.

63. Defendants shall collect the necessary data to be consistent with CFR Title 43, Part 11 "Natural Resource Damage Assessments," §§ 11.61, 11.62, 11.63 and 11.64, in addition to data specified in the attached SOW.

64. Defendants shall evaluate the extent to which natural resource restoration is provided by each alternative presented in the Feasibility Study, pursuant to CFR Title 43, Part 11, § 11.73. Defendants shall evaluate additional natural resource restoration alternatives as part of the Natural Resources Damage Assessment and document these findings in the Feasibility Study.

65. Independently, or concurrently with settlement of NRD claims Defendants agree to complete mitigation pursuant to the requirements of Ohio Administrative Code Section 3745-1 "Ohio Water Quality Standards, of any Federal jurisdictional or state isolated wetlands destroyed, filled, or otherwise compromised during the implementation of the Work as part of any remedy selected at the completion of the RI/FS. Any such wetland areas destroyed, filled, or otherwise compromised shall be catalogued during the RI/FS process and the total acreage of these wetlands shall be reported on the progress reports submitted to the State of Ohio.

66. The Parties shall negotiate in good faith to resolve all natural resource claims, including, but not limited to evaluations of past damages and future lost use, prior to completion of an assessment by Ohio EPA, pursuant to CFR Title 43, Part 11, §§ 11.70 et seq. If the Parties fail to reach a settlement of natural resource damages claims following good faith negotiations, the Parties reserve all rights they may have under the applicable federal statutes and regulations.

67. Notwithstanding any other provision of this COPI, any dispute concerning the scope of the data collection or the content of the findings required under this Section XXIII shall be resolved by mutual agreement of the parties or adjudication by the Court, rather than by the Dispute Resolution provisions of Section XIII.

XXIV. STAY OF LITIGATION

68. Other than for the purpose of enforcing compliance with this COPI, the Parties agree that all further proceedings in this case, including but not limited to filing answers and propounding discovery, shall be stayed as to Defendants pending further order of this Court. The State and Defendants reserve the right to move the Court to lift such stay. For purposes of filing answers pursuant to Civil Rule 12, Defendants shall have sixty (60) days to file answers after the stay is lifted.

XXV. RETENTION OF JURISDICTION

69. This Court shall retain jurisdiction of this matter for the purpose of overseeing compliance with this COPI.

XXVI. CONTRIBUTION PROTECTION

70. With respect to matters addressed in this COPI, the Parties agree that Defendants are entitled to contribution protection and claim preclusion as of the Effective Date of this COPI as to any persons who are not Parties to this COPI as provided by CERCLA Section 113(f)(2), 42 U.S.C. § 9613(f)(2), or other state or federal laws so long as Defendants comply with this COPI. The “matters addressed” in this COPI are the Work and the Past and Future Response Costs paid as required by this COPI.

71. For so long as the Defendants are in compliance with the terms of this COPI, the State shall not (i) grant contribution protection to any persons who are not Parties to this COPI for the “matters addressed” by the Defendants under this COPI, and (ii) shall not enter into a separate Consent Order with any persons who are not Parties to this COPI that otherwise

constitutes a release, covenant not to sue, or other settlement whatsoever of “matters addressed” by the Defendants. As set forth in Section XXI and XXII of this COPI, for any civil or criminal claims, demands, rights, or causes of action, judicial or administrative, the State may have against Defendants and/or any person, firm, partnership, or corporation not a Party to this COPI for any liability arising from, or related to, events or conditions at the Site that are not “matters addressed” by Defendants, the State reserves all of its rights, which may include entering into separate Consent Orders that constitute a release, covenant not to sue, or other settlement

XXVII. TERMINATION

72. Defendants’ obligations under this COPI shall terminate upon approval in writing by Ohio EPA of Defendants’ written certification to Ohio EPA that all Work required to be performed under this COPI, including any approved additional Work, and the requirements for the payment of Response Costs has been completed. Defendants’ certification shall contain the following attestation: “I certify that the information contained in or accompanying this certification is true, accurate, and complete.” This certification shall be submitted by Defendants to Ohio EPA and shall be signed by responsible officials of Defendants. The termination of Defendants’ obligations under this COPI shall not terminate Defendants’ obligations or entitlements under the Reservation of Rights, Access to Information, Indemnity, Other Claims, and Contribution Protection.

XXVIII. NEGOTIATION OF FINAL CONSENT ORDER

73. Upon termination of this COPI, the Parties agree to meet and confer in good faith concerning the negotiation of a consent order that would include, but not necessarily be limited

to, a permanent injunction implementing the Remedial Design and Remedial Action ("RD/RA") for the selected remedy and the payment of response costs related to the RD/RA. If the Parties fail to reach a settlement of such claims following good faith negotiations, the Parties reserve all rights they may have under the applicable federal statutes and regulations.

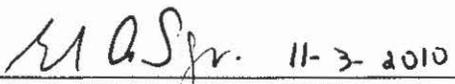

XXIX. ENTRY OF COPI AND JUDGMENT BY CLERK

74. Upon signing of this COPI by the Court, the clerk is directed to enter it upon the journal.

XXX. AUTHORITY TO ENTER INTO THE COPI

75. Each signatory for a corporation represents and warrants that he/she has been duly authorized to sign this document and so bind the corporation to all terms and conditions thereof, and that he/she submits with this COPI an authenticated and certified resolution from the corporation establishing that he/she is so empowered.

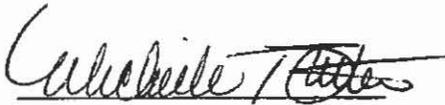

IT IS SO ORDERED AND AGREED.
